No declarations of interests were made.

3. MINUTES OF THE PREVIOUS MEETING

Consideration was given to the minutes from the previous meeting held on 28 April 2023.

Agreed: That the minutes be approved.

4. MATTERS ARISING FROM PREVIOUS MINUTES

There were no matters arising.

5. MEMBERSHIP AND CONSTITUTION OF THE ROTHERHAM SCHOOLS FORUM (STANDING ITEM)

No changes to the membership and constitution of the Rotherham Schools Forum were proposed.

6. 2022/23 OUTTURN AND 2023/24 FUNDING

Consideration was given to the Dedicated School Grant (DSG) – 2022/23 Outturn and 2023/24 Funding report, presented by Louise Keith, Principal Finance Officer (Schools Finance).

She highlighted that the DSG central reserve deficit balance brought forward to 2022/23 was £12.84m. The planned underspend of £533k as budgeted in the management plan was achieved and transferred to DSG central reserves.

Rotherham's planned Safety Valve funding was increased from £3m to £6m at the end of 2022/23. The reprofiling of the safety valve funding, alongside an underspend on the High Needs Block of £724k and underspends on falling rolls and growth funding had reduced the DSG Central Reserve deficit to £5.9m. Rotherham would continue to receive safety valve funding at £2m for the next 3 years.

For 2023-2024 the Schools Supplementary Grant had been rolled into the Dedicated Schools Grant DSG providing an increase in DSG National Funding Formula (NFF). This had been reflected in the new NFF values for basic entitlement, FSM5 and the lump sum.

Of the total 2022/23 surplus balances, a handful of schools held balances above the thresholds set out in the Scheme for Financing Schools and these were being reviewed.

Of the 2 schools that were previously identified to be in deficit, 1 had now entered a surplus balance position and 1 had converted to an academy.

It was clarified that the Schools Supplementary Grant was included on top of the DSG funding.

Agreed:

1. *That Schools Forum members note the information contained within this report.*
2. *That Schools Forum members note that the centrally retained early years balance is subject to change as this will be dependent on the early years adjustment for the Spring 2023 census count. Within the figures, an anticipated increase of £31.5k has been accounted for.*

7. SEND SUFFICIENCY PHASE 4 (REPORTS AS PRESENTED TO CABINET ON 19TH JUNE 2023)

Consideration was given to the reports which Nathan Heath, Assistant Director: Education and Inclusion introduced. He explained that the agenda pack contained the two reports that were presented to Cabinet on Monday 19 June 2023.

The reports sought formal approval to release Cabinet and revenue funding to increase the number of SEND places available in Rotherham. He explained the original ask was for 100 places but approval for 140 places would provide additional assurance including the ability to consider growth.

Significant support had been received from the Department for Education.

The interest from schools in hosting a resource base provision met the initial requirement for SEND Sufficiency Phase 4 with the additional interest shown providing additional capacity to support future phases of SEND Sufficiency particularly in relation to additional SEMH places.

The updated Rotherham School's Accessibility Strategy identified all schools' statutory responsibilities to support their pupils and the support available to schools from the Council in relation to their own Accessibility planning.

An allocation of £375k for the next 4 years for both mainstream and special schools was approved by Council in October 2022 as part of SEND Sufficiency phase 4. The application process was not complicated, and applications were expected when it opened in July 2023. The second phase of this was for special schools.

It was explained that one of the challenges were there were a number of schools that were not set up for the needs of their current cohorts. It was expected that in the first round there would be some immediate bids for adaptations to existing school buildings that had come offline to bring them back into use.

Agreed:

1. *That Schools Forum members note the information contained within these reports.*

8. SAFETY VALVE UPDATE

Consideration was given to the update from Nathan Heath, Assistant Director: Education and Inclusion. It was explained that Rotherham remained on course and on track in all areas of the Safety Valve agreement. Members of the Forum may be aware from the wider context that a number of Local Authorities were challenged to align to the parameters however Rotherham was in a strong position.

There was capacity within all SEND schools.

The second round of pay increments for support staff would have a direct impact on the cost base but this was being considered along with capital project trajectories in wider discussions with the DfE.

Agreed: That the updated be noted.

9. TEACHERS NJC PAY AWARD AND APTC PAY AWARD (DEFERRED FROM PREVIOUS MEETING)

Consideration was given to the Teachers NJC and APTC Pay awards update, introduced by Amy leech, HR Business Partner, CYPS. She explained that the report set out what was being offered for support staff, which equated to a 9.42% pay award at SCP2 and a 3.88% pay award at SCP43.

Teachers and leaders had been offered an average pay rise of 4.5% in 2023-2024 and the Government had announced it would provide further funding for the pay awards.

All of the pay awards had not been agreed by the Unions and the pay award details would not be confirmed until March / April time.

It was noted that some schools were including those projections within their provisions.

It was agreed that an overview of the step funding would be provided at the next meeting.

Agreed: That the Schools Forum:

1. Noted the update.
2. Agreed that an overview of the step funding be provided at the next meeting.

10. ANY OTHER BUSINESS

There were no urgent business items to consider.

11. DATE OF NEXT MEETING

Agreed: That the next meeting of the Schools' Forum take place on Friday, 22 September 2023 at 8.30 a.m. at Rockingham Professional Development Centre.

Date TBC	Local authorities will be given funding to set up wraparound care 8am – 6pm. It is expected by September 2026 that most primary schools will be able to provide their own before and after school care																	
1.3	<p>This staggered approach is intended to give childcare providers time to prepare for the changes, ensuring there are enough providers ready to meet demand. The Early Years and Childcare Service are currently carrying out the annual childcare sufficiency assessment. The analysis this year will include projected impact of the increased entitlement.</p>																	

1.4 **Increases to the Early Education Funding Rate:** The DfE have released details of the increase in hourly rate for 2 and 3 & 4 year old early education to be implemented from September 2023. The increase will come in the form of an Early Years Supplementary Grant (EYSG).

