If you would like to comment on the Rotherham Childcare Sufficiency Assessment please send an e-mail to:

[earlyeducation@rotherham.gov.uk](mailto:earlyeducation@rotherham.gov.uk)

## **Section 1 - Introduction**

## **1.1 Childcare Sufficiency Duty**

The Local Authority has a statutory duty under Sections 6 of the Childcare Act 2006 to ensure, as far as is reasonably practicable, that sufficient childcare places for children aged 0-14 (or up to 18 for disabled children) are available across the borough to enable parents to work, or undertake education or training leading to employment, and under Section 7 of the Childcare Act 2006 to secure free early education provision for each eligible young child in their area (i.e. all three / four year olds and eligible two year olds).

Local Authorities are responsible for determining the appropriate level of detail in their report, geographical division and date of publication.

## **1.2 Purpose of the Report**

The Statutory Duty requires that an annual report be produced for elected council members detailing how this duty is being met. It should also be made available and accessible to parents.

This report and additional background data analysis are also used to assist Rotherham Metropolitan Borough Council in its duty to understand the childcare market and to assist in planning. The report is also useful to assist existing and potential childcare providers to inform ongoing development of childcare places.

Existing and potential childcare providers should always undertake their own market research to understand local childcare needs and use the information in this report as an indicator only. This report represents the position between June – September 2015 and changes may have taken place since the report was written.

## **Section 2 – Key Findings**

## 2.1 Choice and Availability

- There are 330 Ofsted registered early years childcare providers in Rotherham, plus 73 Out of School Clubs offering a combination of breakfast / after school and holiday care. There has been a 6% reduction in the number of Childminders and Out of School Clubs over the last year but an additional new group provider has opened.
- Most areas of the borough have a range of childcare provision available (Day Nurseries, Pre-schools, Childminders and Out of School provision) with the exception of Arnold, Coleridge, Swinton and Valley where there are no Out of School Clubs and Thrybergh Dalton where there is no Pre-school or Out of School Clubs
- There is a wide range of Ofsted registered childcare in Rotherham with provision available before 8am in all areas. All areas have some availability of care after 6pm with the exception of Coleridge. Availability of childcare at evenings and weekends varies from area to area – see Appendix 1 for details.
- The majority of primary schools in Rotherham have some level of after school childcare (delivered either by an Out of School club or Childminders) with the exception of Canklow Woods Primary, Foljambe Primary Campus, Kilnhurst Primary, St. Ann's Junior and Infants, High Greave Infants, High Greave Juniors and Ferham Primary
- There is some spare **childcare** capacity across all areas.
- There is adequate **early education** capacity across all areas for 3 and 4 year olds to take up their entitlement, including projected increase in capacity needed through new house building.
- There is some **early education** capacity for 2 year olds in all areas of the borough including projected increase in capacity needed through new house building. However there would not be sufficiency capacity in the Aughton (Swallownest), Rotherham Central (Richmond Park / Meadowbank), Swinton (Kilnhurst), Valley (Whiston and Canklow), and Wath (West Melton) areas if all eligible 2 year old children wished to take up their entitlement.
- Unmet demand: During the period 1.10.14 to 30.9.15 there have been 4 instances of unmet demand in the borough where parents were unable to find suitable childcare to meet their needs. All instances were for out of school care with in the following areas:

- Aughton (2 – before school care)
- Rotherham Central (2 – before and after school care)

See table at Appendix 1 for a summary of Childcare Sufficiency

## **2.2 Costs**

- The average costs of childcare in Rotherham are significantly lower than the national average costs and in most cases lower than Yorkshire and Humber costs.
- The average cost of childcare for a full day in Rotherham is between £34.80 to £35.94 depending on age of child and type of provider.
- The average childcare costs in Rotherham have remained relatively static over the last year.

## **2.3 Quality**

- Rotherham childcare providers have shown a significant increase in quality with percentages who have achieved a 'Good' or 'Outstanding' Ofsted judgement increasing for Childminders from 55.4% in 2011 to 82.9% in 2015 and for group providers from 76.6% in 2011 to 90.5% in 2015.

## **2.4 Early Education**

- Take-up of early education for three / four year olds in Rotherham appears to have dropped slightly over the last year; however, there were some issues over accuracy of the baseline data available for this analysis. These issues have been resolved and future baseline data will provide a more accurate reflection of the Rotherham child population figures. The majority of children in Rotherham take up early education for at least three terms prior to starting full time school – although not all children take up their entitlement as soon as they are eligible (i.e. the term after their third birthday). In the Autumn term 94% of eligible children took up a place in Rotherham. This dropped to 82% of children eligible to start in January 2015 taking up a place at that time and 75% of those eligible to start in April 2015 took up their place at that time.

- In addition 214 Rotherham children took up their early education place outside the borough and 128 non-Rotherham children took up their early education place at a Rotherham provider. See Appendix 3 for take-up levels by each area.
- Take-up of early education for two year olds has remained high in Rotherham throughout the last year (above the national and regional average). In the Summer term 2015 1163 (78%) eligible children were taking up a place. See Appendix 4 for take-up levels by each area

## **2.5 In Summary:**

**There is currently adequate childcare and early education provision in the borough to meet needs.**

The childcare market is kept under review on an ongoing basis. Take-up of early education for 2, 3 and 4 year olds is reviewed termly and a full childcare analysis is carried out annually to ensure there continues to be adequate provision to meet needs. Childcare sufficiency information is shared with existing and potential childcare providers to enable informed decisions to be made on the creation of additional childcare in the borough.

Supply of out of school provision varies on an ongoing basis. The majority of primary school pick ups are provided by Childminders and coverage of individual schools varies depending on demand at any one time.

Unmet demand information will be publicised alongside early education take-up on the RMBC website to inform existing and potential providers of potential growth opportunities.

## **Section 3 – Borough Wide Information**

## Demographic Information

### 3.1 Population data:

Demographic and socio-economic data support us to build a picture of demand for childcare and a parent's ability to pay. For instance, changes to the population can have implications for the demand for childcare which would impact on childcare providers.

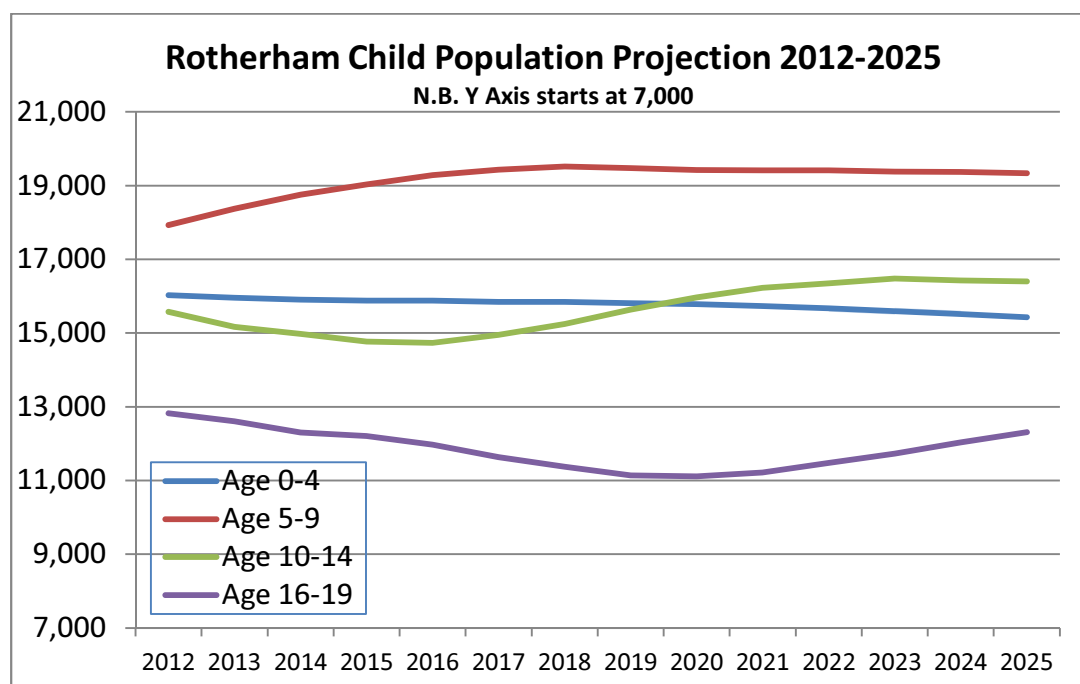

The census revealed that 257,280 people lived in Rotherham Metropolitan Borough in 2011. Rotherham experienced a population increase at 3.7%, below the national average of 7.1% but has continued to grow to reach 260,100 in 2014, 4.8% higher than in 2001.

Increases in births, net inward migration and longer life expectancy are all reasons why Rotherham's population has grown. Children's Centre (CC) reach areas with the largest growth in population between 2001 and 2011 were Wath (+10.6%), Aughton (+7.2%) and Valley (+6.2%). The highest population growth since 2011 has been in Wath (+5.3%) due to new housing development at Manvers.

Mid-year estimates show that in 2014 the population of pre-school age children (0-4 years) was 16,100, and school aged children (5-17 years) totalled 40,300. NHS data shows that the birth rate has fluctuated over recent years but reduced since 2012. The 2014 mid-year estimate shows that there are between 2,900 and 3,300 children in each year group (0 up to 17).

### 3.2 Population Change

**Chart 1. Projected Rotherham Child Population (ONS 2012-based)**

Charts 1 shows that if trends in births and migration over the last five years continue, the population of 0-4 year olds is projected to decrease very slowly whilst the population of 5-9 year olds is still rising although projected to fall very slowly after 2017.

Further demographic information including the following details can be found at Appendix 5.

- Worklessness and Benefit Claimants
- Family Composition and Size
- Ethnicity
- Employment and Average Earnings
- Deprivation in Rotherham
- Child Poverty
- Early Years Achievement

**Childcare: availability / cost / quality****3.4 Childcare Availability**

Childcare in Rotherham is provided by a range of Ofsted registered providers including Day Nurseries, Pre-schools, Childminders and Out of School care (before / after / holiday). See Appendix 6 for definitions of each type. The childcare offer varies across geographical areas of the borough and is detailed in each Children's Centre Childcare Sufficiency Analysis. The information provided relates to Ofsted registered childcare provision (with the exception of school breakfast clubs which do not require separate Ofsted registration). See Appendix 7 for details of the different types of Ofsted registration.

