

Committee Name and Date of Committee Meeting

Audit Committee – 24th March 2020.

Report Title

Internal Audit Quality Assurance and Improvement Programme (QAIP).

Is this a Key Decision and has it been included on the Forward Plan?

No.

Strategic Director Approving Submission of the Report

Judith Badger, Strategic Director, Finance and Customer Services.

Report Author

David Webster, Head of Internal Audit

Tel: 01709 823282

Email: david.webster@rotherham.gov.uk

Ward(s) Affected

Borough-Wide.

Report Summary

Internal Audit is a major source of assurance to the Council on the framework of control, risk management and governance. It is therefore important that it operates in conformance with Public Sector Internal Audit Standards.

An internal self-assessment was completed in January 2019 which showed general conformance with those standards. A Quality Assurance and Improvement Programme (QAIP) was produced to address the areas where conformance was not achieved, or further improvement could be made.

The Improvement Programme has been implemented since then. The latest annual self-assessment has now been completed, still showing general conformance with the standards. However, there are still actions that can be taken to maintain and improve performance. This paper shows the status of actions in last year's QAIP and the actions to be taken over the coming year.

Recommendations

The Audit Committee is asked to note the production and ongoing implementation of the QAIP based on the internal self-assessment reported to this committee.

List of Appendices Included

Appendix A Quality Assurance and Improvement Plan 2019 Actions

Appendix B Quality Assurance and Improvement Plan 2020

Background Papers

Public Sector Internal Audit Standards.

Accounts and Audit (England) Regulations 2015.

Audit Committee Paper February 2018.

Consideration by any other Council Committee, Scrutiny or Advisory Panel

No.

Council Approval Required

No.

Exempt from the Press and Public

No.

Internal Audit Quality Assurance and Improvement Programme.

1. Background

- 1.1 Internal Audit is required to operate in accordance with the Public Sector Internal Audit Standards (PSIAS). Those standards require the existence of a Quality Assurance and Improvement Plan.
- 1.2 The QAIP requires ongoing and periodic reviews of quality within Internal Audit. A self-assessment was completed in January 2019 and the results reported to the Audit Committee. Where conformance to the standards was not achieved actions were generated which in total comprised the Improvement Action Plan for 2019. This self assessment used the checklist developed by the Chartered Institute of Internal Auditors (CIIA).
- 1.3 A further self-assessment has now been completed. This included evaluating progress against the QAIP and the production of a new QAIP based on the latest results. This self-assessment used the checklist developed by the Chartered Institute of Public Finance and Accountancy (CIPFA). When arranging for peer review external assessments between Councils in South and West Yorkshire, for consistency it was agreed to use this checklist.

2. Key Issues

- 2.1 The current position against the 2019 Improvement Action Plan is given in Appendix A. Many actions were completed during the year. Those that were not completed related to the use of Computer Aided Audit Techniques and the use of an overall survey of senior management. None of these affect the standard of work carried out by the team.
- 2.2 An updated QAIP has been produced using the results of the 2020 self-assessment and the resultant actions. This is given in Appendix B. Even when General Conformance has been achieved against individual standards, suggestions have been made where appropriate to drive further improvements.
- 2.3 Implementation of the actions will be progressed throughout the year.

3. Options considered and recommended proposal

- 3.1 There is no discretion on whether to comply with the PSIAS. The purpose of the report is to inform the Audit Committee of the QAIP that has been put in place and is being implemented.

4. Consultation

- 4.1 None.

5. Timetable and Accountability for Implementing this Decision

- 5.1 The Audit Committee is asked to receive this report at its 29th January 2019 meeting.

6. Financial and Procurement Implications

- 6.1 There are no direct financial or procurement implications arising from this report. The budget for the Internal Audit function is contained within the budget for the Finance and Customer Services Directorate.

7. Legal Advice and Implications

- 7.1 The provision of Internal Audit is a statutory requirement for all local authorities that is set out in the Accounts and Audit (England) Regulations 2015. These state:

“each principal authority must undertake an effective internal audit to evaluate the effectiveness of its risk management, control and governance processes, taking into account public sector internal auditing standards or guidance.”

