**Consideration of an application (made in accordance with s.34 of the Licensing Act 2003) for the variation of a Premises Licence at Deer Park Farm Retail Village, Doncaster Road, Thrybergh, Rotherham, S65 4BH.**

**1. Background**

1.1 An application has been made by Deer Park Farm Retail Village Limited to vary the premises licence in place at Deer Park Farm Retail Village, Doncaster Road, Thrybergh, Rotherham, S65 4BH. The location of the premises is shown at Appendix 1.

1.2 The premises currently has the benefit of a Premises Licence (number P1030), a copy of which is attached as Appendix 2. In summary, the licence permits:

The retail sale of alcohol (for consumption on and off the premises) between the following hours:

Monday to Saturday	1000hrs to 2100hrs
Sunday	1100hrs to 2100hrs

These hours match the stated opening times of the premises.

1.3 The application is to vary the hours during which alcohol can be sold, and to amend the area covered by the licence. The full application form is attached to this report as Appendix 3.

1.4 There is a prescribed period of 28 days following the submission of an application during which time interested parties / responsible authorities may submit representations in relation to the application.

1.5 At the end of the prescribed period, five representations had been received from nine local residents:

- K and K D - residents of Arran Hill, Thrybergh
- Mr and Mrs J - residents of Arran Hill, Thrybergh
- Mr and Mrs H - residents of Arran Hill, Thrybergh
- M H - a resident of Arran Hill, Thrybergh
- Mr and Mrs W - residents of Church View, Thrybergh

1.6 In addition to the above, comments were received from Rotherham MBC Environmental Health and a number of additional conditions were proposed by the Council's Licensing Service – these proposed conditions were agreed by the applicant and will be added to the licence should the variation be approved.

## 2. Key Issues

### The application

- 2.1 The applicants are seeking a variation to the licence as follows (**emphasis added to show key elements of the variation**):

The retail sale of alcohol (for consumption on and off the premises) between the following hours:

Monday to Saturday	1000hrs to 2100hrs
Sunday	1100hrs to 2100hrs

**(the applicant has stated that the sale of alcohol in the retail shop / deli will cease at 1700hrs except during November and December when the sale will continue to the terminal hour given above)**

**The inclusion of other parts of the premises within the licensable area, including a recently developed unit referred to as a “micro pub”. This development represents a significant change to the activities carried on at the premises. The applicant has noted that alcohol will be consumed in external areas of the premises and has marked these on the plan that accompanies the application.**

### Conditions agreed with Rotherham MBC Licensing Service

The applicant has engaged with the Council's Licensing Service and has agreed a number of conditions that are considered appropriate for the promotion of the Licensing Objectives. Further detail is provided at Appendix 4 to this report.

The conditions detailed in Appendix 4 will be added to the licence should the Sub-Committee decide to grant the application under consideration.

### Comments received from Rotherham MBC Environmental Health

The Council's Environmental Health Service have reviewed the application and have chosen not to submit a representation but have recommended a number of actions that should be taken by the applicant to reduce the likelihood of noise emanating from the premises and affecting local residents. Full details of the comments made can be found at Appendix 5 to this report.

The comments made by Environmental Health should be considered by the Sub-Committee, however it is important to note that the recommendations detailed in Appendix 5 will not result in conditions being added to the licence unless the Sub-Committee consider it appropriate to add them at the hearing (with or without the applicant's consent).

Representations received

- 2.2 Five representations have been received from local residents, these are summarised below:
- 2.3 The representation from K and K D (residents of Arran Hill) cite the following concerns:
- Noise nuisance.
  - Potential for crime and disorder.
- 2.4 The representation from Mr and Mrs J (residents of Arran Hill) cite the following concern:
- Noise nuisance.
- 2.5 The representation from Mr and Mrs H (residents of Arran Hill) cite the following concerns:
- Noise, odour and light nuisance.
  - Lack of confidence in management at the premises (due to previous failures to adhere to licensing requirements).
  - Access to the premises by children.
  - Potential for crime and disorder.
- 2.6 The representation from M H (resident of Arran Hill) cite the following concern:
- Noise and light nuisance.
- 2.7 The representation from Mr and Mrs W (residents of Church View) cite the following concerns:
- Noise, odour and light nuisance.
  - Potential for crime and disorder.
  - Lack of confidence in management at the premises (due to previous failures to adhere to licensing requirements).
  - Access to the premises by children.
- 2.8 Full details of the above representations can be found at Appendix 6. Please note that elements of the representations have been redacted as they do not relate to the Licensing Objectives and / or the licensable activity that is the subject of the application that is being considered.