The table below details the changes in numbers of Ofsted registered childcare providers between September 2012 and September 2015. These figures are snapshots at fixed periods of time and show the Ofsted data that the Local Authority held at that time.

**Table1. Number of Ofsted Registered Providers in Rotherham**

Type of Provider	No. of Providers 30.09.2012	No. of Providers 30.09.2013	No. of Providers 30.09.2014	No. of Providers 30.09.2015
Childminders	286	278	265	248
Day Nurseries	42	43	43	43
Pre-school Playgroup	34	36	38	39
Breakfast Clubs	39	39	41	39
After School	9	11	12	8
Before and After School	13	10	12	13
Holiday Clubs	14	13	13	13
Crèches	7	5	5	3
Maintained / Academy Foundation Stage Units	50	50	51	52
Maintained / Academy Nursery Schools & Classes	15	15	15	15
<b>TOTAL</b>	<b>509</b>	<b>500</b>	<b>495</b>	<b>473</b>

The number of Day Nurseries and Pre-schools have remained relatively static over the past year. Childminder figures have continued to reduce slightly over the past 3 years. There are 17 less Childminders in September 2015 than the previous year but during that 12 month period the actual change is much larger with a total of 43

Childminders de-registering and 36 new Childminders registering. This is a slight reduction in level of turnover in comparison with previous years and will be monitored on an ongoing basis.

The number of Childminders accredited to deliver early education places continues to grow. At September 2012 there were a total of 13 Childminders accredited to deliver early education places. In September 2015 there were a total of 96 Childminders accredited to deliver early education. This is the most significant change in the Childcare market in Rotherham.

### 3.5 Holiday Childcare Availability:

A number of 'all year round' childcare providers (e.g. Day Nurseries and Childminders) also provide childcare for school age children (i.e. 3 years +) in the school holidays. This childcare sufficiency analysis focused on sufficiency of group childcare provided over the holidays. There are thirteen group holiday childcare providers in the borough. The following table details the number of places and vacancies at the 13 group providers of Holiday childcare:

**Table 2. Holiday Childcare in Rotherham. Places and Vacancies**

	Age Range		
	3 – 4	5 – 8	8+
<b>Total Places</b>	126	158	94
<b>Demand</b>	48	82	40
<b>Current Spare Places</b>	78	76	54
<b>Average Cost per Day</b>	£29.06	£27.85	£27.70

### 3.6 Cost of Childcare:

The Family and Childcare Trust published an annual national survey of childcare costs in 2015. Comparing costs of childcare in Rotherham in Summer 2015 to the national survey (based on data from November 2014) shows that the average costs of childcare in Rotherham are significantly lower than the national average costs and in most cases lower than the Yorkshire and Humber costs - see table below for details:

**Table 3. Comparison of Childcare Costs: Regional / National / Local**

Area	Nursery 25 hours (under 2)	Nursery 25 hours (2 and over)	Childminder 25 hours (under 2)	Childminder 25 hours (2 and over)
Yorkshire and Humberside	£96.47	£92.37	£90.12	£88.83
National Average Costs	£115.45	£109.83	£104.06	£103.04
Rotherham	£88.03	£87.00	£89.43	£89.40

Area	Nursery 50 hours (under 2)	Childminder 50 hours (2 and over)
Yorkshire and Humberside	£184.66	£178.20
National Average Costs	£212.09	£196.55
Rotherham	£176.05	£178.80

The table below provides a breakdown of the average cost of childcare in Rotherham for different age ranges / types of childcare by each area. The cost of childcare varies across age ranges, with fees at group care slightly higher for younger children due to the level of staffing ratios required.

**Table 4. Comparison costs in Rotherham by Type of Setting/ Geographical Area**

	Type of Childcare									
CC Reach Area	Full Day Care			Sessional		Childminders				
	Cost per Age of Children for a 10 hour day			Cost per Age of Children for a 3 hour session		Cost per Age of Children for a 10 hour day				
	Under 2	2	3-4	2	3-4	Under 2	2	3-4	5-7	8+
Arnold	£36.33	£35.25	£35.25	£8.05	£8.05	£34.40	£34.40	£34.40	£34.40	£34.40
Aughton	£32.50	£31.20	£30.88	£8.60	£8.60	£36.33	£36.33	£36.42	£37.58	£37.58
Coleridge	£33.64	£33.64	£33.64	£13.50	£11.50	£35.00	£35.00	£35.00	£35.00	£35.00
Dinnington	£36.22	£35.62	£35.62	£10.71	£10.43	£36.76	£36.76	£36.76	£37.07	£37.07
Maltby	£32.00	£31.60	£31.00	£10.50	£10.50	£35.76	£35.76	£35.76	£35.76	£35.76
Park View	£34.00	£32.50	£32.50	£10.45	£9.93	£35.50	£35.50	£35.50	£35.50	£35.50
Rawmarsh	£38.00	£37.88	£37.88	£13.25	£13.25	£38.19	£38.19	£38.19	£38.19	£38.19
Rotherham Central	£32.41	£32.41	£32.41	£10.80	£10.20	£36.00	£36.00	£36.00	£36.00	£36.00
Swinton Brookfield	£37.50	£38.00	£36.00	£7.45	£7.45	£34.38	£34.38	£34.38	£35.00	£35.00
Thrybergh / Dalton				£10.34	£10.34	£34.89	£34.89	£34.89	£34.89	£34.89
Valley	£40.89	£40.89	£39.52	£8.92	£8.72	£35.08	£35.08	£35.08	£35.08	£35.08
Wath	£33.83	£33.88	£33.38	£7.00	£7.00	£36.93	£36.83	£36.83	£36.83	£36.83
<b>Average Costs 2015/16</b>	<b>£35.21</b>	<b>£34.80</b>	<b>£34.37</b>	<b>£9.96</b>	<b>£9.66</b>	<b>£35.77</b>	<b>£35.76</b>	<b>£35.77</b>	<b>£35.94</b>	<b>£35.94</b>

### 3.7 Quality of Childcare Provision:

Although registration and inspection of childcare provision is carried out by Ofsted, Local Authorities have a responsibility to ensure that childcare provision is of the highest quality. There is a wealth of evidence from reports such as Effective Provision of Pre-school Education (EPPE) which show that attending quality provision can positively impact on a child's development and attainment.

The quality of a provision can be measured via a range of methods. The key indicator is the Ofsted grade which childcare providers receive when inspected by Ofsted, the regulatory body for childcare providers. Providers are inspected on a four point scale and receive one of the following grades, Outstanding, Good, Requires Improvement or Inadequate. The table and graphs below show the percentage of providers who have achieved a 'Good' or 'Outstanding' Ofsted grades by provider type between June 2011 and August 2015. The Local Authority has prioritised support and challenge to providers who do not have or are at risk of not achieving a good outcome, and there has been a very positive increase in quality of provision across all childcare types particularly Childminders

**Table 5. Percentage of Childcare Providers who have achieved a 'Good' or 'Outstanding' Ofsted Judgement**

	<b>Jun-11</b>	<b>Aug-12</b>	<b>Aug-13</b>	<b>Aug-14</b>	<b>Aug-15</b>
Childminders – Rotherham	55.4%	68.9%	68.6%	79.2%	82.9%
Childminders – National	69.3%	71.3%	74.7%	78.4%	84.0%
Childminders – Yorkshire & Humber	65.1%	68.0%	71.5%	77.9%	84.1%
Group Childcare Providers – Rotherham	76.6%	80.3%	80.8%	88.6%	90.5%
Group Childcare Providers – National	75.5%	78.9%	81.8%	83.3%	86.4%
Group Childcare Providers – Yorkshire & Humber	72.1%	76.5%	80.2%	84.5%	87.6%
ALL CHILDCARE – Rotherham	59.9%	71.7%	71.6%	81.4%	85.1%
ALL CHILDCARE – National	71.4%	74.0%	77.2%	80.1%	84.9%
<b>ALL CHILDCARE – Yorkshire &amp; Humber</b>	67.3%	70.0%	74.3%	80.0%	85.2%

## Early Education

### 3.8 Early Education for 3 and 4 Year Olds:

Early education in Rotherham is provided by schools (the maintained sector and academies) and providers in the Private / Voluntary / Independent (PVI) sector e.g. Day Nurseries, Pre-school / Playgroups and some Childminders. Children are entitled to an early education place from the term after their 3<sup>rd</sup> birthday until they start full time school (a maximum of 5 terms depending on birth date). Schools generally provide 3 terms of early education provision in Foundation 1 classes starting in September each year. A number of schools take in additional children as they become eligible in January and April. Parents can choose whether they want their child to take up their entitlement at a PVI provider or a school.

During the summer term 2015, 2556 children accessed their Foundation 1 (F1) early education place in the maintained sector and an additional 2348 accessed their entitlement in the PVI sector.

Take-up of Foundation 1 (F1) early education in Rotherham is high. The majority of children in Rotherham take up early education prior to starting full time school – although not all children take up their entitlement as soon as they are eligible (i.e. the term after their third birthday). 82% of children eligible to start in January 2015 took up a place at that time and 75% of those eligible to start in April 2015 took up their place then. Those who do not take up their place as soon as they become eligible usually do so from the following September – at which point usually all children are taking up their entitlement.

The above figures detail Rotherham children who took up their early education entitlement within the Rotherham borough. In 2015/16 a total of 128 Rotherham children accessed their entitlement outside of Rotherham and 214 non Rotherham children took up their early education place in the borough.

See Appendix 3 for a table detailing take-up of early education in each area.

### 3.9 Early Education Provision for 2 Year Olds:

As part of the 2010 Spending Review, the Government introduced a free entitlement to 15 hours of nursery education to disadvantaged 2 year olds. This entitlement became statutory for the first time in September 2013 when the 20% most disadvantaged 2 year olds were able to access a free place. This figure increased to 40% in September 2014 when approximately 1600 two year olds in Rotherham became eligible for a free place.

The eligibility criteria for a 2 year early education place is:

<b>Parent/carer is in receipt of</b>
• Income Support
• Income-based Jobseeker's Allowance (JSA)
• Income-related Employment and Support Allowance (ESA)
• Support through part 6 of the Immigration and Asylum Act
• Child Tax Credit (provided you are not entitled to Working Tax Credit) and have an annual income under £16,190
• Working Tax Credit and have an annual income under £16,190
• The guaranteed element of State Pension Credit
• The Working Tax Credit 4-week run on (the payment you get when you stop qualifying for Working Tax Credit)
<b>Or if the child:</b>
• Is looked after by a local council
• Has a current statement of <a href="#">special education needs (SEN)</a> or an education health and care plan
• Gets <a href="#">Disability Living Allowance</a>
• Has left care under a special guardianship order, child arrangements order or adoption order

In the Summer term 2015, 1163 two year olds were taking up a free early education place – 78% of all eligible children.

