Hi Chris,

Please be advised we have received 3 noise complaints regarding this pub from late night entertainment from nearby residents.

We have also received 4 complaints reading rubbish to the rear yard.

I do have certain concerns regarding the extension of hours for the purposes of playing recorded music and live music. They are proposing to extend the hours in the week Monday – Friday until 24:00hrs and at the weekend Friday and Saturday until 01:00hrs. This public house is surrounded by domestic premises. One would envisage noise complaints from surrounding residents if the noise from amplified music wasn't controlled within these late times, in order not to cause a noise nuisance to surrounding residents.

It is my proposal that they revise their proposed variation for the purposes of playing recorded music and live music in the midweek. Monday – Friday and Sunday until 23:00hrs and Friday and Saturday evening until the hours of 24:00hrs. in order prevent excessive noise nuisance to surrounding residents.

Thanks Hazel