- This additional funding for local authorities to increase hourly rates paid to childcare providers for the government's existing entitlement offers.
- The DfE intention is that LAs must pass on the EYSG in full to early years providers for each of the funding streams.
- LAs have the flexibility to determine how best to pass on this funding to their providers.
- In order to ensure that payments to providers can be made promptly, the DfE will not require local authorities to consult their Schools Forum but encourage local authorities to engage appropriately with their early years providers about the funding amounts from September.
- DfE would encourage LAs to update their providers on their plans for distributing this funding in a timely manner.
- An initial allocation will be paid to LAs based on the January 2023 censuses.
- A final adjustment will be made to funding payments using updated January 2024 census in summer 2024.
- The DfE expect to publish the conditions of grant and the initial EYSG funding allocations in September.

1.5 The EY Supplementary Grant increases are as detailed below:

Age	Rate Increase to the LA
2 Year Olds	£1.81 per hr
3 / 4 Year olds	£0.31 per hr
Early Years Pupil Premium	£0.04 per hr
MNS Supplementary Grant	£0.36 per hr
Disability Access Fund	£53

1.6 The supplementary grant has been allocated based on 7/12ths of the January 2023 early years census. This equates to funding for 332.5 hours of delivery. The funding in Rotherham is distributed based on the termly hours detailed below:

Term	No. of hours funded in Rotherham	Hours Funded by DfE	Difference
Summer	195	237.5	+42.5
Autumn	225	332.5	-42.5
Spring	150		
Total	570	570	

1.7 This means there is a surplus of 42.5 hours per child at the lower rate and a shortfall of 42.5 hours per child at the higher rate. There will be adequate funding in the Early Years Block to cover this difference.

1.8 Revised early education agreements have been issued to all schools and providers for the Autumn term 2023.

2. Action taken

2.1	In accordance with DFE guidance, approval was sought from CYPS DLT to passport the full increase from the supplementary grant to providers as required and as detailed below. The deprivation supplement is not be affected and would remain at 17p higher rate and 12p medium rate.			
	April 23 rate from DfE	April 23 rate distributed to providers	Autumn 23 DfE hourly rate increase	Autumn 23 Proposed rate for providers
	2 year old	£5.63	£5.63	£1.81
	3 / 4 year old rate	£4.89 (5% retained for central costs from the original DSG allocation, 2% distributed through deprivation supplement)	£4.56 plus 17p high dep / 12p medium dep	31p
	Early Years Pupil Premium	£0.62	£0.62	£0.04
	MNS Supplementary Grant	£6.09	£6.09	£0.36
	Disability Access Fund	£828	£828	£53
				£7.44
				£4.87
				£0.66
				£6.45
				£881

3. Finance

3.1	The 2023/24 Dedicated Schools Grant Early Years Block allocations (with adjustment based on January 2023 census) are not expected to be confirmed until September 2023.
3.2	The current forecast against an estimated 2023/24 allocation (based on the original Early Years Block allocation adjusted for estimated January 2023 census) identifies a £418k surplus. This is calculated using percentage uptake trends from prior years against age population.
3.3	The table shown in 2.2 identifies the proposed Autumn 2023 rates, taking into account the increase for the DFE supplementary rate, and passporting the supplementary increase to providers in full in accordance with DFE guidance.
3.4	As with the 2023/24 funding allocations in 4.1, it is not expected to receive confirmation of the Supplementary funding allocations until September 2023.
3.5	Assuming a 2023/24 Supplementary Funding allocation based on 2023 Census, the original surplus identified on 4.2, would reduce by an estimated £65k to £353k surplus to transfer to reserves. The £65k shortfall is as a result of the DFE method of allocating the funding to Local Authorities as identified in 1.6 and 1.7 above.

3.6

The financial impact can be summarised in the table below:

	2023/24 Funding Jan23 Census estimate	2023/24 Estimated EYSG Funding Jan 23 Census	2023/24 Total Estimated Funding	2023/24 Forecast Expenditure	2023/24 Estimated Surplus

Details

We have set aside up to £40 million additional funding in 2023 to 2024 to support individual schools that find themselves in particular financial difficulties. This is on top of the [£525 million schools will already be receiving this year through the teachers' pay additional grant \(TPAG\)](https://www.gov.uk/government/publications/teachers-pay-additional-grant-2023-to-2024/teachers-pay-additional-grant-2023-to-2024-methodology), (<https://www.gov.uk/government/publications/teachers-pay-additional-grant-2023-to-2024/teachers-pay-additional-grant-2023-to-2024-methodology>) to support them with the September 2023 teachers' pay award.

This sum of up to £40 million will be used to expand the department's [existing support route](https://www.gov.uk/government/publications/financial-support-for-academy-trusts-in-financial-difficulty/financial-support-for-academy-trusts-in-financial-difficulty) (<https://www.gov.uk/government/publications/financial-support-for-academy-trusts-in-financial-difficulty/financial-support-for-academy-trusts-in-financial-difficulty>) available to academies facing the most difficult financial circumstances; and help local authorities to expand the support they provide to their maintained schools facing the most acute financial pressures.

Where schools are in serious financial difficulty, they should contact their local authority or the Education and Skills Funding Agency (ESFA), as usual, who can provide advice and support on a case-by-case basis.

We will update this page with further details in due course. This will include the arrangements for how we will target, allocate and distribute funding to local authorities.
