

NEIGHBOURHOOD WARDENS AREA ASSEMBLY UPDATE

GRAFFITI

The Graffiti buster is in full swing and making great inroads into the Graffiti around the Community with well over 150 separate items of graffiti being removed.

However with all the will in the world the Wardens would still be unable to identify all Graffiti blackspots in the area.

Therefore what is needed now are reports from the Community that the Wardens can act upon.

The following factors should be noted:

Is the Graffiti on electrical sub stations, Cable/Electrical/Gas Boxes

Is the place where the graffiti accessible for the machine

Will the owner of the property allow the removal?

The answers to these question depend on whether we can safely and legally remove the graffiti. If you require any further information or wish to report graffiti please contact the Warden's unit on 01709 526137

KILNHURST ROAD

The clean up has now been completed overall it took three days to complete the involvement of the children from Sandhill School was argent success with everyone joining in and a good day was had by all and each child received a small gift.

The Wardens will follow up the day with visits to the school and each child that attended will receive a certificate of involvement and the thanks of the Community.

FUNDING

No further information at this time on funding Community groups may wish to voice their concerns over the future of the service to the Council at the moment funding ends March 2004.