- 7.2 Internal Audit also has a role in helping the Council to fulfil its responsibilities under s.151 of the Local Government Act 1972, which are:

“each local authority shall make arrangements for the proper administration of their financial affairs and shall secure that one of their officers has responsibility for the administration of those affairs”

8. Human Resources Advice and Implications

- 8.1 There are no direct Human Resources implications arising from this report.

9. Implications for Children and Young People and Vulnerable Adults

- 9.1 There are no direct implications for Children and Young People.

10. Equalities and Human Rights Advice and Implications

- 10.1 There are no direct Equalities and Human Rights Implications arising from this report.

11. Implications for Partners

- 11.1 Internal Audit is an integral part of the Council’s Governance Framework, which is wholly related to the achievement of the Council’s objectives, including those set out in the Council Plan.

12. Risks and Mitigation

12.1 The following risk has been identified.

Risk	Impact	Likelihood	Mitigation
Failure to meet the requirements of the standards set down in the UK Public Sector Internal Audit Standards (PSIAS).	Low	Low	Internal assessment shows areas where standards are not currently met. Produce and implement Quality Assurance and Improvement Plan.

13. Accountable Officer

David Webster, Head of Internal Audit.

2310	<p>Identifying Information</p> <p>Internal auditors must identify sufficient, reliable, relevant, and useful information to achieve the engagement's objectives.</p> <p>Interpretation:</p> <p>Sufficient information is factual, adequate, and convincing so that a prudent, informed person would reach the same conclusions as the auditor. Reliable information is the best attainable information through the use of appropriate engagement techniques. Relevant information supports engagement observations and recommendations and is consistent with the objectives for the engagement. Useful information helps the organisation meet its goals.</p>	<p>activity in a consultancy engagement</p> <p>The internal auditor plans what information they may need, where that information could be obtained from and whether that information is sufficient, reliable, relevant, and timely.</p> <p>The working files/papers for the audit engagement contain information that shows how activities and processes are designed and how they are meant to work.</p> <p>Information is obtained from information systems about the way processing operates – options include reporting tools, exception reports and CAATs.</p> <p>Information also includes observations, interviews and results of audit testing.</p>	<p>Information is gained in order to complete audit testing and support conclusions, and retained in the files.</p> <p>If documented systems / processes are available they will be obtained and used. If not such processes will usually be determined through discussion with auditee and recorded in the working papers.</p> <p>Reports are obtained where applicable. CAATs are not used.</p> <p>Audit evidence stored in electronic files including in the main repository of MK Insight</p> <p>Internal Audit Quality Reviews of completed work</p>	<p><u>CAATS</u></p> <p>Training courses on MS Excel, Google Documents MS Excel CAATS software</p> <p>Consider separate appendices in the Audit Manual on the use of CAATS, The same as for MK Insight and Risk Management</p>	2019	<p>Not implemented. Use of CAATs to be developed.</p> <p>Implemented Manual updated for CAATs, MK Insight and Risk Management.</p>