- 2.9 Those that have made representations have been invited to the hearing today and if attending will be given the opportunity to address the Sub-Committee in relation to the matters of concern.
- 2.10 Members of the Sub-Committee should give full consideration of the issues raised by an interested party when determining the application.
- 2.11 No representations have been received from Responsible Authorities in relation to this application.

### Important considerations in relation to Regulated Entertainment

- 2.12 The applicant has not indicated an intention for there to be live and / or recorded music at the premises, it is however important that the following information is brought to the attention of the Licensing Committee.
- 2.13 There are a number of exemptions that mean that a licence (or other authorisation) under the 2003 Act is not required. The following activities are examples of entertainment which are not licensable:
- Incidental music – the performance of live music or the playing of recorded music if it is incidental to some other activity (see below).
  - A spontaneous performance of music, singing or dancing.
  - Stand-up comedy.
- 2.14 Whether or not music is “incidental” to another activity will depend on the facts of each case. In considering whether or not live or recorded music is incidental, one relevant factor could be whether, against a background of the other activities already taking place, the addition of music will create the potential to undermine the promotion of one or more of the four licensing objectives of the 2003 Act. Other factors might include some or all of the following:
- Is the music the main, or one of the main, reasons for people attending the premises and being charged?
  - Is the music advertised as the main attraction?
  - Does the volume of the music disrupt or predominate over other activities, or could it be described as ‘background’ music?
- 2.15 In addition to the above, as a result of deregulatory changes that have amended the 2003 Act, no licence is required for the following activities:
- Live music: no licence permission is required for:
    - a performance of unamplified live music between 08.00 and 23.00 on any day, on any premises.
    - a performance of amplified live music between 08.00 and 23.00 on any day on premises authorised to sell alcohol for consumption on those premises.

- a performance of amplified live music between 08.00 and 23.00 on any day, in a workplace that does not have a licence, provided that the audience does not exceed 500 (a workplace could include an external area to a licensed premises – for example a beer garden or other outdoor space provided for patrons to consume alcohol).
- Recorded Music: no licence permission is required for:
  - any playing of recorded music between 08.00 and 23.00 on any day on premises authorised to sell alcohol for consumption on those premises, provided that the audience does not exceed 500.

2.16 The deregulatory changes mean that, for example, a performance of live music taking place between 07.00 and 23.30 on a particular day is licensable in respect of activities taking place between 07.00-08.00 and 23.00-23.30. Similarly, where the audience for a performance of recorded music, those activities are licensable if, and for so long as, the number of people in the audience exceeds 500.

2.17 Anyone involved in the organisation or provision of entertainment activities – whether or not any such activity is licensable under the 2003 Act – must comply with any applicable duties that may be imposed by other legislation relevant to the event (e.g. in areas such as crime and disorder, fire, health and safety, noise, nuisance and planning). Any such person should take steps to be aware of relevant best practice and may find responsible authorities a useful source of expert support and advice.

2.18 If the Licensing Committee grant the licence, and the licence includes permission for the retail sale of alcohol, then any live or recorded music taking place at the premises (subject to the above requirements) will not be licensable between the hours of 0800hrs and 2300hrs. In addition, any conditions that are applied to live or recorded music will not be effective during these hours (subject to certain conditions being met). Further detail in relation to conditions is contained within section 3 of this report.

