

FORWARD PLAN OF RECORDED DELEGATED DECISIONS TO BE TAKEN BY OFFICERS

The Law requires certain executive decisions made by officers to be recorded and published. The intention behind the legislation is to extend some of the openness and transparency which applies to Cabinet decision-making to decision-making by officers. The requirements do not extend to all executive decisions made by officers. There is no requirement to disclose information which would have been dealt with as confidential or exempt information had the decision had been taken by Cabinet.

The Government has published Guidance on the requirements, “*Open and accountable local government – A guide for the press and public on attending and reporting meetings of local government.*” As the Guidance puts it:

The requirement to record decisions extends only to “executive decisions”. Executive decisions can sometimes be defined in your council’s rules. Decisions which are taken by officers under specific delegations from a meeting of their council’s executive are clearly executive decisions. However, many administrative and operational decisions officers take on how they go about their day to day work will be delegated within the council’s rules and are not in this “executive decisions” category; as such they do not need to be recorded.

In practice there are two burdens imposed by the legislation, firstly to identify decisions which have to be recorded and secondly to produce and publish the necessary records. There is a separate and different set of rules about the recording of Non-Executive decisions.

This document has been prepared to provide Members with details of forthcoming officer decisions to be made using delegated executive and non-executive powers.

This plan is not for wider publication.

What is an Executive Decision?

The majority of Council decisions are executive decisions made by the Cabinet or by officers using powers delegated by the Cabinet. Executive decisions are those which by law, or by the Council's Constitution, do not fall to be made by the Council, or any committee, sub-committee or officer exercising making powers delegated by the Council. Decisions which are not Executive decisions include:

- policy and budget decisions (which are matters for the full Council)
- Decisions to adopt or amend the Council's Constitution (which are matters for the full Council)
- Decisions which are within the remit of the Regulatory and Appeals Committee, the Planning Panels, Governance and Audit Committee, Standards Committee, Licensing Committee or Staffing Committee

Which Officer Executive Decisions have to be recorded?

The Guidance sets out classes of executive decisions which do not have to be recorded and these include:

- decisions to allocate social carers to particular individuals, or for example, to provide walking aids;
- decisions to allocate a social housing unit to an applicant or to send someone to carry out repairs;
- decisions to review the benefit claims of an individual applicant and
- decisions to allocate market stalls to individual traders.

The Guidance also defines classes of executive decisions which do have to be recorded and these include:

- Decisions specifically delegated to an officer by a meeting of the Cabinet.
- Decisions about awarding contracts above a certain value [in the case of the Council above £250,000];
- decisions to exercise powers of Compulsory Purchase;
- decisions on disposal of and/ or provision of allotment land and green spaces;
- awarding of Discretionary Rate Relief
- the opening hours of local libraries; and
- the holding of car boot sales/markets on council-owned land.

Reports considered by officers when making executive decisions

The law requires any report considered by the officer and relevant to the decision or part of any decision to be made available for inspection.

Confidential and Exempt Information

The requirement to publish records of officer executive decisions does not require the disclosure of confidential information in breach of the obligation of confidence. For these purposes confidential information is restricted to information provided by government departments on condition that it will not be disclosed to the public or information which cannot be disclosed by law or by an order of a court. Similarly there is no requirement to disclose exempt information.

When a decision appears to involve either confidential or exempt information advice should be sought from the Monitoring Officer.

What does publication mean?

A copy of the decision record and any report, or part of a report relevant to the decision must be made available for public inspection by members of the public as soon as is reasonably practicable at the Council's offices via Democratic Services and on the Council's website. These records must be retained and be available for inspection for a period of at least six years from the date of the decision.

Fleet Transport Policy Review and Recommendations	27 March 2023	December 2023	<p>To implement recommendations found through a policy review process.</p> <p>The current Policy was published in 2015 and is no longer fit for purpose. The Fleet department has undergone significant change in the last 24 months, and enhancements to the driver training programme have been introduced as well as improved management of Goods Vehicle Operator Licensing compliance. It is now necessary to reflect this within a revised edition.</p> <p>A cabinet report dated March '23 also refers to the corporatisation of fleet acquisition, usage and disposal and will be included in the policy refresh.</p> <p>It is also relevant to include new policy content around fleet telematics and drug/alcohol misuse, as these are commonplace industry practices and necessary elements of fleet policy.</p>	<ul style="list-style-type: none"> • Cllr Dominic Beck – Cabinet Member for Transport & Environment • Senior Leadership Team / Directorate Leadership Team – RMBC • RMBC Fleet Users 	Report and Appendices		Open	Karen Mudford Tel: 07554 436548 karen.mudford@rotherham.gov.uk
