Councillor Simon Tweed (01909 518134 - 07535 831924)

Councillor John Vjestica (01709 255936)

Councillor  
Mallinder

Councillor  
Tweed

Councillor  
Vjestica

PUTTING COMMUNITIES AT THE **HEART** OF EVERYTHING WE DO

## Dinnington Ward Action Plan:

- Support the implementation of the road improvement scheme
- Support improvements to private sector rented housing through the selective licensing scheme and other initiatives
- Support and develop initiatives to improve the local environment (including the provision of community skips)
- Support and develop activities and facilities for children, young people and families in addition to educational activity
- Support and develop health and well being initiatives for our community
- Work in partnership with Police and others to address issues around crime and disorder
- Work with local businesses and partners to improve economic growth of Dinnington
- Identify community groups, publish details and encourage co-operation and communication with partners and the community

## Headline Projects:

### East Street Multi Use Games Area

The MUGA is situated in the heart of the disadvantaged community area and is a well used resource . We have funded repairs to the lighting so that the facility can be used during the dark nights. Our RMBC youth outreach team engage with young people here and provide diversionary activity addressing ASB & nuisance issues.

## Billy & Belinda bollards

These bollards are designed to look like small children and evidence in other parts of the borough suggests that they slow traffic down.

We are working in partnership with Laughton junior school and they held a competition for pupils to design the appearance of the bollards. A ballet dancer won and we presented the winner with some book tokens.

The bollards are due to be installed in the near future.

## Victoria Street Community Allotments

After several years of working with the community and owners of the land we have managed to turn what was overgrown and unused land subject to flytipping into a productive and managed area of allotments. These are run by a community group for the community to use. This addresses issues around health, loneliness & isolation, activity and allows residents to grow and cook their own food.

## Community Safety / Partnership Event

In December 2018 we worked with Neighbourhood Partnerships, S.Y. Police, S.Y. Fire, AGE UK, Dinnington Town Council, Police and Crime Commissioner, Area Housing Panel and others to host a partnership / Community safety event at Dinnington Resource Centre for residents to receive advice and equipment to help them feel safer in their homes and in their neighbourhood.

In addition we invited Santa and his reindeers which was very well received by residents.

The Mayor Councillor Alan Buckley and lady Mayoress Sandra Buckley kindly attended to help make the event a success.