### **3. Options available to the Licensing Sub-Committee**

3.1 A licensing authority must carry out its functions under the Licensing Act with a view to promoting the licensing objectives:

- the prevention of crime and disorder
- public safety
- the prevention of public nuisance
- the protection of children from harm

- 3.2 In considering this matter, the Committee should take into account any representations or objections that have been received from responsible authorities or other persons, and representations made by the applicant or premises user as the case may be. In reaching the decision, regard must also be had to relevant provisions of the national guidance and the Council's licensing policy statement. In relation to this application, the options available to the Committee are:
- To grant the variation of the licence subject to the conditions consistent with the operating schedule accompanying the application, which the Panel may modify to such extent as they consider appropriate; or
  - To reject the whole or part of the application for variation (which may include the omission of certain licensable activities from the licence).
- 3.3 The statutory guidance makes it clear that Licensing authorities are best placed to determine what actions are appropriate for the promotion of the licensing objectives in their areas. All licensing determinations should be considered on a case-by-case basis. They should take into account any representations or objections that have been received from responsible authorities or other persons, and representations made by the applicant or premises user as the case may be.
- 3.4 The authority's determination should be evidence-based, justified as being appropriate for the promotion of the licensing objectives and proportionate to what it is intended to achieve.
- 3.5 Determination of whether an action or step is appropriate for the promotion of the licensing objectives requires an assessment of what action or step would be suitable to achieve that end. While this does not therefore require a licensing authority to decide that no lesser step will achieve the aim, the authority should aim to consider the potential burden that the condition would impose on the premises licence holder (such as the financial burden due to restrictions on licensable activities) as well as the potential benefit in terms of the promotion of the licensing objectives. However, it is imperative that the authority ensures that the factors which form the basis of its determination are limited to consideration of the promotion of the objectives and nothing outside those parameters. The licensing authority should consider wider issues such as other conditions already in place to mitigate potential negative impact on the promotion of the licensing objectives and the track record of the business (if appropriate).
- 3.6 The licensing authority is expected to come to its determination based on an assessment of the evidence on both the risks and benefits either for or against

making the determination. Conditions may be placed on the licence – further information in relation to conditions is provided later in this report.

- 3.7 All licensing determinations should be considered on the individual merits of the application. The authority's determination should be evidence-based, justified as being appropriate for the promotion of the licensing objectives and proportionate to what it is intended to achieve. Findings on any issues of fact should be on the balance of probability.
- 3.8 It is important that a licensing authority should give comprehensive reasons for its decisions in anticipation of any appeals. Failure to give adequate reasons could itself give rise to grounds for an appeal.

### Conditions

- 3.9 Conditions include any limitations or restrictions attached to a licence or certificate and essentially are the steps or actions that the holder of the premises licence or the club premises certificate will be required to take or refrain from taking in relation to the carrying on of licensable activities at the premises in question. Failure to comply with any condition attached to a licence or certificate is a criminal offence, which on conviction is punishable by an unlimited fine or up to six months' imprisonment. The courts have made clear that it is particularly important that conditions which are imprecise or difficult for a licence holder to observe should be avoided.
- 3.10 There are three types of condition that may be attached to a licence or certificate: proposed, imposed and mandatory. Each of these categories is described in more detail below.

### Proposed conditions

- 3.11 The conditions that are appropriate for the promotion of the licensing objectives should emerge initially from the risk assessment carried out by a prospective licence or certificate holder, which they should carry out before making their application for a premises licence or club premises certificate. This would be translated into the steps recorded in the operating schedule or club operating schedule, which must also set out the proposed hours during which licensable activities will be conducted and any other hours during which the premises will be open to the public.
- 3.12 It is not acceptable for licensing authorities to simply replicate the wording from an applicant's operating schedule. A condition should be interpreted in accordance with the applicant's intention.

