What is a waste strategy?

- How we will manage your waste
- All of the four Councils have individual waste strategies
- It is best practice to review these strategies every 5 years
- It will outline the priorities that are most important to our residents

What shapes a strategy?

- Our priorities are influenced by external factors
 - Political (e.g. new legislation)
 - Financial (e.g. budget restraints)
 - Consultation with residents
 - Consultation with local businesses
 - Consultation with statutory bodies (e.g. Environment Agency)
 - Consultation with other stakeholders

Why do we need a waste strategy?

- Provides a clear direction
- Contributes to the aims and objectives of the Waste Management Plan for England 2013
- Barnsley, Doncaster, Rotherham and Sheffield City Council's current waste strategies would benefit from being reviewed

What are the priorities we are consulting on?

- KSP A – We aim to encourage and inspire children and adults across Barnsley, Doncaster, Rotherham and Sheffield to make less waste by reducing, reusing and recycling more.
- KSP B – The four Councils will work together more closely to deliver value for money services.
- KSP C – We will work hard to deliver and maintain a dependable and reliable service to all our customers.
- KSP D – We will continue to explore how technology can be used to improve recycling and waste services.
- KSP E – We will be pro-active to influence decision-making on waste at European, National and local level, to drive investment into infrastructure within the Sheffield City Region economy.