See Appendix 4 for a breakdown of early education take-up by two year olds in each area.

Detailed analysis of early education has taken place. Analysis of current provision for 2 year olds indicates that there are a few areas of the borough where spare capacity is limited and they will need to be kept under review. Although all eligible children will be encouraged to take up their place, it is not anticipated that everyone will choose to do so. Monitoring of take-up will continue on an ongoing basis.

## **Section 4 – Geographical Analysis**

## **Geographical Childcare Sufficiency Analysis**

The following sections contain a detailed childcare sufficiency analysis for the 12 Children's Centre reach areas in the borough.

Each section includes:

- Demographic information
- Range of childcare provision available in Rotherham
- Availability of childcare at unsociable hours (i.e. before 8am, after 6pm, evenings and weekends)
- Availability of out of school care
- Capacity of childcare – does the existing childcare provision have enough capacity to meet demand?
- Unmet demand – have there been any recorded instances of unmet demand for childcare?
- Details of early education providers in the area
- Key Findings

See Appendices 3 and 4 for details of the capacity of early education provision

## 4.1 Arnold Children's Centre Area

The Arnold Centre reach area includes Herringthorpe, part of East Herringthorpe, part of East Dene and part of Brecks areas.

The map above details the Super Output Areas (SOA) within The Arnold Centre reach area. Detailed information is available at SOA level and analysis of early education is carried out at this level. Analysis of childcare places is carried out at children's centre reach area level.

The following SOAs from Coleridge Children's Centre reach area: East Dene North East, East Dene North West, Clifton East, and from Valley Children's Centre reach area: Clifton West, have been added to the Arnold Centre area for the purpose of this analysis.

### Deprivation

5 out of the 7 Super Output Areas (SOAs) within the area are within the 30% most disadvantaged nationally. 4 of these SOAs is within the 10% most disadvantaged nationally and a further 1 are within the 20% most disadvantaged in the country.

### Economic

There are approximately 656 families with 753 children aged under 5 years living in the area. Of these children 603 (80%) live in the 30% most deprived areas, and approximately 280 (37%) are living in households dependent on workless benefits, compared to the Rotherham average of 27%.

## Ethnicity

The percentage of children from a 'Black or Minority Ethnic' (BME) background is higher than the Borough average at 23% compared to 17% for Rotherham overall. 20% of families in the area are lone parents families compared to the Rotherham average of 19%.

## Ofsted Registered Childcare Provision

There are 18 registered childcare providers in this area offering a range of childcare types:

Provider Type	Provider Total
Childminders	10
Day Nursery	4
Pre-School	4

The table below details the **availability of childcare provision covering unsociable hours in the area**. 'Evenings' relates to care provided after 6pm and 'Early' relates to care provided before 8am.

	Weekends		Evenings		Overnight		Early	
	Permanent	Occasionally	Permanent	Occasionally	Permanent	Occasionally	Permanent	Occasionally
Childminders	1	1	1	0	0	0	8	0
Full Day Care	0	0	0	0	0	0	1	0

The table below details the **type of out of school provision which offers a drop off and/or collection service to the schools listed**.

Arnold Area			
School	Childminder	After School Club	Breakfast Club
Badsley Moor Primary	✓		
East Dene Primary	✓		✓
Herringthorpe Infant School	✓		✓
Herringthorpe Junior School	✓		✓
St Mary's Catholic Primary School (Herringthorpe)	✓		

There have been no instances of unmet demand in this area.

In Rotherham it was agreed to use the figure of 80% occupancy as a childcare sufficiency marker. If a childcare provider is 80% full they have limited capacity to offer additional places. If a provider is under 80% full it shows capacity to offer places should there be increased demand. The tables below detail the **childcare places available, occupancy levels (demand) and spare capacity**.

<b>All Year round - Full Day Care Providers including Childminders offering early education places</b>	<b>Under 2</b>	<b>2 yrs</b>	<b>3-4 yrs</b>	<b>0-4yrs</b>
Population	287	171	295	753
Total Places	27.0	57.0	82.0	166.0
Demand	18.3	42.5	65.9	126.7
Current Spare Capacity	8.7	14.5	16.1	39.3
Demand as % of Places	67.9%	74.5%	80.3%	76.3%
Demand as % of Population	6.4%	24.8%	22.3%	16.8%
Future Population 2016 2017	272	151	314	737
Future Population 2017 2018	272	136	322	730
Maximum spare early education capacity*	n/a	44	50	94
*if all vacant 2/3/4 year old places are used for early education sessions only				

<b>Term time Provision- Pre-schools</b>	<b>2yrs</b>	<b>3-4yrs</b>	<b>2-4yrs</b>
Population	171	295	466
Total Places	35.0	69.0	104.0
Demand	23.0	59.9	82.9
Current Spare Capacity	12.0	9.1	21.1
Demand as % of Places	65.7%	86.8%	79.7%
Demand as % of Population	13.5%	20.3%	17.8%

## Early Education for 2, 3 and 4 year olds

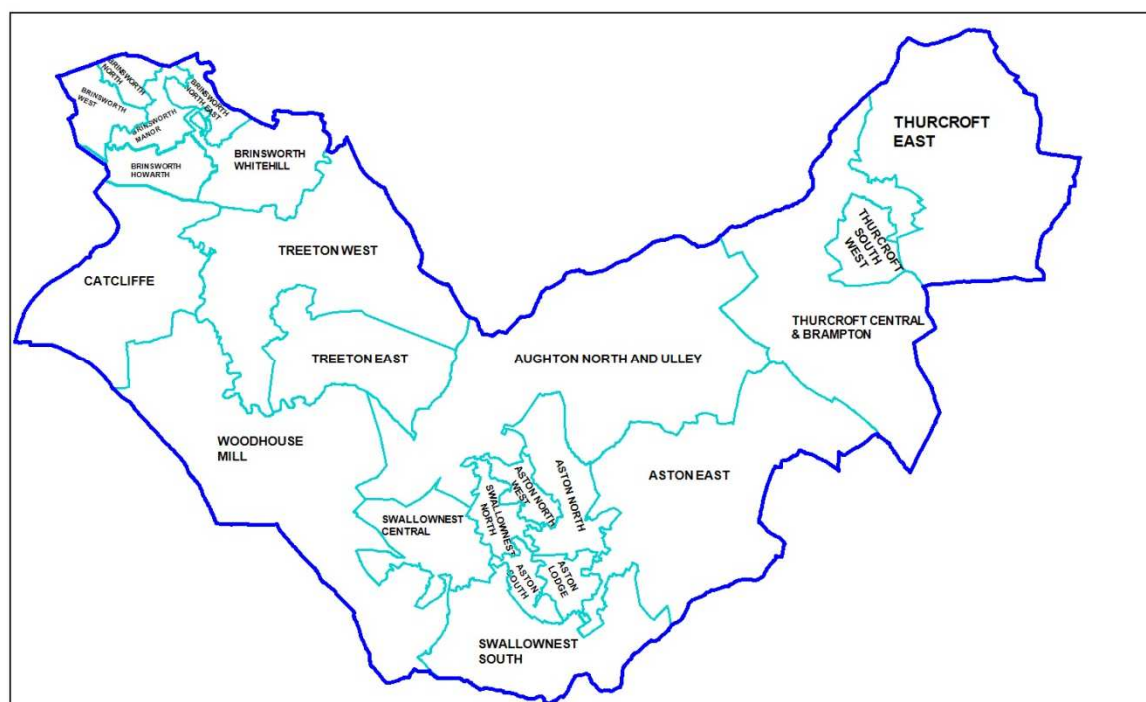

The following schools / providers offer early education places. All schools / providers listed offer places for 3 / 4 year olds. Those marked ‘\*’ also offer places for 2 year olds. See Appendices 3 and 4 for details of current early education take-up figures.

Type of Early Education Provider	Name of Provider
Childminder	5 of which (4*)
Day Nursery	Happy Kids Clifton*
	The Arnold Centre*
	Bright Beginnings*
	Dream Catchers*
Pre-School (on school site)	The Arnold Centre*
Pre-School	Ducklings Nursery*
	Clifton Playgroup*
	Happy Kids East Dene*
School	East Dene Primary
	The Arnold Centre
	Herringthorpe Infant School
School without F1	Badsley Moor Primary
	St Mary’s Catholic Primary

## Key Findings

- There is a range of registered childcare provision with the exception of out of school clubs
- Childcare is available before 8am and at weekend with occasional care available after 6pm. No overnight care is available
- An out of school pick up service is available to all schools in the area provided by Childminders and 3 of the 5 schools provide breakfast clubs
- There is some childcare and early education capacity across all age ranges
- There have been no recorded instances of unmet demand in this area

## 4.2 Aughton Children's Centre Area

The Aughton Children's Centre reach area includes the Aston, Aughton, Swallownest, Treeton, Brinsworth, Catcliffe, Woodhouse Mill and Thurcroft areas.

The map above details the Super Output Areas (SOA) within The Aughton Children's Centre reach area. Detailed information is available at SOA level and analysis of early education is carried out at this level. Analysis of childcare places is carried out at children's centre reach area level.

### Deprivation

7 out of the 22 Super Output Areas (SOAs) within the area are within the 30% most disadvantaged nationally. 2 of these SOAs is within the 10% most disadvantaged nationally and a further 2 are within the 20% most disadvantaged in the country.

### Economic

There are approximately 1941 families with 2238 children aged under 5 years living in the area. Of these children 800 (36%) live in the 30% most deprived areas, and approximately 470 (21%) are living in households dependent on workless benefits, compared to the Rotherham average of 27%.

### Ethnicity

The percentage of children from a 'Black or Minority Ethnic' (BME) background is lower than the Borough average at 10% compared to 17% for Rotherham overall. 18% of families in the area are lone parents families compared to the Rotherham average of 19%.