Consistency with steps described in operating schedule

- 3.13 The 2003 Act provides that where an operating schedule or club operating schedule has been submitted with an application and there have been no relevant representations made by responsible authorities or any other person, the licence or certificate must be granted subject only to such conditions as are consistent with the schedule accompanying the application and any mandatory conditions required under the 2003 Act.
- 3.14 Consistency means that the effect of the condition should be substantially the same as that intended by the terms of the operating schedule. If conditions are broken, this may lead to a criminal prosecution or an application for a review and it is extremely important therefore that they should be expressed on the licence or certificate in unequivocal and unambiguous terms. The duty imposed by conditions on the licence holder or club must be clear to the licence holder, club, enforcement officers and the courts.

Imposed conditions

- 3.15 The licensing authority may not impose any conditions unless its discretion has been exercised following receipt of relevant representations and it is satisfied as a result of a hearing (unless all parties agree a hearing is not necessary) that it is appropriate to impose conditions to promote one or more of the four licensing objectives. In order to promote the crime prevention licensing objective conditions may be included that are aimed at preventing illegal working in licensed premises.
- 3.16 It is possible that in some cases no additional conditions will be appropriate to promote the licensing objectives.

Conditions relating specifically to live and recorded music

- 3.17 Any existing licence conditions (or conditions added on a determination of an application for a premises licence) which relate to live music or recorded music remain in place, but are **suspended** between the hours of 08.00 and 23.00 on the same day where the following conditions are met:
- at the time of the music entertainment, the premises are open for the purposes of being used for the sale or supply of alcohol for consumption on the premises;
  - if the music is amplified, it takes place before an audience of no more than 500 people; and
  - the music takes place between 08.00 and 23.00 on the same day.

- 3.18 Whether a licence condition relates to live or recorded music will be a matter of fact in each case. In some instances, it will be obvious that a condition relates to music and will be suspended, for example “during performances of live music all doors and windows must remain closed”. In other instances, it might not be so obvious: for example, a condition stating “during performances of regulated entertainment all doors and windows must remain closed” would be suspended insofar as it relates to music between 08.00 and 23.00 on the same day to an audience of up to 500, but the condition would continue to apply if there was regulated entertainment after 23.00.
- 3.19 More general licence conditions (e.g. those relating to overall management of potential noise nuisance) that are not specifically related to the provision of entertainment (e.g. signage asking patrons to leave quietly) will continue to have effect.
- 3.20 Licence conditions imposed for live or recorded music activities will only apply if the activity meets the criteria of having more than 500 people present, and / or the activities are taking place between 23.00 and 08.00.
- 3.21 These conditions will, in effect, be suspended between 08.00 and 23.00 if a performance of live music or the playing of recorded music takes place before an audience of 500 people or fewer, but will remain on the face of the licence for when these activities may take place under other circumstances.
- 3.22 Where a performance of live music or the playing of recorded music on relevant licensed premises is not licensable, it remains possible for anyone to apply for a review of a licence or certificate, if there are appropriate grounds to do so.
- 3.23

### Proportionality

- 3.24 The 2003 Act requires that licensing conditions should be tailored to the size, type, location and characteristics and activities taking place at the premises concerned. Conditions should be determined on a case-by-case basis and standardised conditions which ignore these individual aspects should be avoided. For example, conditions should not be used to implement a general policy in a given area such as the use of CCTV, polycarbonate drinking vessels or identity scanners where they would not be appropriate to the specific premises. Conditions that are considered appropriate for the prevention of illegal working in premises licensed to sell alcohol or late night refreshment might include requiring a premises licence holder to undertake right to work checks on all staff employed at the licensed premises or requiring that a copy of any document checked as part of a right to work check is retained at the licensed premises. Licensing authorities and other responsible authorities should be alive to the indirect costs that can arise because of conditions. These

could be a deterrent to holding events that are valuable to the community or for the funding of good and important causes. Licensing authorities should therefore ensure that any conditions they impose are only those which are appropriate for the promotion of the licensing objectives.

### **4. Consultation**

- 4.1 The application has been subject to the statutory consultation process involving a newspaper advertisement and display of public notices in the vicinity of the site for 28 days.
- 4.2 The public consultation period ran until 9<sup>th</sup> August 2021, all representations received by this date have been included in this report.
- 4.3 All Responsible Authorities, relevant ward members, and the Town / Parish Council have been notified of the application and all statutory requirements in relation to notification requirements have been complied with.

