**52. COURTESY CONSULTATION - INSTALLATION OF 5,000 TONNE WASTE STORAGE TANK AT NORWOOD COTTAGE FARM, CINDER LANE, KILLAMARSH, SHEFFIELD (RB2015/1282)**

Consideration was given to a report of the Director of Planning, Regeneration and Culture concerning the courtesy consultation from Derbyshire County Council about the application for planning permission for the Installation of a 5,000 tonne waste storage tank at Norwood Farm Cottage, Cinder Lane, Killamarsh, Sheffield (RB2015/1282).

The report stated that the application site is located within an existing farm / business complex, part of which currently consists of importing non-hazardous effluent and sludge waste streams. The site is accessed off the Cinder Lane junction with the A618 Mansfield Road, which in turn leads onto Dawber Lane. The application was seeking approval for the installation of a 5,000 tonne waste storage tank to compliment the site's existing operations. The tank would have an area of some 1,100 square metres, a capacity of around 5,000 tonnes and will be some 5 metres in height plus an additional 5.18 metres to the central peak cover. It is to be constructed in concrete and would be agricultural in appearance.

The proposed development is to support the existing land spreading operations which are undertaken at the farm. These operations are undertaken in line with the Company's Environmental permit which is regulated by the Environment Agency. The main issues with the proposal affecting Rotherham were the impact on traffic levels within the Borough and the impact on the general environment for the Borough's residents.

Resolved:- (1) That the report be received and its contents noted.

(2) That Derbyshire County Council be informed that this Council raises no objections to the proposal but request a copy of the environmental permit should planning permission be granted.

**53. APPEAL DECISION - REFUSAL OF APPLICATION FOR THE PROPOSED ERECTION OF 21 NO. DWELLINGHOUSES AT LAND AT THE CRESCENT, THURCROFT (RB2014/1511)**

Further to Minute No. 73(3) of the meeting of the Planning Board held on 19th February, 2015, consideration was given to a report of the Director of Planning, Regeneration and Culture concerning the decision of the Planning Inspectorate to dismiss the appeal lodged against the decision of the Council to refuse planning permission for the Erection of 21 No. dwellinghouses with associated works at land at The Crescent, Thurcroft for Michael Dyson Associates (RB2014/1511).

The report stated that, shortly after the appeal had been lodged, the application site had been designated as an Asset of Community Value under Part 5, Chapter 3 of the Localism Act 2011.

The Planning Inspector had concluded that the proposal would cause significant harm to local urban green space provision, thus conflicting with policy CS22 of the Core Strategy and saved policy ENV5.1 of the Unitary Development Plan and was thereby contrary to the development plan. The proposed development would also be contrary to paragraphs 17 and 74 of the Framework that seek, among other things, to ensure that decision-taking “secures a good standard of amenity for all existing and future occupants of land and buildings and that existing open space is protected.”

Resolved:- That the report be received and the decision of the Planning Inspector to dismiss the above appeal be noted.
