

**JOINT MEETING - CABINET MEMBER FOR ECONOMIC DEVELOPMENT,
PLANNING AND TRANSPORTATION AND THE CABINET MEMBER FOR
STREETPRIDE SERVICES**

**Venue: 3rd Floor Training Room, Date: Monday, 4th January, 2010
Bailey House,
Rawmarsh Road,
ROTHERHAM. S60 1TD**

Time: 10.00 a.m.

A G E N D A

1. To determine if the following matters are to be considered under the categories suggested in accordance with Part 1 of Schedule 12A (as amended March 2006) to the Local Government Act 1972.
2. To determine any item which the Chairman is of the opinion should be considered later in the agenda as a matter of urgency.
3. November Revenue Budget Monitoring (report attached) (Pages 1 - 11)
Fiona Earl, Acting Finance Manager, to report.
- to report performance against the revenue budget as at the end of November, 2009.

ROTHERHAM BOROUGH COUNCIL – REPORT TO MEMBERS
--

1.	Meeting:	Regeneration and Development Services and Streetpride Delegated Powers Meeting
2.	Date:	4th January, 2010
3.	Title:	November Revenue Budget Monitoring Report
4.	Directorate:	Environment and Development Services

5. Summary

To report on performance against the revenue budget for the Environment and Development Services Directorate as at **the end of November 2009** and to provide a forecast outturn for the whole of the 2009/10 financial year.

6. Recommendations

(1) That Members note the current forecast year end outturn position of **an overspend of £475,000** for the Environment & Development Services Directorate based on expenditure and income as at November 2009 and forecast expenditure and income to 31st March 2010.

(2) That this report be referred to the Regeneration Scrutiny Panel for information.

7. Proposals and Details

Members are asked to receive and comment upon budget monitoring reports on a monthly basis from May onwards. This report reflects the position against budget for the period 1 April 2009 to 30 November 2009. The attached **appendices** give a summary of the projected 2009/10 revenue position for the Directorate;

Appendix A – E&DS Summary Report.

Appendix A1 to A5 – Service Level Summary Report.

Following the November cycle of budget monitoring the Directorate has identified that it is likely to incur an overspend of £475,000 (1.03%) against its total net revenue budget of £45,784,040. However, all possible actions to mitigate this are being taken.

The key pressures contributing to this position are :

- Restructuring costs within Culture and Leisure
- Under recovery of income due to a reduced number of planning applications
- Flood related costs (June 2009)
- Under recovery of income on the Parking Budget

Asset Management (£43K+)

The Service continues to operate within its allocated budget and cover its costs with a turnover of approximately £3.5 million, and is managing to meet the income target for consultancy related work of £420k. A reported pressure is the non recovery of income for School Crossing Patrol (£79k). This pressure is being partially offset by various savings generated by an imposed moratorium on non pay budgets, detailed in Appendix A-1.

Business Unit (£100k-)

The Business Unit is effectively managing vacant posts (£90k saving), but has a small overspend (£20k) within Performance and Quality and has now imposed a moratorium on the uncommitted Training budget (£30k) to mitigate the Directorate forecast overspend by £100k in 2009/10.

Culture and Leisure (£68+)

Pressures within Culture and Heritage include staffing costs in Theatres (£38k) and the payment for SY Archives (£23k) these pressures are being offset by an underspend on staffing in Museums (£50k).

Pressures within Sports and Recreation include solicitor costs (£18k), operational costs at the Stadium (£22k), unrecovered debts (£64k), loss of income at Country Parks (40k) and general operational costs across parks (£20k) but the delay in opening Clifton Park is partially offsetting these pressures (£50k-).

The Service continues to work towards establishing the financial position of the Clifton Park Restoration Project. There are revenue budget implications, eg. Security costs, and capital budget implications, eg. works to be

completed, which are currently being quantified. Quantity Surveyors are inspecting the completed works to assess whether payments made to date fully cover works completed and to establish outstanding works. This could result in an additional revenue and capital budget pressure. The Service is taking legal advice with regard to payments either due or from the Administrator dependant of the results of the assessment being carried out by the Quantity Surveyor.

Overall Libraries are forecasting an underspend (£16k-) and pressures within Libraries management are being offset by staff vacancies, book fund savings and an expected reduction RBT charges (£67k-). The Service is continuing to work to achieve the savings offered in the 2009/10 budget.

Additionally, unbudgeted security costs at Ulley Reservoir (£27k) have been incurred.

Planning and Regeneration (£470k+)

The key pressures for this Service are due to a continuing decline in planning applications. The projected income under-recovery is £563k. The Housing Planning Delivery Grant allocation has now been declared, and is lower than anticipated but is contributing (£96k-) to help offset the Service pressure of £470k. Other pressures within the service exist , £55k relating to the Mapping Systems, these are being offset by non recruitment to some posts (£21k-), and increased activity resulting in additional fee income from the LTP (£45k-). Work is currently under way to restructure this service, though it is unlikely to yield any savings in this financial year.