### **5. Timetable and Accountability for Implementing this Decision**

- 5.1 Any decision made by the Licensing Sub-Committee does not have effect until:
  - the end of the period given for appealing against the decision; or
  - if the decision is appealed, until the appeal is disposed of.
- 5.2 An appeal may be lodged by either the applicant or a party to the hearing that has made a relevant representation.
- 5.3 Parties to the hearing must be informed of the decision within 5 working days of the hearing (or within 5 working days from the last day of the hearing if it takes place over multiple days).

### **6. Financial Implications**

- 6.1 There are no specific financial implications arising from this application.
- 6.2 However, additional costs may be incurred should the matter go to appeal. In such an eventuality it may not be possible to recover all of the costs incurred. The impact of these additional costs (if any) will therefore need to be met from within existing revenue budgets.

### **7. Legal Advice and Implications**

- 7.1 A Council Solicitor will be in attendance at the hearing to provide appropriate legal advice to the Licensing Sub-Committee in relation to specific aspects of the application / hearing, however the advice below is generally applicable to all applications.
- 7.2 Hearings under the Licensing Act 2003 operate under the Licensing Act 2003 (Hearings) Regulations 2005 (as amended).
- 7.3 In accordance with Regulation 18 of the Licensing Act 2003 (Hearings) Regulations 2005, the authority may take into account documentary or other information produced by a party in support of their application, representations or notice either before the hearing or, with the consent of all parties, at the hearing.
- 7.4 The Panel may accept hearsay evidence and it will be a matter for the Licensing Sub-Committee to attach what weight to it that they consider appropriate. Hearsay evidence is evidence of something that a witness neither saw nor heard but has heard or read about.
- 7.5 The Secretary of State's guidance to the Licensing Act 2003 is provided to licensing authorities in relation to the carrying out of their functions under the 2003 Act. It also provides information to magistrates' courts hearing appeals against licensing decisions and has been made widely available for the benefit of those who run licensed premises, their legal advisers and the general public. It is a key medium for promoting best practice, ensuring consistent application of licensing powers across England and Wales and for promoting fairness, equal treatment and proportionality.
- 7.6 Section 4 of the 2003 Act provides that, in carrying out its functions, a licensing authority must 'have regard to' guidance issued by the Secretary of State under section 182. The guidance is therefore binding on all licensing authorities to that extent. However, the guidance cannot anticipate every possible scenario or set of circumstances that may arise and, as long as licensing authorities have properly understood this guidance, they may depart from it if they have good reason to do so and can provide full reasons.
- 7.7 In addition to the above, members are reminded that all decisions must be taken in accordance with the Council's Statement of Licensing Policy (adopted 3<sup>rd</sup> June 2020).
- 7.8 Departure from the guidance and / or Statement of Licensing Policy could give rise to an appeal or judicial review, and the reasons given will then be a key consideration for the courts when considering the lawfulness and merits of any decision taken.

## **8. Risks and Mitigation**

- 8.1 The statutory requirements in relation to the consideration of this application are detailed in this report. It is essential that the Sub-Committee act in accordance with these statutory provisions and take account of statutory guidance.
- 8.2 Failure to do this exposes the Council to significant risk of legal challenge, the consequences of which could result in financial and / or reputational damage to the Council.
- 8.3 Members are therefore urged to fully consider the information in this report when making a decision regarding this application, and to ensure that any decision made is justifiable, proportionate and based on the promotion of one or more of the Licensing Objectives.
- 8.4 Council officers are present at the meeting today and can provide additional advice to members of the Sub-Committee should this be required. In addition, a copy of the statutory guidance and Statement of Licensing Policy is available for members to review should they wish to do so.

I write with reference to the above application to which I received consultation papers on 13 July 2021, and would report as follows-

A site visit was made to the newly converted micro bar at Deer Park Retail Village on 19<sup>th</sup> July 2021.

The bar has no openable windows and has a lobby space between the main front door and internal door, therefore no significant noise breakout is anticipated.