Ref	Standard	Key Conformance Criteria	Conformance	Planned Action	Timescale	Current Position
2410	<p>Criteria for Communicating</p> <p>Communications must include the engagement's objectives scope and results.</p> <p>2410.A1 Final communication of engagement results must, include applicable conclusions, as well as applicable recommendations and/or action plans. Where appropriate, the internal auditors' opinion should be provided. An opinion must take into account the expectations of senior management, the board and other stakeholders and must be supported by sufficient, reliable, relevant and useful information.</p> <p>Interpretation:</p> <p>Opinions at the engagement level may be ratings, conclusions or other descriptions of the results. Such an engagement may be in relation to controls around a specific process, risk or business unit. The formulation of such opinions requires consideration of the engagement results and their significance.</p> <p>2410.A2 Internal auditors are encouraged to acknowledge satisfactory performance in engagement communications.</p> <p>2410.A3 When releasing engagement results to parties</p>	<p>There is evidence of appropriate, timely communication with management throughout the audit engagement.</p> <p>This begins with discussions to research and scope an audit, leading to agreement upon objectives.</p> <p>Communication with managers also occurs as the audit engagement proceeds - discussing and analysing information.</p> <p>Close –out meetings that provide the basis for exchange views about conclusions, opinions and possible recommendations for improvement.</p> <p>An overall opinion or conclusion is included within audit communications in line with the stakeholder expectations and the original objectives of the audit engagement.</p> <p>Opinions are given according to the level, scope and detail agreed with senior management</p> <p>Opinions at the engagement level may be ratings, conclusions or other descriptions of the results.</p>	<p>Internal Audit Manual with templates</p> <p>Opening meeting held to agree scope and objectives.</p> <p>Ongoing contact is maintained throughout the audits.</p> <p>Closing meetings held after all audits, including conclusions and opinions and recommendations.</p> <p>Overall opinions are given according to the agreed process and linked to objectives.</p> <p>Standard rating for audit opinions.</p> <p>Reports include areas that are well controlled.</p>	<p>Caveat on the audit report for any client sharing of the report with other parties as part of evidence of compliance for example for a Care Home with the CQC, Academy report with Ofsted.</p> <p>Consider communication being a separate field in the Customer Satisfaction Questionnaire</p>	2019	<p>Not Implemented. Only applies to Academy reports. Standard wording to be added to the reports.</p> <p>Implemented. Added to the questionnaire.</p>

	<p>outside the organisation, the communication must include limitations on distribution and use of the results.</p> <p>2410.C1 Communication of the progress and results of consulting engagements will vary in form and content depending upon the nature of the engagement and the needs of the client.</p>	<p>Satisfactory performance is acknowledged in engagement communications.</p> <p>Communications outside the organisation are limited in distribution and use of results.</p> <p>There is evidence of progress and results on consulting engagements that is reasonable to the engagement.</p>	<p>N/A</p> <p>N/A</p> <p>Audit evidence stored in electronic files including in the main repository of MK Insight</p> <p>Internal Audit Quality Reviews of completed work</p>			
--	---	---	---	--	--	--

Ref	Standard	Key Conformance Criteria	Conformance	Planned Action	Timescale	Current Position
2420	<p>Quality of Communications</p> <p>Communications must be accurate, objective, clear, concise, constructive, complete, and timely.</p> <p>Interpretation:</p> <p>Accurate communications are free from errors and distortions and are faithful to the underlying facts. Objective communications are fair, impartial, and unbiased and are the result of a fair-minded and balanced assessment of all relevant facts and circumstances. Clear communications are easily understood and logical, avoiding unnecessary technical language and providing all significant and relevant information. Concise communications are to the point and avoid unnecessary elaboration, superfluous detail, redundancy, and wordiness. Constructive communications are helpful to the engagement client and the organisation and lead to improvements where needed. Complete communications lack nothing that is essential to the target audience and include all significant and relevant information and observations to support recommendations and conclusions. Timely communications are opportune</p>	<p>There is a record of the timeline for the communication of results that spans the completion of the audit engagement through to communication with the board.</p> <p>There is a procedure that ensures discussions with managers between the close of the audit engagement and the delivery of communications are performed promptly.</p> <p>There is evidence to show IA communications are delivered in a timely manner and within the timeframe and level of resource set at the start of the audit engagement.</p> <p>Communications cover the full scope of the audit engagement.</p> <p>The form and style of communications has been discussed and agreed with senior management and the board including the method of communications, format, and any grading of opinions and recommendations.</p>	<p>Record kept of the progress of audits from completion of fieldwork to reporting to Audit Committee. Planned and actual key dates recorded in MKInsight.</p> <p>Closing meetings are held as soon as possible after completion of fieldwork.</p> <p>There are targets for issue and return of draft and final reports, which are followed up if necessary. Actual dates are noted on the files.</p> <p>No. Have tended to be based on good practice / examples / templates from other authorities. Standard report format being produced. Reports show the link between objectives and conclusions.</p>	<p>Annual review of communications at the time of the annual audit planning process as part of continuous reflection and improvement.</p>	<p>March 2019</p>	<p>Implemented. Review of communications as part of this assessment.</p>