Streetpride (£6k-)

There are pressures being reported across Streetpride which include a shortfall on income within Parking (£100k), energy costs on Street Lighting (£49k), and within Street Cleansing (£13k). Costs have been identified by Streetpride relating to the localised floods, as £50k which are unbudgeted and within Drainage a £51k pressure is being reported. Some savings have been identified within Waste (£265k-) due to new contractual arrangements to help mitigate the pressures in this service, and lower expenditure due to the temporary closure of Car Hill Waste Recycling Centre.

Members have requested details of Agency and Consultancy spend to be included in Budget Monitoring reports.

Table 1 : EDS Agency Spend For the Period : April to November 2009

Month	On Contract	Off Contract	Total
	£	£	£
April	23,114	14,360	37,474
May	44,426	15,324	59,750
June	61,594	24,318	85,912
July	56,717	35,684	92,401
August	36,467	19,357	55,824
September	73,054	25,423	98,477

October	59,650	23,478	83,128
November	70,972	33,588	104,560
Total	425,994	191,532	617,526

Table 2 : EDS Agency Spend Analysed By Expenditure Type For The Period :April to November 2009

	On Contract	Off Contract	Total
	£	£	£
Capital	33,655	0	33,655
Revenue	185,134	2,340	187,474
Trading	207,207	189,190	396,397
Total	425,993	191,530	617,526

The details for Consultancy spend are currently being progressed and will be provided when available.

8. Finance

Please refer to the attached appendices for detailed financial analysis. The Directorate will continue to review its planned expenditure and identify and implement management actions to help mitigate the forecast overspend. The Directorate has now imposed a moratorium on all uncommitted, non-essential non-pay budgets in addition to the strict vacancy management arrangements already in place.

9. Risks and Uncertainties

The overall Directorate budget currently shows a projected overspend of £475,000. The Service is working to mitigate known pressures around Office Accommodation on Reresby House and Maltby Joint Service Centre and the Land and Property Bank, which is under considerable pressure due to a number of buildings being closed and the costs being transferred. Also, work is ongoing to determine the current position relating to Clifton Park. To date the reported position has reflected a combination of cost pressures partially being compensated for by savings/additional income being generated across the Service. The Strategic Director of Environment and Development Services and Cabinet Member have determined this is an acceptable way of balancing the budget in accordance with Financial Regulation Virement Note Section 11, without the need for implementing virement.

10. Policy and Performance Agenda Implications

Directorate budgets are aligned only to corporate priorities and spending within the agreed Directorate cash allocation is key to demonstrate the efficient Use of Resources.

11. Background Papers and Consultation

This is the seventh budget monitoring report for the Directorate for 2009/10 and reflects the position from April 2009 to November 2009. This report has been discussed with the Strategic Directors of Environment and Development Services and Finance.

TOTAL	470					

REASONS FOR VARIANCE FROM APPROVED BUDGET (Based on available information as at end November 2009)

Streetpride	Under (-) / Over (+) Spending Projected to Year End £,000	Reasons/Implications	RAG Status	Actions Proposed	Impact of Actions	Revised RAG Status
Community Delivery Teams	40	A recent assessment of Street Cleansing has highlighted further charges (£13k) above budget are expected, further analysis of Fly Tipping has shown an additional pressure (£9k), re waste Disposal Costs, and additional costs are being charged to the Grounds Maintenance (£7k) budget relating to damaged equipment. There have been additional procurement charges from RBT (£11k).	G	Review charging procedures to improve projections for 2009/10	That full year charges are containable within the 2009/10 budget	G
Network Management	107	The main pressures remain under recovery of income within the Parking Budget, and energy costs within Street Lighting (£49K+). Some savings have been made in Design and Contract Management which are contributing to reduce the overall overspend	A	Analysis of the income recovery for parking suggests there has been minimum impact other than at the Civic/Norfolk site where people are taking opportunity of the 'free' parking. A half year review of Service may allow for budget transfer within Streetpride, to realign the budget to the pressures for 2009/10.	Assess the outcomes and report to Cabinet Member and CMT.	G
Schemes & Partnerships	0	Nil variance at this stage in the financial year	G	No action required.	Nil variance	G
Waste disposal and collection	-266	Savings have been identified within the Household waste budget on transport costs and within the Recycling budgets (£100k) Additional income is projected, and reduced costs due to the Blue Box collections coming back in house. Further savings have been generated as a result of the temporary closure of Car Hill totalling (£156k).	G	In due course a further assessment of the budgets will be undertaken, to realign budgets appropriately.	Nil variance	G
Corporate Accounts - Streetpride	113	Some costs relate to the Floods 2009 (£65k) which are unbudgeted and a variance on IT related costs (£10k). A reduced level of work for the Landscaping Team is resulting in under recovery of fee income £25k. The contribution to vacancy management is £16k short of the £80k budget.	A	It is unlikely that these costs can be claimed through the Bellwin Scheme, however, the costs are still been co-ordinated centrally.	There is no other identified funding source at this stage.	G