The nearest noise sensitive receptors to the application site are residential dwellings on Arran Hill and Church View.

A noise break out test was carried out by ENS on 4<sup>th</sup> June 2021, an internal noise level of 90 dB LAeq, T was generated within the bar using a diffuse white noise source (note: this is significantly above that expected to occur within the premises, however, such levels were generated in order to attempt to measure the corresponding noise level externally). The bar has non-openable windows, however, noise breakout measurements were undertaken with the external doors open.

Noise measurements were undertaken at the nearest noise sensitive receptor. As anticipated, noise breakout at the nearest noise sensitive receptor was subjectively inaudible, with road traffic on the A630 remaining wholly dominant. On this basis, the

## **APPENDIX 5**

breakout of internal noise within the bar is not considered further within the assessment.

Air conditioning has been installed in the bar as there is no natural ventilation, apart from the front door.

There is to be no live music/events in the bar, only low-level background music from the wall mounted television.

The proposed opening times for the bar are 10.00am to 21.00hrs with outdoor seating to the front and side of the bar.

**It is recommended that the proposed opening times to the micro bar are restricted to 10.00am to 21.00pm to protect the local residents from any unwanted noise.**

**The double doors to the micro bar should be closed at all times to prevent any breakout of noise from the bar and to protect the local residents from any unwanted noise.**

**Signage in the bar should be clearly visible to the customers to remind them of respecting the local residents when leaving the bar.**

Should you require any further information regarding this application, please do not hesitate to contact me.

Good Afternoon

My Husband my [REDACTED] son and myself live at [REDACTED] Arran Hill Thrybergh.  
We share a boundary with the Deer Park Village [REDACTED]  
[REDACTED]

I'm writing to you today regarding the proposed micro pub and outdoor seating which we strongly object to!

### THE PREVENTION OF PUBLIC NUISANCE

The level of noise from customers currently coming and going to the Deli/Antiques and the Tea Rooms is significantly alarming you can here customers arrive opening and closing car doors, talking.

I can only imagine how this will increase if the micro pub is granted.

The noise disturbance from the traffic alone is an absolute NUISANCE and if this was to carry on till 10pm at night is disgusting.

Also my [REDACTED] sons bedroom is facing the car park so can hear every car!!

### PROTECTION OF PUBLIC SAFETY

[REDACTED]

### THE PROTECTION OF CHILDREN FROM HARM

[REDACTED]

### THE PREVENTION OF CRIME AND DISORDER

The increased activity on Arran Hill and Doncaster Road by the public increases the risk of crime and disorder.

Breach of peace, assaults domestic abuse drugs  
Alcohol abuse..

## **APPENDIX 6**

We ask the Licencing board at RMBC to seriously consider all above and not grant the licence to Deer Park Village.  
Please consider our health's and well being living on Arran hill.

## Representation from Mr and Mrs J

To RMBC Licencing Commitee

My wife and myself live at [REDACTED] Arran Hill .Our property is overlooks the proposed Micro pub and outdoor seating. We share a boundary with this site there is no buffer zone to alleviate.any noise generated from these premises.

We both strongly object to the above application for the following reasons:

Serious loss of personal privacy:

- 1) Anyone sitting facing the windows in the proposed micro-brewery building have unrestricted views of our bedroom windows.
- 2) Anyone seated outside the proposed micro-brewery have unrestricted view of our bedroom windows.
- 3) Anyone standing outside this building smoking or just gathering have unrestricted views of our bedroom windows.
- 4) Anyone walking out of the micro-brewery doors have unrestricted views, both serving staff and customers.
- 5) Seating areas are close enough to overhear private conversations another breach of our privacy.

Loss of amenity:

Operating hours were agreed and set when this company moved on to this site 09.00 to 17.30 Monday to Friday, 09.00 to 16.00 Saturday and 10,00 to 16.00 on Sunday. These hours were set to minimise any noise disturbance to surrounding residents.