## Ofsted Registered Childcare Provision

There are 48 registered childcare providers in this area offering a range of childcare types:

Provider Type	Provider Total
Childminders	30
Day Nursery	4
Pre-School	6

The table below details the **availability of childcare provision covering unsociable hours in the area**. 'Evenings' relates to care provided after 6pm and 'Early' relates to care provided before 8am.

	Weekends		Evenings		Overnight		Early	
	Permanent	Occasionally	Permanent	Occasionally	Permanent	Occasionally	Permanent	Occasionally
Childminders	0	4	2	0	0	1	25	0
Full Day Care	0	0	0	0	0	0	2	0

The table below details the **type of out of school provision which offers a drop off and/or collection service to the schools listed**.

Aughton Area			
School	Childminder	After School Club	Breakfast Club
Aston All Saints CE (A) Primary School	✓	✓	
Aston Fence Junior and Infant School	✓	✓	✓
Aston Hall Junior and Infant School	✓	✓	✓
Aston Lodge Primary School	✓	✓

Catcliffe Primary School	✓	✓	✓
Swallownest Primary School	✓	✓	✓
Thurcroft Infant School	✓		✓
Thurcroft Junior Academy	✓		✓
Treeton CofE (A) Primary School	✓	✓	✓

There have been two instances of unmet demand for before school childcare for Aston Springwood Junior and Infants School.

In Rotherham it was agreed to use the figure of 80% occupancy as a childcare sufficiency marker. If a childcare provider is 80% full they have limited capacity to offer additional places. If a provider is under 80% full it shows capacity to offer places should there be increased demand. The tables below detail the **childcare places available, occupancy levels (demand) and spare capacity**.

School without F1	Aston All Saints CE Primary
	Aston Fence Junior and Infant School
	Aston Hall Junior and Infant School
	Aston Springwood Junior and Infant School
	Aughton Primary School

## Key Findings

- There is a range of registered childcare provision
- Childcare is available before 8am and after 6pm with occasional care available at weekends and overnight
- An out of school pick up service is available to all schools in the area provided both by Childminders and out of school clubs and 6 of the 15 schools provide breakfast clubs
- There is some childcare capacity across all age ranges however early education capacity for 2 year olds is limited in the Swallownest area
- There has been two instances of unmet demand for Out of School Care

### 4.3 Coleridge Children's Centre Area

The Coleridge Children's Centre reach area includes the Clifton East, Eastwood and part of East Dene areas.

The map above details the Super Output Areas (SOA) within The Coleridge Children's Centre reach area. Detailed information is available at SOA level and analysis of early education is carried out at this level. Analysis of childcare places is carried out at children's centre reach area level.

For the purpose of childcare / early education sufficiency analysis, the following SOAs from Coleridge Children's Centre reach area: East Dene North East, East Dene North West, Clifton East, have been added to the Arnold Centre Reach area. The Coleridge Children's Centre childcare sufficiency data analysis includes the Eastwood area only.

#### Deprivation

6 out of the 6 Super Output Areas (SOAs) within the area are within the 30% most disadvantaged nationally. 4 of these SOAs is within the 10% most disadvantaged nationally and a further 1 are within the 20% most disadvantaged in the country.

#### Economic

There are approximately 884 families with 1068 children aged under 5 years living in the area. Of these children 1068 (100%) live in the 30% most deprived areas, and approximately 370 (35%) are living in households dependent on workless benefits, compared to the Rotherham average of 27%.

## Ethnicity

The percentage of children from a 'Black or Minority Ethnic' (BME) background is higher than the Borough average at 56% compared to 17% for Rotherham overall. 23% of families in the area are lone parents families compared to the Rotherham average of 19%.

## Ofsted Registered Childcare Provision

There are 4 registered childcare providers in this area offering a range of childcare types:

Provider Type	Provider Total
Childminders	1
Day Nursery	1
Pre-School	2

The table below details the **availability of childcare provision covering unsociable hours in the area**. 'Evenings' relates to care provided after 6pm and 'Early' relates to care provided before 8am.

## Key Findings

- There is a range of registered childcare provision
- Childcare is available before 8am, after 6pm and at weekends. No overnight care is available
- An out of school pick up service is available to all schools in the area provided both by Childminders and out of school clubs and 9 of the 14 schools provide breakfast clubs
- There is some childcare and early education capacity across all age ranges
- There have been no recorded instances of unmet demand in this area

## 4.5 Maltby Stepping Stones Children's Centre Area

The Stepping Stones Children's Centre reach area includes the Maltby, Hellaby, Sunnyside, Flandermwell, Bramley, Wickersley and Listerdale areas.

The map above details the Super Output Areas (SOA) within The Stepping Stones Children's Centre reach area. Detailed information is available at SOA level and analysis of early education is carried out at this level. Analysis of childcare places is carried out at children's centre reach area level.

### Deprivation

7 out of the 24 Super Output Areas (SOAs) within the area are within the 30% most disadvantaged nationally. 4 of these SOAs is within the 10% most disadvantaged nationally and a further 2 are within the 20% most disadvantaged in the country.

### Economic

There are approximately 1803 families with 2116 children aged under 5 years living in the area. Of these children 843 (40%) live in the 30% most deprived areas, and approximately 550 (26%) are living in households dependent on workless benefits, compared to the Rotherham average of 27%.

### Ethnicity

The percentage of children from a 'Black or Minority Ethnic' (BME) background is lower than the Borough average at 6% compared to 17% for Rotherham overall. 19% of families in the area are lone parents families compared to the Rotherham average of 19%.

## Ofsted Registered Childcare Provision

There are 47 registered childcare providers in this area offering a range of childcare types:

### Early Education for 2, 3 and 4 year olds

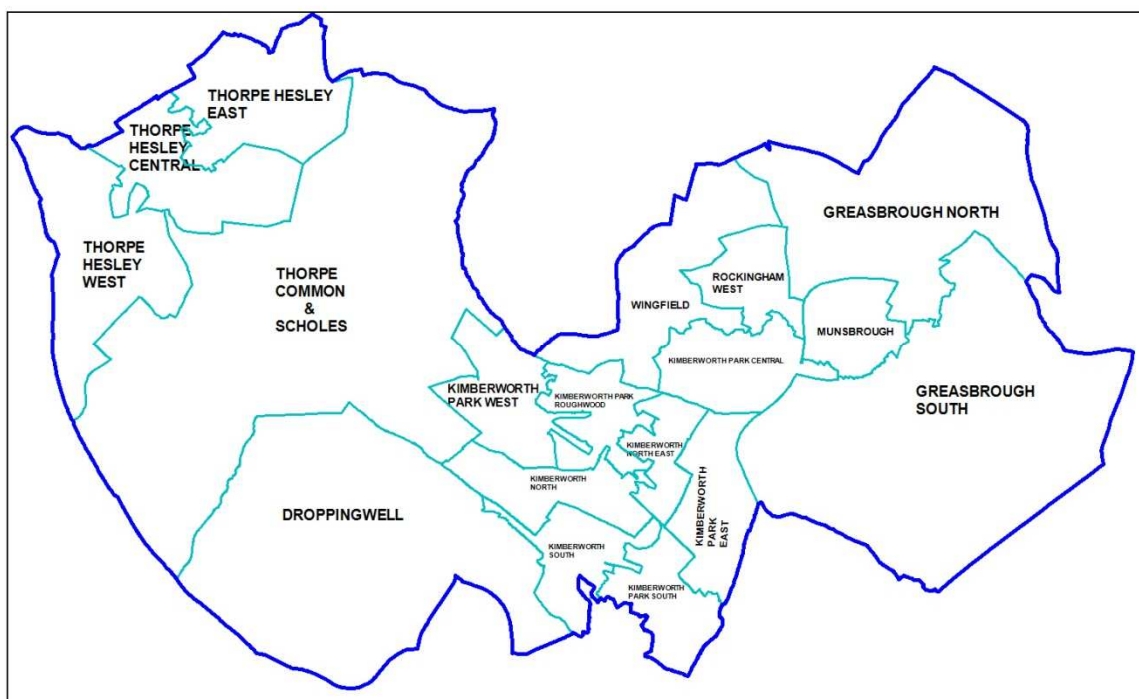

The following schools / providers offer early education places. All schools / providers listed offer places for 3 / 4 year olds. Those marked ‘\*’ also offer places for 2 year olds. See Appendices 3 and 4 for details of current early education take-up figures.

Type of Early Education Provider	Name of Provider
Childminder	17*
Day Nursery	Wickersley Nursery*
	Northfield Under 5's*
	Granby House Nursery*
	Hopscotch*
	Once Upon a Time*
Pre-School (on school site)	Stepping Stones Children's Centres*
Pre-School	Wickersley Community Pre-School*
	Linx Pre-School*
	Sunbeams*
School	Bramley Grange Primary School
	Bramley Sunnyside Infant School
	Flanderwell Primary School
	Maltby Craggs Community School
	Maltby Lilly Hall Primary
	Maltby Manor Academy
	Maltby Redwood Academy
	St Albans CE Primary School
	St Mary's Catholic Primary School
	Wickersley Northfield Primary School

## Key Findings

- There is a range of registered childcare provision
- Childcare is available before 8am, after 6pm and at weekends. No overnight care is available
- An out of school pick up service is available to all schools in the area provided both by Childminders and out of school clubs and 3 of the 11 schools provide breakfast clubs
- There is some childcare and early education capacity across all age ranges
- There have been no recorded instances of unmet demand in this area

## 4.6 Park View Children's Centre Area

The Park View Children's Centre reach area includes the Kimberworth Park, Rockingham, Wingfield, Greasbrough, Munsbrough, Thorpe Hesley, Dropping Well and part of Kimberworth areas.

The map above details the Super Output Areas (SOA) within The Park View Children's Centre reach area. Detailed information is available at SOA level and analysis of early education is carried out at this level. Analysis of childcare places is carried out at children's centre reach area level.

### Deprivation

8 out of the 18 Super Output Areas (SOAs) within the area are within the 30% most disadvantaged nationally. 0 of these SOAs is within the 10% most disadvantaged nationally and a further 7 are within the 20% most disadvantaged in the country.

### Economic

There are approximately 1141 families with 1295 children aged under 5 years living in the area. Of these children 616 (48%) live in the 30% most deprived areas, and approximately 305 (24%) are living in households dependent on workless benefits, compared to the Rotherham average of 27%.

### Ethnicity

The percentage of children from a 'Black or Minority Ethnic' (BME) background is lower than the Borough average at 8% compared to 17% for Rotherham overall. 20% of families in the area are lone parents families compared to the Rotherham average of 19%.

