The draft minutes of the previous meeting of the Rotherham Local Admissions Forum, held on 9th November, 2017, were discussed and approved in draft.

**24. MEMBERSHIP OF THE LOCAL ADMISSIONS FORUM**

Details of the current membership of the Rotherham Local Admissions Forum were noted including the new prospective member as a result of the advertisement which had been sent to schools/governing bodies etc. during the Autumn, 2017.

The Forum welcomed one new member and it was agreed that this person be appointed to the Forum in the category shown:-

Academy : Mrs. Rachel Colquhoun

The Chair welcomed Mrs. Colquhoun to the Forum for the first time.

**25. SCHOOL ADMISSIONS CONSULTATION FOR ENTRY IN THE 2019/2020 ACADEMIC YEAR - OUTCOME**

Further to a Minute of the meeting of the Local Admissions Forum held on 9th November, 2017, consideration was given to a report presented by the Principal Officer (School Organisation, Admissions and Appeals) concerning the admission arrangements (ie: criteria and admission number) which would apply for school admission in the 2019/2020 academic year.

The timetable for the year is:-

Autumn Term, 2017

| by 23 <sup>rd</sup> February, 2018  | all admission authorities to determine<br>their arrangements and notify those<br>consulted  |

The Local Admissions Forum noted that there were no proposed changes to the admission criteria for 2019/2020, nor the 'relevant area' for the purposes of admissions consultation.

The report made reference to the admission of children outside their normal age group, circumstances which could apply, for example, to children suffering ill health. In addition, the parents of a Summer-born child may choose not to send their child to school until the September after the child's fifth birthday and parents may therefore request that the child is admitted out of the normal age group.

The Local Admissions Forum noted that the current practice of co-ordinating in-year school admissions, with neighbouring local authorities, will continue even though there is no specific statutory requirement to do so. For 2019/2020, there would be a few minor date changes to the co-ordinated schemes.

Included within the report were details of each school and academy's proposed admission number for 2019/2020 (appendix two of the report submitted).

The 'waiting lists' which are kept for pupils' first admission to Primary and to Secondary schools will continue to be maintained only until the end of the Autumn Term.

Agreed:- (1) That the report be received and its contents noted.

(2) That the arrangements for admission to schools in the Rotherham Borough area, for the 2019/2020 academic year, as now submitted, be approved.

**26. UPDATE ON ADMISSIONS AND SECONDARY SCHOOL ALLOCATIONS FOR SEPTEMBER, 2018**

The Local Admissions Forum received an update about the school admissions and allocations process for new entrants to primary schools (Reception/Foundation Stage 2) and to secondary schools (Year 7) at the beginning of the 2018/2019 academic year beginning in September, 2018.

The National Offer Day for secondary schools was Thursday 1 March 2018 and the National Offer day for primary schools was Monday 16 April 2018.

It was noted that many more applications were now being submitted online, via the Local Authority's Internet web site. The expected pattern of applications for places at the most popular schools was occurring as in previous years.

A brief explanation was also provided of the method of assessing parental preferences for school places. It was noted that the application forms were not anonymised (a question on this issue had arisen during a school admission appeal heard in 2017).

Agreed:- That the information be noted.

#### **27. SCHOOL ORGANISATION - UPDATE**

Further to Minute No. 8 of the meeting of the Local Admissions Forum held on 29th June, 2017, updated information was reported about the various school expansions and about the first of the two primary schools to be constructed within the Waverley community (this primary school would open in September 2020). A plan of the Waverley community, showing the location of the primary school sites, was displayed at the meeting.

Agreed:- That the information be noted.

#### **28. SCHOOL TERM DATES CONSULTATION FOR 2019/2020 - UPDATE**

Further to a Minute of the meeting of the Rotherham Local Admissions Forum held on 9th November, 2017 the Principal Officer (School Organisation, Admissions and Appeals) reported on the progress of the consultation about School Term dates for the 2019/2020 academic year, with particular reference to the stated intention of one neighbouring local authority in respect of the placement of the two weeks' Easter school holidays in the first two weeks of April during both the 2018/19 and the 2019/2020 academic years. The consultation process was still in progress and included Councillors, school governing bodies, trades unions and other stakeholders.

Agreed:- That the progress of the consultation process about School Term dates be reported at the next meeting of the Local Admissions Forum.