	<p>and expedient, depending on the significance of the issue, allowing management to take appropriate corrective action.</p>	<p>There is evidence of review and approval of communications prior to their release</p> <p>Communications are clear and concise.</p>	<p>Draft and final reports are reviewed before release.</p> <p>Yes.</p> <p>Records held in MK Insight and documents such as the audit brief, requests for information as part of the fieldwork, meeting requests and reports sent to the client.</p>

Rotherham Metropolitan Borough Council

Internal Audit Quality Assurance and Improvement Plan 2020

1 Introduction and Background

- 1.1 The professional responsibilities for Internal Auditors are set out in the International Standards for the Professional Practice of Internal Auditing, published by the Chartered Institute of Internal Auditors (CIIA) in the UK and Ireland. Public Sector Internal Audit Standards (PSIAS) are based on the international standards.
- 1.2 The Standards require the Head of Internal Audit to develop a Quality Assurance and Improvement Programme (QAIP), designed to enable an evaluation of Internal Audit's conformance with the Standards. The programme also assesses the efficiency and effectiveness of the internal audit activity and identifies opportunities for improvement.
- 1.3 The QAIP must include both internal and external assessments.
- 1.4 Internal assessments must include:
 - Ongoing monitoring of the performance of the Internal Audit activity. This is an integral part of the day-to-day supervision, review and measurement of internal audit. Ongoing monitoring is incorporated into the routine policies and practices used to manage internal audit and uses processes, tools and information considered necessary to evaluate conformance with the Definition of Internal Auditing, Code of Ethics and Standards; and
 - Periodic self-assessments or assessments by other persons within the organisation with sufficient knowledge of internal audit practices, to evaluate conformance.
- 1.5 External assessments must be completed at least every five years by a qualified, independent assessor or assessment team from outside the organisation and may be either a full external assessment or a self-assessment with independent validation.
- 1.6 Within RMBC the Head of Internal Audit is responsible for the QAIP, which covers all types of Internal Audit activities. Under the QAIP, quality should be assessed at both an individual audit assignment level as well as at a broader level covering the entire internal audit department.
- 1.7 All staff within Internal Audit have responsibility for maintaining quality. The activities outlined in this QAIP involve all staff.
- 1.8 Internal Audit's QAIP is designed to provide reasonable assurance to the various stakeholders of RMBC that it:
 - Performs its work in accordance with its Charter, which is consistent with the PSIAS
 - Operates in an efficient and effective manner
 - Is adding value and continually improving its operations

2 External Assessment

- 2.1 At least once every five years, internal audit working practices are subject to external assessment to ensure the continued application of professional standards. This process appraises and expresses an opinion about conformance with PSIAS and includes recommendations for improvement, as appropriate. The assessment is conducted by an independent and suitably qualified person or organisation and the results are reported to the Head of Internal Audit.
- 2.2 Results of external assessments are reported to the Audit Committee at the earliest opportunity following receipt of the report. The report must be accompanied by an action plan in response to significant findings and recommendations contained in the report. Any specific areas identified as requiring further development and/or improvement must be included in an action plan.
- 2.3 At the end of 2015 a wide-ranging external review of Internal Audit was completed by PwC, including an assessment against PSIAS. The results were reported to the Audit Committee in January 2016. 19 recommendations were made for improvement. By November 2016, 10 of the recommendations had been completed, 3 were rated green (certain to be achieved) and 6 were rated amber (in progress / on target).
- 2.4 The results showed non-conformance against PSIAS at that time. One of the recommendations was that an improvement plan should be developed that brings about the necessary improvements to meet the PSIAS requirements. RMBC Internal Audit reviewed their report and considered there were 76 actions to be taken to meet full compliance. By November 2016, 47 of those actions were rated green and 29 were rated amber. The 2016/17 and subsequent Internal Assessments completed and reported every year then gave an up to date position and action plan.
- 2.5 The Audit Committee agreed in November 2019 that an external assessment should take place in 2020 to take the form of an external validation of the internal assessment. The internal assessment has been completed and the external validation is about to take place.

