School Arts Network

The Schools Arts Network exists to promote art in schools and work with art teachers and activity co-ordinators. Open Minds Theatre Company developed a festival with 8 schools. One of the arts development officers has also developed a performance project with Swinton cluster. This now includes the management of the Helen Billington Fund which provides small grants to Rotherham schools for arts activities.

Libraries

15,000 children actively use Libraries in Rotherham and borrowed 208,508 children's books in 2004/05.

The Library's **People's Network** provides free internet and e-mail to all residents of Rotherham. Sessions held develop skills and confidence in ICT. "Safe Surfing for Children and their Carers" won a national award in 2004.

The 2005 **Children's Book Festival** presented a total of 98 sessions across Rotherham, 39 of which were events that were open to the general public. 28 authors, storytellers and poets and other artistes engaged with invited schools and public audiences in libraries across the borough. 15 sites received an author, storyteller or performer this year. These reached an audience of over 4000 people across Rotherham.

26 schools took part in **the Rotherham Children's Book Award** and 7 schools delivered dramatic presentations of titles they had read.

Schools' Music Service

The Ofsted inspection of the Music Service found it to be one of the best two music services in the country.

Green Spaces

The new **children's amusements** were opened in Clifton Park in March 2005.

A **children's fireworks display** was organised by the Friends of Clifton Park as part of this year's bonfire and firework celebrations in November 2005. Estimated 10,000 people attended. Everyone had enjoyed the event.

Work is currently being undertaken to encourage schools/young people to take up **allotment plots**. Winterhill Comprehensive, Aston Comprehensive, Clifton Comprehensive and Dearne Valley College already have plots. The Multi-Cultural Centre also has a plot which is used by school aged children. In addition Wath Community Partnership and Rawmarsh and Parkgate Community Partnership are setting up allotment plots. Phoenix Enterprises also have allotment plots for training the young unemployed in horticulture. Mencap also have some plots.

An important factor to the success of allotment sites was the installation of secure fencing. Funding to fence two sites had been secured from the Housing Market Renewal Pathfinder Programme.

Junior Rangers have been working in Victoria Park, Rawmarsh to

improve the look of the park by painting old railings, etc. This was featured on Calendar TV.

Urban Park Ranger Service is working alongside South Yorkshire Forest with their **Wetland Wildflower Project**. Rangers go into schools to deliver a set number of lessons aimed at improving the ground's biodiversity and educating children about its importance. Schools taking part so far are Brinsworth Manor Junior, Abbey School, Rockingham J&I School and Maltby Redwood Juniors.

15,000 young people watched or participated in **Living History** at Rother Valley Country Park.

7500 **junior football and cricket matches** on borough council pitches.

15,000 young people learning **watersports skills** at RMBC's country parks.

Audit Inspection

On the 13th March, 2006 there will be an inspection by the Audit Inspection under Corporate Performance Assessment on Cultural Services. This will be the first time this year nationally that Government has asked for a whole service block inspection. This will happen every year from now on.

59. DRAFT CULTURAL STRATEGY ACTION PLAN

Tony Preston, Project Development Manager, Culture and Leisure, highlighted the key points in the Future Perfect: Draft Cultural Strategy Action Plan (Volume 3).

Members of the Consortium were thanked for their valuable input towards the compilation of this important document which contained a great deal of information relating to work carried out within the Programme Area and the various partnerships and community groups to improve Culture and Leisure Services for the people of Rotherham.

The background to the compilation of the document was outlined. The Cultural Charter had been preserved but realigned within this Action Plan to include the priorities of the Council and partnerships through the Cultural Strategy and Leisure Services.

With regard to the cultural contribution to town centre regeneration, consultations were well advanced for the provision of a new swimming pool and sports complex in two years' time, for which two bids had been submitted.

Future work would address the need for a new Theatre and Arts Centre.

Other themes/projects would be added to the document, which would be updated next year.

Members of the Consortium were asked to feed back any comments on the document as soon as possible to tony.preston@rotherham.gov.uk or by telephone to him on Rotherham 823665.

60. CULTURAL CONFERENCE 2006

Steve Hallsworth, Business Manager, Leisure and Green Spaces, submitted a draft programme for the Cultural Conference 2006.

It is proposed to hold a half day Conference consisting of short presentations, the theme for which was “Rotherham Active”.

The programme was split into the topics of Youth Engagement, Older People and Diversity.

Members of the Consortium discussed the contents of the Draft Programme and the following comments were noted:-

- to include walking groups
- to include morris dancers and garland dancers

Members of the Consortium were asked to feed back any further comments, specifically on potential invitees, to steve.hallsworth@rotherham.gov.uk. or by telephone to Rotherham 822483.

Phil Rogers, Head of Culture and Leisure, explained that this was a new spoke of the five themes, the main aim of which was to represent Cultural Organisations.