**29. FAIR ACCESS PROTOCOL - UPDATE**

Further to a Minute of the meeting of the Rotherham Local Admissions Forum held on 9th November, 2017, discussion took place on the progress of Rotherham's Primary and Secondary School's Fair Access Protocol.

The Local Admissions Forum heard that the School's Fair Access Protocol was used to facilitate the individual assessment of pupils who did not have a school place and for whom the statutory processes (ie: parents' applications and appeals) had previously been determined. This Protocol was also used for pupils attending the Local Authority's Pupil Referral Units and for whom a return to mainstream school was considered to be appropriate.

Reference was made to the Social, Emotional and Mental Health partnership model, in respect of secondary schools, which had begun operating during January 2018. There were three separate partnerships covering the whole of the Rotherham Borough area and if a specific case could not be resolved at area level, there would be reference-up to the Borough-wide Fair Access Panel.

Agreed:- That the information about the Fair Access Protocol be noted.

**30. ACADEMY CONVERSIONS AND MULTI ACADEMY TRUSTS - UPDATE**

The current position, as at January, 2018 and listed on the submitted reports, of Rotherham schools which had converted, or were about to convert, to Academies was noted.

**31. EXCLUSION OF THE PRESS AND PUBLIC**

Agreed:- That, under Section 100A(4) of the Local Government Act 1972, the press and public be excluded from the meeting for the following item of business on the grounds that it involves the likely disclosure of exempt information as defined in Paragraph 2 of Part I of Schedule 12A to the Local Government Act 1972 (information which is likely to reveal the identity of an individual).

**32. SCHOOL ADMISSION APPEALS - UPDATE AND STATISTICS**

Consideration was given to a report containing statistics of the number of school admission appeals received and hearings taking place during the three school years 2015/2016, 2016/2017 and 2017/18. The report included comparative statistics of the number of admission appeals received and heard each year during the past decade from 2006/07 and also the number of complaints about admission appeals made to the Local Government Ombudsman and to the Education and Skills Funding Agency (and the outcomes of those complaints) during the same decade.

The continuing increases in the number of appeals for primary school places and also for places at faith schools were highlighted.

Agreed: That the statistical report be received and its contents noted.

**33. DATE OF NEXT MEETING**

Agreed:- That the next meeting of the Rotherham Local Admissions Forum be held at the Town Hall, Rotherham on Thursday, 28th June, 2018, commencing at 10.00 a.m.

## Introduction

Section 88P of the School Standards and Framework Act 1998 (the Act) requires every local authority to make an annual report to the adjudicator. The Chief Adjudicator then includes a summary of these reports in her annual report to the Secretary for State for Education. The School Admissions Code (the Code) sets out the requirements for reports by local authorities in paragraph 6. Paragraph 3.23 specifies what must be included as a minimum in the report to the adjudicator and makes provision for the local authority to include any other issues. The report **must** be returned to the Office of the Schools Adjudicator by **30 June 2018**.

The report to the Secretary of State for 2017 highlighted that at the normal points of admission the main admissions rounds for entry to schools work well. The Chief Adjudicator expressed less confidence that the needs of children who need a place outside the normal admissions rounds were so well met. In order to test this concern, local authorities are therefore asked to differentiate their answers in this year's report between the main admissions round and in year admissions<sup>1</sup>. The order of this template for the annual report by local authorities reflects this.

- iv. Please give examples of good or poor practice or difficulties which support your answer, and provide any suggestions for improvement:

All Y6-Y7 transitions have school places in good or outstanding schools and all our Looked After Children have places in the school's that are requested. This is supported by Virtual School transition advocate presence in termly Personal Education Plans and ensuring that admission requests are sent through in advance of deadlines and that both schools are present at transition PEP meetings to plan a positive transition. This is the case both in and out of authority. As yet VS have no data on post LAC transitions.

**D. Special educational needs and disabilities**

- i. How well served are children with disabilities and/or special educational needs who have an education health and care plan or a statement of special educational needs that names a school at normal points of admission?

Not at all    Not well    Well    Very well    Not applicable

- ii. How well served are children with disabilities and/or special educational needs who do not have an education health and care plan or a statement of special educational needs at normal points of admission?

Not at all    Not well    Well    Very well    Not applicable

iii. Please give examples of good or poor practice or difficulties which support your answer, and provide any suggestions for improvement.  
A high percentage of children are positively admitted into school at both Special Educational Need Support and Education Health Care Plan phases.