## Ofsted Registered Childcare Provision

There are 30 registered childcare providers in this area offering a range of childcare types:

Provider Type	Provider Total
Childminders	21
Day Nursery	1
Pre-School	6

The table below details the **availability of childcare provision covering unsociable hours in the area**. 'Evenings' relates to care provided after 6pm and 'Early' relates to care provided before 8am.

	Weekends		Evenings		Overnight		Early	
	Permanent	Occasionally	Permanent	Occasionally	Permanent	Occasionally	Permanent	Occasionally
Childminders	0	0	1	1	2	0	12	0
Full Day Care	0	0	0	0	0	0	0	0

The table below details the **type of out of school provision which offers a drop off and/or collection service to the schools listed**.

Park View Area			
School	Childminder	After School Club	Breakfast Club

Thorpe Hesley Primary School	✓		✓
Wentworth CE Junior and Infant School	✓		

There have been no instances of unmet demand in this area.

In Rotherham it was agreed to use the figure of 80% occupancy as a childcare sufficiency marker. If a childcare provider is 80% full they have limited capacity to offer additional places. If a provider is under 80% full it shows capacity to offer places should there be increased demand. The tables below detail the **childcare places available, occupancy levels (demand) and spare capacity**.

## Key Findings

- There is a range of registered childcare provision
- Childcare is available before 8am, after 6pm and overnight. No weekend care is available
- An out of school pick up service is available to all schools in the area provided both by Childminders and out of school clubs and 4 of the 7 schools provide breakfast clubs
- There is some childcare and early education capacity across all age ranges
- There have been no recorded instances of unmet demand in this area

## 4.7 Rawmarsh Children's Centre Area

The Rawmarsh Children's Centre reach area includes the Rawmarsh, Upper Haugh, and part of Kilnhurst (Kilnhurst South and Sandhill East SOA) areas.

The map above details the Super Output Areas (SOA) within The Rawmarsh Children's Centre reach area. Detailed information is available at SOA level and analysis of early education is carried out at this level. Analysis of childcare places is carried out at children's centre reach area level.

### Deprivation

10 out of the 13 Super Output Areas (SOAs) within the area are within the 30% most disadvantaged nationally. 1 of these SOAs is within the 10% most disadvantaged nationally and a further 5 are within the 20% most disadvantaged in the country.

### Economic

There are approximately 1037 families with 1191 children aged under 5 years living in the area. Of these children 1018 (85%) live in the 30% most deprived areas, and approximately 395 (33%) are living in households dependent on workless benefits, compared to the Rotherham average of 27%.

### Ethnicity

The percentage of children from a 'Black or Minority Ethnic' (BME) background is lower \*than the Borough average at 8% compared to 17% for Rotherham overall. 20% of families in the area are lone parents families compared to the Rotherham average of 19%.

## Ofsted Registered Childcare Provision

There are 18 registered childcare providers in this area offering a range of childcare types:

Provider Type	Provider Total
Childminders	8
Day Nursery	4
Pre-School	2

There have been no instances of unmet demand in this area.

In Rotherham it was agreed to use the figure of 80% occupancy as a childcare sufficiency marker. If a childcare provider is 80% full they have limited capacity to offer additional places. If a provider is under 80% full it shows capacity to offer places should there be increased demand. The tables below detail the **childcare places available, occupancy levels (demand) and spare capacity**.

## Early Education for 2, 3 and 4 year olds

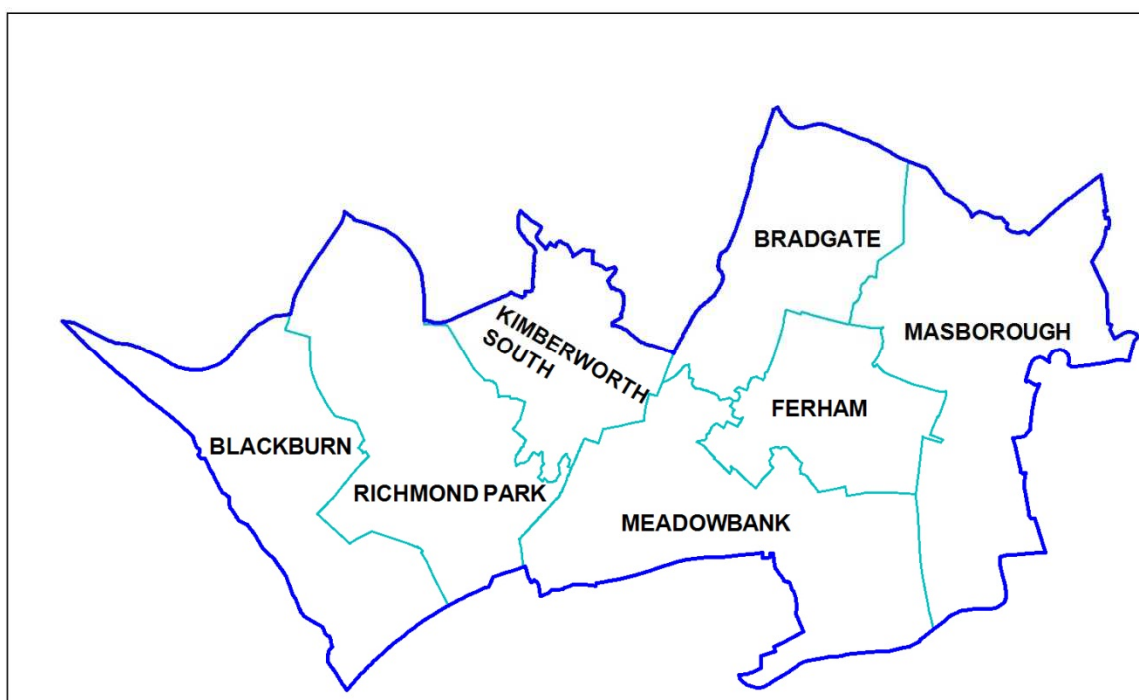

The following schools / providers offer early education places. All schools / providers listed offer places for 3 / 4 year olds. Those marked ‘\*’ also offer places for 2 year olds. See Appendices 3 and 4 for details of current early education take-up figures.

Type of Early Education Provider	Name of Provider
Childminder	4 of which (3*)
Day Nursery	Youngsters*
	Fenwood House Community Day Nursery*
	Fenwood House Day Nursery*
Pre-School (on school site)	Kilnhurst St Thomas Pre-School*
Pre-School	Pollywobble Day Nursery *
School	Brookfield Primary Academy
	Kilnhurst Primary School
	Swinton Fitzwilliam Primary School
	Swinton Queen Primary School
School without F1	Kilnhurst St Thomas CE Primary School

## Key Findings

- There is a range of registered childcare provision with the exception of out of school clubs
- Childcare is available before 8am with occasional care available after 6pm. No weekend or overnight care is available
- An out of school pick up service is available to 3 out of the 4 schools in the area provided by Childminders and 1 out of the 4 schools provides a breakfast club
- There is some childcare and early education capacity across all age ranges
- There have been no recorded instances of unmet demand in this area

#### 4.10 Thrybergh Dalton Children's Centre Area

The Thrybergh Dalton Children's Centre reach area includes the Thrybergh, Dalton, Ravenfield, part of East Herringthorpe and part of Brecks areas.

The map above details the Super Output Areas (SOA) within The Thrybergh Dalton Children's Centre reach area. Detailed information is available at SOA level and analysis of early education is carried out at this level. Analysis of childcare places is carried out at children's centre reach area level.

##### Deprivation

6 out of the 9 Super Output Areas (SOAs) within the area are within the 30% most disadvantaged nationally. 5 of these SOAs are within the 10% most disadvantaged nationally and a further 0 are within the 20% most disadvantaged in the country.

##### Economic

There are approximately 716 families with 845 children aged under 5 years living in the area. Of these children 607 (72%) live in the 30% most deprived areas, and approximately 310 (37%) are living in households dependent on workless benefits, compared to the Rotherham average of 27%.

##### Ethnicity

The percentage of children from a 'Black or Minority Ethnic' (BME) background is lower than the Borough average at 7% compared to 17% for Rotherham overall. 25% of families in the area are lone parents families compared to the Rotherham average of 19%.

## Ofsted Registered Childcare Provision

There are 12 registered childcare providers in this area offering a range of childcare types:

Provider Type	Provider Total
Childminders	9
Day Nursery	0
Pre-School	3

The table below details the availability of **childcare provision covering unsociable hours in the area**. 'Evenings' relates to care provided after 6pm and 'Early' relates to care provided before 8am.

	Weekends		Evenings		Overnight		Early	
	Permanent	Occasionally	Permanent	Occasionally	Permanent	Occasionally	Permanent	Occasionally
Childminders	0	0	0	1	0	0	9	0
Full Day Care	0	0	0	0	0	0	0	0

## Key Findings

- There is a range of registered childcare provision with the exception of pre-schools
- Childcare is available before 8am with occasional care available after 6pm. No weekend or overnight care is available
- An out of school pick up service is available to 6 out of the 9 schools in the area provided by Childminders and out of school clubs and 3 out of the 9 schools provides a breakfast club
- There is some childcare and early education capacity across all age ranges
- There have been no recorded instances of unmet demand in this area

## 4.11 Valley Children's Centre Area

The Valley Children's Centre reach area includes the Canklow, Town Centre (SOA), Clifton West, Broom, Moorgate, Whiston and part of Brecks areas.

The map above details the Super Output Areas (SOA) within The Valley Children's Centre reach area. Detailed information is available at SOA level and analysis of early education is carried out at this level. Analysis of childcare places is carried out at children's centre reach area level.

For the purpose of childcare / early education sufficiency analysis, the Clifton West SOA from Valley Children's Centre reach area has been added to the Arnold Centre Reach area.

### Deprivation

6 out of the 15 Super Output Areas (SOAs) within the area are within the 30% most disadvantaged nationally. 2 of these SOAs are within the 10% most disadvantaged nationally and a further 0 are within the 20% most disadvantaged in the country.

### Economic

There are approximately 1293 families with 1532 children aged under 5 years living in the area. Of these children 737 (48%) live in the 30% most deprived areas, and approximately 320 (21%) are living in households dependent on workless benefits, compared to the Rotherham average of 27%.

