Recommendations

• Consider ‘health and wellbeing’ in the wider context of being influenced by everything around us.

• Seek first to understand what is ‘strong’ in our communities and what assets we can build on together to support the health and wellbeing of our residents.
What we can do together

• Relaunch the Joint Strategic Needs Assessment
• Raise awareness of ‘Five ways to wellbeing’
• Workforce development on asset-based working
• Expansion of social prescribing
• Support ‘working win’ sustainability
• Encourage uptake of BeWell@Work workplace award
• Engage communities in what keeps them healthy