## 2. In year admissions

**A. The number of in year admissions.** We are asking for two years' data for comparative purposes. If you do not have the data for the year 1/9/16 to 31/8/17 available, please still provide the data for 1/9/17 to 31/3/18.

| Number of in year admissions between 1/9/17 and 31/3/18  | 730  | 311  |
| Number of in year admissions between 1/9/16 and 31/8/17  | 1242   | 491  |
| The reasons for children seeking in year admission will vary across the country. What do you consider to be the main reasons in your area? | Moved within Rotherham<br>Moved from outside Rotherham<br>Moved from Overseas<br>Unhappy at/with current school<br>Bullying<br>Looked after children | Moved within Rotherham<br>Moved from outside Rotherham<br>Moved from Overseas<br>Unhappy at/with current school<br>Bullying<br>Looked after children |

ii. The Code requires the setting of a published admission number (Published Admission Number) for each normal year of entry. In the annual reports for 2017 several local authorities referred to problems in relation to in year admissions when schools which are their own admission authority refuse to admit applicants even if the year group concerned contains fewer children than the relevant PAN suggested could be accommodated. This was referred to sometimes as 'capping' in-year admissions and local authorities observed that it reduced the number of places available below that anticipated by the local authority. Please comment on your experience as a local authority.

There is an increasing problem of schools/academies refusing when below PAN. Impact is children out of school for longer than necessary particularly where there are repeated refusals from schools in their area and then having to wait for the appeals process to determine outcomes and the potential for referral under Fair Access process if appeal unsuccessful.

Reasons for refusal include:

Only one class for this year group (however surplus places below PAN) an example would be 30 children on roll so school has put them in one class however PAN is higher (e.g. 40+) but school unwilling/unable to split classes and will therefore refuse any additional applicants.

Unable to meet the child's needs - due to demands on resources within the school; number of children already requiring support; deficit budget and potential staff redundancies etc....

School of concern/ Ofsted category – schools requesting block on admissions for a period of time citing this reason.

**B. Co-ordination of in year admissions**

i. To what proportion of community and voluntary controlled schools does the local authority delegate responsibility for in year admissions?

- a) Primary:     Not applicable     None  Minority     Majority  All
- b) Secondary:  Not applicable     None  Minority     Majority  All
- c) All-through:  Not applicable     None  Minority     Majority  All

d) What do you consider to be the advantages and disadvantages of delegating responsibility for in year admissions (where applicable)?

No advantage to delegating as it makes it difficult to monitor movement of children within the borough. Data from schools to central pupil database is also not always accurate and updated. Co-ordinating admissions to and from a central point makes it easier for parents, schools and admissions to track if an application has been received and a decision made.

ii. For what proportion of own admission authority schools does the local authority co-ordinate in year admissions?

- a) Primary:     Not applicable     None  Minority     Majority  All
- b) Secondary:  Not applicable     None  Minority     Majority  All
- c) All-through:  Not applicable     None  minority     Majority  All

d) What do you consider are the advantages and disadvantages of the local authority co-ordinating in year admissions (where applicable)?

Co-ordinating admissions to and from a central point makes it easier for parents, schools and admissions to track if an application has been received and a decision made. Also helps track the movement of children in and around the Borough and for Children Missing Education and safeguarding purposes. There has been an increase in the number of cases where schools/academies are not notifying the Local Authority of admission requests and transfers as per the local co-ordination agreement.

**C. Looked after children and previously looked after children**

i. How well do in year admission arrangements in your local authority area serve the interests of looked after children?

Not at all    Not well    Well    Very well    Not applicable

ii. How well do the in year admission arrangements in other local authority areas serve the interests of your looked after children?

Not at all    Not well    Well    Very well    Not applicable

iii. How well do in year admission arrangements in your local authority area serve the interests of previously looked after children?

Not at all    Not well    Well    Very well    Not applicable

vii. Please give examples of good or poor practice or difficulties which support your answer, and provide any suggestions for improvement:

In Authority, in year transitions are more difficult, as school's often prefer not to take more complex young people. However, through the Social Emotional Mental Health partnership work, and strategic oversight of admissions these barriers are, in most cases, removed in a timely manner. However, we have had young people in the latter half of Y11 who we have returned to our authority and have not been able to be placed in schools and have remained off roll.

