- \* Changes happening on the ground (Single Point of Access, Care Co-ordination Centre, Integrated Discharge Teams, Integrated Rapid Response)
- \* Technology

# What are we worried about?

- \* Balancing (often competing) priorities
- \* Capacity to deliver – balance of new vs existing
- \* Engagement, communications and language

- \* Develop an Unplanned Care Team
- \* Focus on *Home First* and new delivery models
- \* Preparation as a system for Winter Plan requirements to meet NHS England requirements and applying learning from 2017/18 plan outcomes