[REDACTED]

If this licence is agreed to only time we shall have in relevant peace is when we retire to bed and are awakened in the morning. [REDACTED]

Any more noise would be against the little amenities' residents have now. Issuing of this licence for this number of unsociable hours seven days a week 52 weeks a year I am sure would affect our mental wellbeing. As you would be driving us indoors again and denying us access to our gardens and a little peace and quiet.

### **THE PREVENTION OF PUBLIC NUISANCE**

The number of car parking places applied for 50+ makes this venue anything but small, noise alone generated from vehicle access would be unacceptable. The noise generated from this amount of people on such a small site adjacent to residential building with no protective buffer zone would surely be unacceptable. People smoking, talking loudly (more people drink the louder they become) noise of furniture being moved glasses being collected, bottles being thrown into containers. All of this is Sharpe noise unlike the white noise from light traffic.

## APPENDIX 6

Licence states 21.00 hours but with drinking up time and clearing up time site I am sue will be creating noise closer to 22.00 hours or beyond.

RMBC and the elected committees are there not only to police business but also to protect the amenities of rate paying residents of Rotherham.

We are asking you to refuse this application and to protect [REDACTED] amenities we have left. Please protect our mental health this is something all are entitled to.

Kind Regards

## Representation from Mr and Mrs H

To whom it may concern

We live at [REDACTED] Arran Hill .Our property is overlooking the proposed Micro pub and the whole of Deer park farm site and we share/ have a boundary wall with the site at the bottom of our garden.

Myself and my husband strongly object to the above application for the following reasons:

To adhere to current planning permissions the buildings on this site currently only have panning permission for retail hours 9.00 to 17.30 Monday to Friday, 9.00 to 16.00 Saturday and 10.00 till 16.00 on Sundays These hours were set by the planning department several years ago to protect the adjacent residential properties due to there being no buffer zone between this site and the residential properties to minimise any noise disturbance. We are aware that we have Doncaster road at that rear of our properties, but this road was here when we moved in and quietens down around 6pm so has very little impact on the enjoyment of our garden in the evenings.

[REDACTED]

### **THE PREVENTION OF PUBLIC NUISANCE**

The variation refers to the previous Deli building where they have previously sold alcohol to be consumed off the premises – this caused no concern whatsoever however if a license for the sale of alcohol in the proposed micro pub is granted and the outside seating areas around the site are to be utilised and have seating for 14 people I have been informed. The level of noise that can be made by 14 people that are drinking alcohol and inebriated will no doubt be a public nuisance for residents of properties on Arran Hill that are overlooking the site from our back gardens [REDACTED]

[REDACTED] The noise disturbance will be disruptive and has already become an issue over the past few months - [REDACTED]

[REDACTED] This has been more than enough to contend with never mind drunk people laughing, swearing, and just chatting as these are amplified when under the influence of alcohol.

There also has to be some consideration given to the noise that people arriving to the pub and leaving will make, such as car doors been closed, talking to one another we already hear voices/ conversations from the site as these carry upwards to our properties). We already hear all of these noises and sounds throughout the day time so when things quieten down in the evening this will no doubt be an even bigger disturbance.

There is the noise that will follow once the pub is closed at 9pm. The noise of bottles being thrown into a bottle bank/bin that is sited against the back wall which is the boundary wall with several homes on Arran Hill and staff leaving in cars slamming

## APPENDIX 6

doors on vehicles. This disturbance could potentially be up to 10pm and 7 days a week. I note from the noise report that it is deemed that Doncaster Road is cited to be higher in noise levels than the noise that will be from the micro pub – I wonder when these assessments were completed what time of day, because if the noise assessment was completed during the day time then this would not be a true reflection of the noise as the road is very busy between 8am to 6-6.30pm but then quietens down which would be when we as residents will be able to hear the noise more noticeably from Deer Park Farm micro pub.

We already hear these sounds around 4.30pm – 5.30pm Monday to Friday as it currently stands but it is bearable as we know the site will be quiet after 6pm and not cause us any more upset or be a public nuisance.