Out of authority, particularly in Secondary the situation is far more concerning. Young people with high levels of SEMH needs, but no EHCP are increasingly difficult to place. Lack of provision to meet need within schools or Alternative provisions are the key reason for this. Schools often take a long time to respond and refuse to take. VS has to increasingly offer high levels of financial support to a receiving school to fund additional staffing to meet need and support EHCP applications. It often takes between half a term and a full term after a move to achieve full time on roll status in an out of authority school.

**D. Children with disabilities and children with special educational needs**

- i. How well served are children with disabilities and/or special educational needs who have an education health and care plan or a statement of special educational needs that names a school when they need to be admitted in year?

Not at all  Not well  Well  Very well  Not applicable

- ii. How well served are children with disabilities and/or special educational needs who do not have an education health and care plan or a statement of special educational needs when they need to be admitted in year?

Not at all  Not well  Well  Very well  Not applicable

- iii. Please give examples of good or poor practice or difficulties which support your answer, and provide any suggestions for improvement:

A high percentage of children are positively admitted into school at both SEN Support and EHC Plan phases.

In year admissions are on the whole positively accepted for children with EHC Plans following agreement at formal consultation.

### E. Other children

- i. How well served are other children when they need to be admitted in year?

Not at all  Not well  Well  Very well  Not applicable

- ii. Paragraph 3.12 of the Code - several local authorities referred to paragraph 3.12 in their annual report for 2017 stating that this was being used "*inappropriately*" by some admission authorities. Please could you comment on your experience as a local authority:

There is an increasing problem of schools/academies refusing when below PAN citing challenging behaviour of the child or pressures within the cohort. Impact is children out of school for extended periods of time due to repeated refusals from schools in their area then having to wait for appeals process to determine outcomes and the subsequent referral under Fair Access process if appeal unsuccessful. (see also A(ii))

## 3. Fair Access Protocol

- A. Has your Fair Access Protocol been agreed with the majority of state-funded mainstream schools in your area?

Yes for primary

E. How well do you consider hard to place children are served by the Fair Access Protocol in your area?

Not at all    Not well    Well    Very well    Not applicable

F. Please explain your answer giving examples of good and poor practice, successes and difficulties as appropriate.

This year, all primary age pupils have been allocated school places via the admissions and appeals route therefore, it has not been necessary to use the Fair Access Protocol. Previously, we have used the Protocol. We found that when we built a brand new primary school in the centre of Rotherham it alleviated much of the pressure for primary school places within this part of the borough.

With regard to secondary age pupils, they are considered under the Fair Access Protocol and they are allocated either a school placement or alternative provision. Some cases are complex and require more bespoke educational provision. In Rotherham, all secondary schools/academies are within one of the three local partnerships Social Emotional and Mental Health Pupil Management Groups. In January, 2018, following consultation, it was agreed to refer Fair Access Cases onto the specific partnership for that area for the school representatives to make recommendations about appropriate provision. Schools/academies work together to put forward solutions. Any pupil potentially requiring

alternative provision in a PRU is referred onto the Borough Wide Strategic Fair Access Panel. The Strategic Panel also has an overview, monitoring the decisions of the local partnerships and making binding decisions about placements where necessary.

#### 4. Directions

A. How many directions did the local authority make between 31 March 2017 and 31 March 2018 for children in the local authority area?

## 6. Electively home educated children

A. How many children were recorded as being electively home educated in the local authority area on 29 March 2018?

171

B. Any comments to make relating to admissions and children electively home educated?

- 171 in Y0-Y11 who are of Compulsory School Age.
- First Rotherham Flexi-Schooling case recorded June 2018. Aware that:
  - Other LAs in region are beginning to report a small number of Flexi-schooling agreements.
  - Flexi-Schooling is being actively advertised by a primary school in a neighbouring LA so that learners don't receive full-time education in school and parents have freedom of choice for activities during EHE days. Schools maintain accountability for results and claim funding.

## 7. Other matters

Are there any other matters that the local authority would like to raise that have not been covered by the questions above?

Nil return.

## 8. Feedback on the Local Authority Report template

In previous years we have asked for feedback on the process of completing the template in the following November to inform what is asked in the following year. We are aware that it may be easier to provide feedback on providing information for the annual report at the time rather than later. We would therefore be grateful if you could provide any feedback on completing this report to inform our practice for 2019.

Nil return.

Thank you for completing this template.