## Ethnicity

The percentage of children from a 'Black or Minority Ethnic' (BME) background is higher than the Borough average at 50% compared to 17% for Rotherham overall. 11% of families in the area are lone parents families compared to the Rotherham average of 19%.

## Ofsted Registered Childcare Provision

There are 17 registered childcare providers in this area offering a range of childcare types:

Provider Type	Provider Total
Childminders	12
Day Nursery	2
Pre-School	3

The table below details the availability of **childcare provision covering unsociable hours in the area**. 'Evenings' relates to care provided after 6pm and 'Early' relates to care provided before 8am.

## APPENDIX 5 – Demographic Information

### Worklessness and Benefit Claimants

The Annual Population Survey shows that 22,000 people in Rotherham were either unemployed or long term sick in 2014/15. This is 13.8% of the working age population (16-64), well above the English average of 9.5%. Benefits which can be claimed by workless people include:

- Job Seeker's Allowance
- Income Support
- Employment and Support Allowance
- Incapacity Benefit and Severe Disablement Allowance
- Carer's Allowance

Job Seekers Allowance (JSA) claimants numbered 4,500 in September 2015, 3.8% of the workforce compared with the national average of 3.4%. The number claiming JSA has almost halved since February 2013 when it was 8,900.

Others on benefits include 12,890 long term sick, 4,090 carers and 2,340 lone parents (February 2015). 39% of the 13,400 children in workless households receiving benefits live in lone parent families on Income Support, 30% have parent(s) who are long term sick, 20% have a parent(s) who are unemployed (claiming JSA) and 6% have parent(s) who are full time carers (claiming Carers Allowance).

From December 2015, Universal Credit (UC) will start to replace Income Support, Job Seeker's Allowance, Employment and Support Allowance, Housing Benefit and Tax Credits which will become a single payment to a household on a monthly basis. However, families with children in Rotherham will not be affected immediately.

HMRC data for 2013/14 relating to tax credits and out of work benefits showed that there were 6,900 families in Rotherham receiving out of work benefits and 15,500 receiving in-work benefits (mainly tax credits). Of 12,900 working families receiving child tax credits, 40% are lone parent families. Of children in benefit families, 24,200 live in working families and 13,400 in workless families.

There has been a drop in the number of families receiving benefits from 28,200 in 2011/12 to 22,400 in 2013/14, mainly because the removal of the second income

threshold means that most families that used to receive the Family Element or less are no longer entitled to receive anything.

### Family Composition and Size

Table 2. Indicates that 48.5% of families with children in the Borough have only one child and 36% have two children. Only 15% of families have three or more children and these are concentrated in central areas, with 26% in Coleridge and 22% in Valley. 30% of children live in families with 3 or more children although in many central areas, the figure exceeds 50%, being highest in Ferham (58%). In some suburban areas, less than 15% of children live in large families.

**Table 1. Family Size 2014 (from Child Benefit data)**

Reach Area	All Families with children	1 Child	2 Children	3+ Children
Arnold	1,490	710	490	295
Aughton	4,565	2,235	1,765	565
Brookfield	1,785	925	660	210
Coleridge	1,635	730	485	420
Dinnington	4,310	2,135	1,605	560
Park View	2,935	1,495	1,085	340
Rawmarsh	2,485	1,270	860	355
Rotherham Central	1,785	865	555	365
Stepping Stones	4,735	2,230	1,845	620
Thrybergh Rainbow	1,795	865	645	300
Valley	2,845	1,270	960	620
Wath	2,925	1,450	1,070	400
Rotherham Borough	33,290	16,160 (48.5%)	12,025 (36.1%)	5,050 (15.2%)

## Ethnicity

**Table 2. Young Children by Ethnic Group in Rotherham 2011 & 2014**

Ethnic Group	Children aged 0-4 (2011)	Percent of all aged 0-4 (2011)	Percent of Primary Pupils (2014)
White British	13,398	85.1%	83.1%
Other White	327	2.1%	3.9%
Multiple Heritage	515	3.3%	2.8%
Pakistani / Kashmiri	817	5.2%	6.8%
Other Asian	309	2.0%	1.3%
Black African / Caribbean	242	1.5%	1.3%
Other ethnic group	130	0.8%	0.8%
Total aged 0-4	15,738	100%	100%

The Black and Minority Ethnic (BME) population of Rotherham has more than doubled since 2001 to reach 8.1% of the population in 2011. Coleridge (36.3% BME), Valley (25.8% BME) and Rotherham Central (23.9% BME) are the most ethnically diverse reach areas.

Table 3 shows that across the three reach areas of Coleridge, Valley and Rotherham Central, 46% of children aged 0-4 were BME in 2011, with 21% of Pakistani ethnicity. Only one other reach area, Arnold (20% BME), has a higher proportion of children aged 0-4 from BME communities than the Borough average of 15%. In 8 of the 12 reach areas, the proportion of BME children under 5 is less than 8%.

**Table 3. Ethnic Groups by Reach Area 2011 Census**

Reach Area	Children 0-4	White British	Other White	Pakistani	Other Asian	Black	Other	Percent BME
Arnold	697	558	6	68	10	13	9	19.9%
Aughton	2,208	2,050	18	23	21	27	12	7.2%
Brookfield	778	747	5	0	4	3	1	4.0%
Coleridge	910	453	86	163	71	45	28	50.2%
Dinnington	1,903	1,811	26	3	11	5	1	4.8%
Park View	1,164	1,093	13	6	7	8	3	6.1%
Rawmarsh	1,212	1,120	16	2	22	12	3	7.6%
Rotherham Central	952	555	43	191	23	55	18	41.7%
Stepping Stones	2,316	2,202	24	20	16	8	8	4.9%
Thrybergh Rainbow	857	801	8	7	5	12	2	6.5%
Valley	1,466	781	65	334	115	50	43	46.7%
Wath	1,275	1,227	17	0	4	4	2	3.8%
Rotherham Borough	15,738 (100%)	13,398 (85%)	327 (2%)	817 (5%)	309 (2%)	242 (2%)	130 (1%)	14.9%

Over recent years there has been a considerable migration of East European Roma people from Slovakia, Czech Republic and Romania, mainly into the reach areas of Coleridge (Eastwood) and Rotherham Central (Ferham), but overall they remain a relatively small percentage of the population (about 2% of those aged 0-4).

Table 3 shows that children are notably more ethnically diverse than the overall population, with 13.7% being from BME backgrounds in the 2011 school census, rising to 15.1% in 2014 and 16.9% in the case of primary pupils. The school census shows a higher proportion of other White and Pakistani children than the 2011 Census, many of the former being Roma children.

See details on p93 of additional support offered to BME families to access childcare and early education.

## Employment and Average Earnings

The impact of the last recession resulted in increases in unemployment across Rotherham over recent years. Unemployment has been falling lately but over 2014/15, the Rotherham average of 8.5% was higher than the national rate of 6.2%. Rotherham's employment rate has risen from 65.5% in 2011/12 to 68% in 2014/15, still below the English average of 72.8%.

Average gross weekly earnings in Rotherham fell from £358 in 2010 to £352 in 2011 but have since recovered to £365 in 2014, 87% of the English average. The same relationship exists for full time earnings.

Average weekly full time earnings in the Borough were £451 per week in 2011 and increased to £456 in 2014. Relative to average weekly earnings in England, Rotherham has fallen from 89% in 2011 to 87% in 2014). Women's full time earnings averaged £358 per week in 2014, only two thirds of men's earnings and 77% of women's earnings nationally. For all workers in Rotherham, men averaged £491 per week compared with £267 for women who earned just 54% of male earnings, well below the 65% national equivalent.

**Table 4. Median Full Time Earnings**

<b>2014 Annual Survey of Hours &amp; Earnings</b>	<b>Median FT Earnings</b>	<b>Median Male FT Earnings</b>	<b>Median Female FT Earnings</b>
Rother Valley Constituency	£515	£596	£345
Rotherham Constituency	£399	£439	£317
Wentworth & Dearne Constituency	£451	£536	£388
Rotherham Borough	£456	£538	£358
England	£524	£565	£466

Average earnings data is not available by reach area but Table 4 shows that earnings in Rotherham Constituency (central urban area) are the lowest in the Borough, only 77% of earnings in Rother Valley (south of the Borough). However, the discrepancy between male and female full time pay is greatest in Rother Valley.

Workers in Wentworth & Dearne (north of the Borough) earn close to the borough average although female earnings are the highest in Rotherham.

### **Deprivation in Rotherham**

According to the Indices of Deprivation 2015, Rotherham is the 52<sup>nd</sup> most deprived district in England, amongst the 16% most deprived areas. 19% of the population lives in poverty (deprived of income), including 24% of children.

- Deprivation in Rotherham has become increasingly concentrated in the most deprived parts of the Borough
- There is a great range of inequality of income and other life chances within Rotherham
- 35% of Rotherham workers earn less than the national living wage including 27% of full time workers.

The main drivers of deprivation in Rotherham are high worklessness, low qualification levels, poor Health and high rates of disability. The number of Rotherham people living in areas amongst the 10% most deprived in England has increased from 30,400 in 2007 to 50,400 in 2015. Whilst education deprivation in Rotherham has reduced slightly overall, there have been increases in the most deprived areas where attainment and participation post 16 are low. Within Rotherham, the highest deprivation rankings are in the Education and Skills domain, with 5 areas amongst the most deprived 0.2% in England.