The license that is being applied for is for 7 days a week so there will be no respite from the noise at weekends for us residents, this is just not conducive to the quiet lifestyle we lead and want to continue to lead. This application has caused my husband and I a lot of upset and stress over the past few months which is something we could do without in these trying times.

There is also the issue about smoking and residents having to smell that when we are in our own gardens which we find totally unacceptable as non smokers ourselves and do not wish to subject any of our visitors to this either.

Lighting from the outdoor area will light up back rooms of homes on Arran hill.

Will there to be any music played or live events as these will cause a further disruption to our peace and quiet not just when in our gardens but when we are in our homes.

Additional litter around the surrounding area.

We have already noticed increased traffic on Arran Hill with many more vehicles driving up the road and deliveries being made to the flower shop etc using the entrance on Arran hill which I have observed myself, instead of using the main entrance on Doncaster Road.

Arran hill usually quietens down around 4pm and the traffic on Doncaster Road lightens around 18.00 to 18.30 this is the time residents can enjoy some peace and quiet in their own homes and gardens.

### PROTECTION OF PUBLIC SAFETY

There is a risk of Increased occurrences of disorderly conduct and anti social behaviour following the consumption of alcohol. Risk of drugs being used by patrons of the pub resulting in illegal activity and potentially violent behaviour and disorder.

I have previously brought to the attention of the licensing board that Deer park farm were breaching their alcohol license by selling alcohol from the new deli which currently has no license to do so– therefore the license has been flouted already before any further licenses granted.

Past behaviour is a strong indicator of future behaviour in my opinion and this concerns us that the rules will not be adhered to and we will have ongoing issues with the site moving forwards should he license be granted.

We have no issue with Deer Park as it currently stands as it closes at 6pm as per the current planning permissions and regulations that are in place to protect residents from all of the above.

# APPENDIX 6

[REDACTED]

## THE PROTECTION OF CHILDEN FROM HARM

[REDACTED]

What safeguarding measures are to be put in place to protect children and young people from harm if allowed on the premises, will there be restricted access to certain areas for children. Will children be allowed to play outside and cause further noise and disruption. Will there be exclusion of children totally.

## THE PREVENTION OF CRIME AND DISORDER

Increased activity around Doncaster Road and Arran Hill with members of the public using Arran hill and surrounding areas which would not have done so usually increases the risk of crimes occurring. Such as an increase in burglaries, car thefts public order offences , breach of the peace, assaults and domestic assaults occurring when under the influence of alcohol.

We urge the licensing board at RMBC to seriously consider all the above representations and not grant the variation of license to Deer Park Farm to ensure/protect the health and well being of Arran Hill, Doncaster Road and the surrounding area.

Rotherham Yorkshire  
[REDACTED]

I am writing to object to the application submitted by Deer park farm, retail village ltd, of Doncaster road thrybergh, Rotherham

I am objecting on the grounds of public nuisance. My home borders the site of the above address and if this license is granted, the customers of this bar will be sat no more than fifteen to twenty yards from my rear garden where me and my family enjoy what leisure time we get, to have people sat drinking until nine o'clock at night will have a huge impact to the leisure time we currently enjoy, the noise from such a bar will obviously disturb the peace and quiet we now enjoy, obviously as the winter nights and the darker evenings creep in the bar will have to have sufficient lighting for people to be able to move around safely. As my rear bedrooms overlook the proposed bar the lights will illuminate my bedrooms, at present they only have security lights on and these alone illuminate our bedrooms.

[REDACTED]

## APPENDIX 6

[REDACTED] The noise disturbance will be disruptive and has already become an issue over the past few months - all we have had is noise from the site, banging, drilling, car doors slamming, deliveries and a very persistent barking dog which does so every time someone enters the car park or a large/noisy vehicle passes on Doncaster Road. This has been more than enough to contend with never mind drunk people laughing, swearing, and just chatting as these are amplified when under the influence of alcohol.

There also has to be some consideration given to the noise that people arriving to the pub and leaving will make, such as car doors being closed, talking to one another (we already hear voices/ conversations from the site as this carries upwards to our properties).