### **Child Poverty**

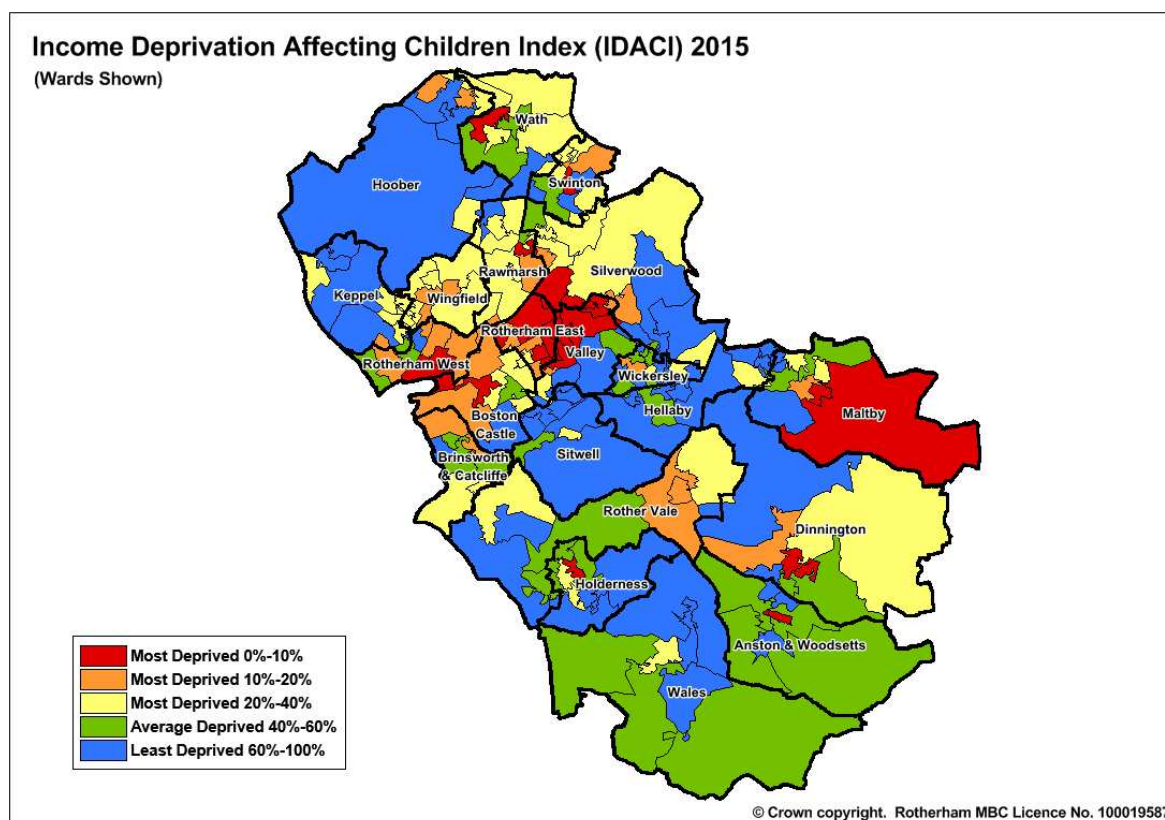

21.7% of children in Rotherham were living in relative poverty in 2013 (the latest available HMRC data), this number is lower than the 25% in 2006/07. Based on this measure, there were 12,720 children living in relative poverty in Sheffield in 2013 or 11,330 for children under 16 (HMRC 2015 using data from 2013).

The Income Deprivation Affecting Children Index (IDACI) from the Indices of Deprivation 2015 shows 12,050 (24.3%) children aged 0-15 in Rotherham affected, rather more than HMRC child poverty data. This is based on 2012 data with a slightly broader definition than HMRC child poverty. 8,400 Rotherham children, 17% of the total, live in areas within the 10% most deprived nationally using the IDACI. Within these areas, 4,170 children (50%) are living in poverty.

Map 1 below shows the distribution of child poverty, as measured by the IDACI across the Borough. This shows a large concentration of child poverty in the reach areas of Coleridge (Eastwood), Arnold (East Dene), Thrybergh Rainbow (East Herringthorpe & Thrybergh) and Rotherham Central (Ferham and Canklow). Other reach areas have pockets of high child poverty in Wath, Swinton, Rawmarsh, Maltby, Dinnington, Aston and North Anston. There are 9 neighbourhoods where over 50% of children are affected by income deprivation, the highest being Canklow in Rotherham Central, at 62.5%.

Compared to other South Yorkshire districts, Rotherham has slightly lower child poverty than Barnsley, Doncaster and Sheffield.

### Map 1. Income Deprivation Affecting Children 2015

**Table 5. Families in receipt of Child Tax Credits 2013**

Reach Area	Total Families	Families not in work	Couples with Children	Lone Parents	Total Children
Arnold	1,190	440 (37%)	710	230	2,060
Aughton	2,715	775 (29%)	1,520	660	4,460
Brookfield	1,195	360 (30%)	685	270	1,880
Coleridge	1,485	580 (39%)	945	210	2,730
Dinnington	2,415	685 (28%)	1,325	625	4,060
Park View	2,045	585 (29%)	1,115	535	3,115
Rawmarsh	1,885	605 (32%)	1,090	410	3,040
Rotherham Central	1,480	520 (35%)	890	275	2,670
Stepping Stones	2,940	835 (28%)	1,600	780	4,855
Thrybergh Rainbow	1,255	475 (38%)	735	260	2,110
Valley	1,995	570 (29%)	1,230	335	3,705
Wath	1,880	595 (32%)	1,060	450	3,160
Rotherham Borough	22,480	7,025 (31.3%)	12,905 (57.4%)	5,040 (22.4%)	37,845 (65.8%)

Child Tax Credits are paid to families on low to average incomes. 37,600 Rotherham children live in families in receipt of child tax credits, 66% of the 57,500 dependent children in the Borough. Coleridge is the reach area with the highest percentage at 85%, showing that low incomes predominate in the area, reflected in the highest percentage of families not in work (39%). 900 lone parents (18%) and 700 couple families (5%) benefit from the Childcare Element of Working Tax Credit.

Over recent years there has been a marked increase in the number of families resorting to using food banks and using doorstep or payday lenders. Rotherham mirrors the national picture whereby families with young children, large families and lone parent families are most at risk of poverty. Table 6 shows that a child aged 0-4 is two thirds more likely to live in poverty than a dependent child aged 16-19. Some families with young children are workless whilst other parents reduce their hours of work when children are young. This can be compounded by increased costs such as paying for childcare. Larger families face increased costs such as higher rent for

larger homes and lone parents are often unable to work as many hours as couples who can share childcare.

**Table 6. Children Living In Poverty by Age 2013**

Rotherham Borough	0-4	5-10	11-15	16-19	Total
Children (child benefit count)	15,745	18,315	14,920	8,525	57,505
Children in Poverty	4,255	4,075	3,000	1,390	12,720
Percentage of children	27.0%	22.2%	20.1%	16.3%	22.1%

Table 7 shows that Coleridge has the highest level of child poverty of the 12 reach areas, both for young children and all children. Although Rotherham Central has the second highest rate of child poverty overall, for children aged 0-4 the second highest reach area is Arnold. Southern parts of Rotherham tend to have lower child poverty with Aughton being the reach area with the lowest rate.

**Table 7. Child Poverty by Reach Area 2013 (HMRC)**

Reach Area	Children aged 0-4	Children aged 0-4 in Poverty	All Dependent Children	Children in Poverty
Arnold	710	265 (37%)	2,780	835 (30%)
Aughton	2,150	450 (21%)	7,660	1,325 (17%)
Brookfield	785	215 (27%)	3,020	590 (20%)
Coleridge	965	400 (41%)	3,045	1,135 (37%)
Dinnington	1,960	425 (22%)	7,495	1,250 (17%)
Park View	1,230	320 (26%)	4,910	965 (20%)
Rawmarsh	1,165	370 (32%)	4,250	1,085 (26%)
Rotherham Central	945	310 (33%)	3,245	1,025 (32%)
Stepping Stones	2,045	530 (26%)	8,300	1,450 (17%)
Thrybergh Rainbow	855	300 (35%)	3,165	880 (28%)
Valley	1,415	320 (23%)	5,670	1,150 (20%)
Wath	1,410	360 (26%)	4,980	1,020 (20%)
Rotherham Borough	15,635	4,265 (27%)	58,520	12,710 (22%)

## **Early Years Achievement**

The Early Years are central to the life chances of children and Early Years Foundation Stage (EYFS) Profile assessments completed at the end of the Foundation Stage show that the Borough's performance has consistently improved and been above national outcomes year on year between 2013 (when a new assessment process was introduced) and 2015

Since 2013, the key Early Years achievement measure has been the Good Level of Development (GLD). At the end of the academic year 2012/2013 56% of Rotherham children achieved a GLD compared to 52% nationally.

In 2013/14 62% Rotherham children achieved a GLD compared to 60% nationally, and in 2014/15 this improved further to 67% of Rotherham children achieving a GLD compared to 66% nationally.

## **APPENDIX 6 – Definitions of Childcare**

### **What is childcare?**

Childcare is defined in Section 18 of the Childcare Act 2006 as “any form of care for a child” including “education ... and any other supervised activity.”

This childcare analysis in this report looks specifically at Ofsted registered childcare plus out of school provision delivered on a school site.

The early education analysis in this report includes early education delivered by childcare providers and nursery schools and nursery / foundation 1 classes.

### **Childminder**

Registered Childminders look after children, usually in their own home. They are self-employed and they decide on working hours and as such can be flexible in offering early mornings, evenings and weekends, as well as part-time. All registered Childminders must meet the requirements within the Statutory Framework for the Early Years Foundation Stage (EYFS)

### **Day Nursery (Full Daycare)**

A Day Nursery provides care and education for children between the ages of 6 weeks and 5 years. (Many may also offer out of school care for 5 to 11 year olds.). They must meet the requirements within the Statutory Framework for the Early Years Foundation Stage. Opening times are from around 8am to 6pm (hours vary but some nurseries may start before 8am), 48 weeks of the year. There are usually a range of sessions available which enable parents to send their child full or part time.

### **Pre-School / Playgroup (Sessional)**

Pre-schools or Playgroups provide care and most offer early education for children between 2 and 5 years old. They offer sessions from 2<sup>1/2</sup> hours to 5 hours, during term time. Some are developing their services to offer longer sessions or full-time day care in line with the extended entitlement to Early Education Funding. They must meet the requirements within the Statutory Framework for the Early Years Foundation Stage.

## **Breakfast Clubs and After School Clubs**

Breakfast clubs are normally open from 8am and After-School clubs are typically open from 3.30pm and up to 6pm. These services can be based in a range of venues including on school sites, youth clubs, community centres or nurseries. Some schools organise the childcare themselves, but others will work with local voluntary groups, or private providers who will provide staff and sometimes facilities.

## **Holiday Play Schemes**

Holiday Play Schemes tend to be open from 8am to 6pm and run outside of term time.

These services can be based in a range of venues including on school sites, youth clubs, community centres or nurseries.

## **Maintained Nursery School / Nursery classes**

Nursery schools and Nursery classes provide early education (Foundation 1) for children between 3 and 4 years old. Nursery schools / classes are open during school hours in term time. Many offer full or half-day sessions. Many have extended their provision to cater for the needs of working parents. Some may also offer out of school care before or after school during term time and in the school holidays. They must meet the requirements within the Statutory Framework for the Early Years Foundation Stage.

## **Maintained/Academy Foundation Stage Units**

Foundation units provide early education (Foundation 1) for children between 3 and 4 years old in provision which also includes Foundation 2/Reception age children. Foundation units are open during school hours in term time. Many offer full or half-day sessions. Many have extended their provision to cater for the needs of working parents. Some may also offer out of school care before or after school during term time and in the school holidays. They must meet the requirements within the Statutory Framework for the Early Years Foundation Stage.

## APPENDIX 7 – Ofsted Registration

The Childcare Act 2006 says childcare is ‘any form of care for a child, including education or any other supervised activity’.

Most childcare providers caring for children under eight years old must register with Ofsted, unless the law says they do not need to.

- Anyone who cares for children under the age of eight **for more than two hours a day** in England must register with Ofsted or as applicable, a Childminder agency unless they are exempt. It is an offence to provide such childcare without being registered or on premises that have not been approved.

There are two registers:

- **the Early Years Register** – for providers caring for children aged from birth to 31 August following their fifth birthday; providers on this register must meet the ‘Statutory framework for the Early Years Foundation Stage’<sup>1</sup>
- **the Childcare Register**, which has two parts:
  - Part A: Compulsory – for providers caring for children from the 1 September after the child's fifth birthday up until their eighth birthday
  - Part B: Voluntary – for providers caring for children aged eight and over, and other providers who are exempt from compulsory registration, such as nannies.
- The registration requirements and the processes will differ depending on the type of childcare provided and the ages of the children looked after.

Type of childcare	Definition
Childminding	Childminding is provided on domestic premises where up to a maximum of three people work together at any one time. They look after one or more children to whom they are not related, for reward. ‘Domestic premises’ means premises which are wholly or mainly a private dwelling. It does not count as Childminding if it is the

<sup>1</sup> *Statutory framework for the early years foundation stage*, Ofsted, 2014;  
[www.gov.uk/government/publications/early-years-foundation-stage-framework](http://www.gov.uk/government/publications/early-years-foundation-stage-framework).

	home of one of the children being cared for, unless the care is for more than two different families at the same time. A Childminder can spend up to 50% of their time working on approved non-domestic premises under their Childminding registration.
Childcare on domestic	Childcare on domestic is where there are four or more people working together, for example four Childminders, or two Childminders and two assistants, or one Childminder and three assistants. These providers can spend up to 50% of their time working on approved non-domestic premises.
Childcare on non-domestic premises	This is where childcare is provided on premises which are not somebody's home, for example in purpose-built premises, village halls, school premises. Such childcare normally includes nurseries, pre-/after-school clubs and holiday clubs.
Home childcarer (sometimes known as a nanny or au pair)	Home childcarers care for children from birth upwards in the child's own home. Home childcarers may care for children from two different families at the home of one of the families. If more than two families use the care at the same time, then it is classed as Childminding.

<b>Ages of children being cared for</b>	<b>Type of register</b>
Birth to 31 August after their fifth birthday	The Early Years Register
From 1 September after their fifth birthday up to their eighth birthday	The compulsory part of the Childcare Register
Eight years and over	The voluntary part of the Childcare Register
Children from birth up to age 17 where the provision is exempt from registration	The voluntary part of the Childcare Register

### Ofsted Inspections

- Once a provider is registered on the Early Years Register, Ofsted carries out regular inspections to evaluate the overall quality and standards of the early years provision, in line with the principles and requirements of the 'Statutory framework for the Early Years Foundation Stage'. Ofsted will normally inspect

providers within 30 months of their registration and at least once in every inspection cycle thereafter. Information on how Ofsted inspects providers on the Early Years Register is provided in the 'Early Years inspection handbook'.

- Providers registered on the Childcare Register are inspected on a 10% sample basis each year, using a proportionate and risk based approach. Childminders and childcare on domestic premises who operate on non-domestic premises for up to 50% of the time will have their provision inspected at either of the premises depending on where they are operating at the time the inspection is arranged. Information on how Ofsted inspects providers registered on the Childcare Register is provided in the guidance 'Conducting Childcare Register inspections'.

Providers on the Early Years Register, will usually be inspected within the first 30 months of [registration](#) and then at least once in every inspection cycle. The current Early Years inspection cycle finishes on 31 July 2016.

Providers could be inspected at any time if they are only on the Childcare Register.

If a providers in on both registers they will be inspected for the Childcare Register only when they are inspected for the Early Years Register. They could also be inspected if someone reports concerns about the childcare they are providing.

Providers do not have to register with Ofsted in the following cases (for full details see the Early years and childcare registration handbook)

- If they care for children who are aged eight and over.
- If they provide care where a child does not stay with them for more than two hours a day, even if the childcare service is open for longer than two hours.
- If they only care for a child or children aged under eight who they are related to. A relative means a grandparent, aunt, uncle, brother or sister of a child (or half-brother or sister) or someone they are related to through marriage or civil partnership.
- If they are a school or academy that provides education or care for children aged two and over, where at least one child being cared for is a pupil of the school.

**APPENDIX 8 – Local Authority Support for Parents / Providers:****Families Information Service:**

The Families Information Service (FIS) provides free and impartial advice on childcare, early education and activities for children and young people as well as support services and benefits. They hold details of all registered and unregistered childcare across Rotherham to support parents in finding childcare provision to meet their needs. The FIS also offers extra support to families experiencing difficulty finding suitable childcare, for example, if short term/emergency, overnight or out of hours childcare is needed, children with additional needs, parents/carers for whom English is a second language or if no suitable childcare was found from their initial request. The FIS help by offering support such as providing one-to-one support, advice and guidance, contacting providers to find out whether they are able to offer the service the family requires and where appropriate, arranging for parents/carers to be accompanied on their initial visits.

The service is available via a Freephone helpline, email, or website [www.rotherhamfis.co.uk](http://www.rotherhamfis.co.uk) providing parents and professionals with access to information on a wide range of subjects.

The FIS also carry out the eligibility checks for all 2 year old early education places.

**Support for Children with Special Educational Needs and Disabilities (SEND):**

The Families Information Service (FIS) offers 'brokerage' assistance to families with children with additional needs by offering the support needed to find the right childcare for the child and family. The support offered varies depending on individual circumstances; for example, the FIS may contact childcare providers on a parent's behalf to check if the provision is suitable or search for childcare with particular experience and/or training of children with additional needs. The FIS has links with the Disabled Children's Information Officer who promotes access to childcare to all parents/ carers of children who are undergoing a medical assessment at the Child Development Centre. The FIS also work closely with the Early Years Inclusion Officer who then supports the family and the childcare provider to ensure the child's individual needs are met. The Early Years Inclusion Officer supports settings to be inclusive to all children and families. An Inclusion Outreach Team work to ensure a

smooth transition for children with SEND into their Foundation 1 early education place.

Individualised support is offered to childcare settings and parents of children with complex SEND to identify specialist needs and ensure that settings are equipped with the resources and specialised training needed to meet the child's individual needs.

### **Support for Black & Minority Ethnic (BME) families:**

Additional support to access childcare and early education can be offered to BME families. The Families Information Service offers a telephone translation service to ensure that the family's needs are clearly understood and the information and advice given is clear and that the family's needs have been met. If further support is required a referral to a Children's Centre Outreach Worker is made to offer supported visits to local childcare providers. Children's Centre staff work closely with local communities and organisations to increase the awareness of childcare and early education, working with families to remove barriers by visiting families at home, engaging them in Children's Centre services, building trust and relationships between families and local childcare and early education providers.

### **Support for Childcare and Early Education Providers:**

A range of support is provided to early years childcare providers to ensure quality standards are maintained and increased on an ongoing basis. This support is targeted at new providers and those with a 'Requires Improvement' or 'Inadequate' Ofsted grade, or where the setting is identified as at risk of not getting at least a Good Ofsted outcome at their next inspection. This risk is identified through an annual evaluation conversation between setting leader(s) and the setting's allocated Early Years Specialist Teacher.

Childcare Officers provide a range of support to registered Childminders and Out of School Clubs. Support is available throughout the Ofsted registration process and also in preparation for Ofsted inspections. Childcare Officers offer support visits to providers, in particular those providers who are due an Ofsted inspection, to offer advice and guidance on Ofsted requirements and the Early Years Foundation Stage (EYFS). Follow up visits are carried out as necessary to ensure all actions have

been implemented and provide further support as required prior to Ofsted inspections.

A Childminder Pre-registration Course is delivered in-house through the Early Years and Childcare Service to potential Childminders before they register with Ofsted. The Childminder Pre-registration Course is an 8 week course that aims to provide a wider knowledge and understanding of the Early Years Foundation Stage (EYFS) and Ofsted requirements to support the Childminder Ofsted registration process.

In 2014/15 each early years group setting was allocated a Lead Teacher to support with the requirements of the Early Years Foundation Stage Framework and the development of high quality provision and practice. If a setting had 0-3 provision on site then additional support was provided via a 0-3 Outreach Worker / Trainer or Birth to Three Co-Ordinator / Trainer.

In 2015/16 each early years group setting is allocated an Early Years Specialist Teacher to complete the annual evaluation conversation which identifies their likelihood of achieving a good or better Ofsted outcome at their next inspection, support with meeting the requirements of the Early Years Foundation Stage Statutory Framework and the development of high quality provision and practice. Where a setting has 0-3 year provision that is identified as needing support by the Early Years Specialist Teacher this support is then provided by the Early Years Lead Practitioner (Birth to 3 years).

In addition, a range of networking and training events are offered to group settings to keep them up to date with early years developments and expectations and support the development of effective practice. For good and outstanding settings this is the main source of support offered to them.

Settings may also receive support from the Inclusion Outreach Service to support complex need children during transition into F1. Inclusion Outreach workers enable a wide range of mainstream schools and childcare settings to consider and implement inclusive strategies to meet children's' needs. Access to this service is via a multi-agency referral.

All registered providers with an Outstanding, Good or Requires Improvement Ofsted grade can now offer early education places to 3 / 4 year olds and those with a 'Good

or Outstanding' Ofsted grade can offer place to eligible 2 year olds. All new providers awaiting their first inspection can also offer early education places for eligible 2 year olds and 3/4 year olds. Support for all new providers is given to ensure that they fully understand the contractual requirements.

One to one support is available for childcare providers to enable them to understand and produce electronic Personal Education Plans for looked after children.