3 Internal Assessment

Internal Assessment is made up of both ongoing and periodic reviews

- 3.1 Ongoing quality assurance arrangements
 - 3.1.1 RMBC Internal Audit maintains appropriate ongoing quality assurance arrangements designed to ensure that internal audit work is undertaken in accordance with PSIAS.
 - 3.1.2 Assignment level
 - The maintenance of a detailed audit procedures manual and quality management system to ensure compliance with applicable planning, fieldwork and reporting standards

- The objectives, scope and expected timescales for each audit assignment subject to agreement with the client before detailed work commences
- The results of all audit testing documented using standard working papers
- Documented review of file and working papers by a Principal Auditor to ensure that:
 - All work undertaken complies with the requirements of professional best practice and appropriate audit techniques have been used;
 - Audit files are complete and properly structured;
 - The objectives of the audit have been achieved;
 - Appropriate levels of testing have been carried out;
 - The findings and conclusions are sound and are demonstrably supported by relevant, reliable and sufficient audit evidence
 - The audit report is complete, accurate, objective, clear, concise, constructive and timely
- Supervision of audit assignments
- Regular monitoring of progress of audit assignments
- Draft reports and recommendations are reviewed and approved by the Head of Internal Audit.
- Client View Questionnaires are issued with each draft report to obtain feedback on the performance of the auditor and on how the audit was received.

3.1.3 Internal Audit department level

- The Internal Audit annual plan is produced using a risk-based approach
- The audit procedures manual provides a detailed description of the work of the department and the way in which the work should be carried out. This is a point of reference for staff and guides them through the relevant procedures followed within the department
- The Internal Audit Charter provides stakeholders with a formally defined purpose, authority and responsibility for Internal Audit
- Continuous development of the internal audit team to ensure it possesses the necessary capacity, skills and knowledge to successfully deliver the annual audit plan including
 - Job descriptions for each post
 - Annual performance appraisals, to include assessment against audit competencies
 - Individual development plans based on the results of the appraisals
 - Training plans and qualifications for individuals within the team
- Performance against agreed quality targets reported to the Audit Committee at each meeting

3.1.4 Integrated Audit Software

The department uses integrated audit software supplied by Pentana (previously Morgan Kai). This enhances and enforces quality assurance at both assignment and departmental level.

3.1.5 Reporting to the Audit Committee

At each meeting Internal Audit provides the Audit Committee with a Progress Report summarising the audit activity undertaken since the previous meeting. This includes the following:

- Progress against the annual plan
- A list of reports issued during the period including details of the assurance opinion provided and an outline of the major findings
- Details of investigations completed
- Outstanding audit recommendations
- Performance Indicators for the department

3.2 Periodic Reviews

3.2.1 Periodic reviews are completed by an annual self-assessment of conformance with PSIAS completed by the Head of Internal Audit. In previous years a checklist developed by the Chartered Institute of Internal Audit (CIIA) has been used for the self-assessment. This year a checklist developed by the Chartered Institute of Public Finance and Accountancy (CIPFA) has been used. This was agreed in order to provide consistency in external peer reviews.

3.2.2 The results of the self-assessment are used to identify any areas requiring development or improvement. Any specific changes or improvements are included in the annual Improvement Action Plan.

3.2.3 Results are also used to evaluate overall conformance with the PSIAS, the results of which are reported to senior management and the Audit Committee.

3.2.4 An annual self-assessment against the standards was completed in January 2017 and the results reported to the Audit Committee in February 2017. The Internal Audit Service was assessed as partially conforming, an improvement on the previous year. Partial conformance means the department is making good faith efforts to comply with the requirements but falls short of achieving some major objectives. These represent significant opportunities for improvement in effectively applying the standards. The partial conformance was not considered to impact on the effectiveness of the service, and the service complied with the Standards in all significant areas and operates independently and objectively. The assessment resulted in the development of a QAIP to continue the improvement. An Improvement Action Plan was produced to address the individual areas identified as requiring improvement.

3.2.5 The self-assessment for 2018 and 2019 showed general conformance with the standards. However, there were still actions that could be taken to maintain and improve standards.

3.2.6 Another self-assessment has now taken place which included an evaluation of progress against the previous actions, using the CIPFA checklist. The results are shown below. Where an action has been identified against a standard the whole of that standard and the current actions are shown to give context, even if the new suggested action only relates to part of the standard.

3.2.7 The new suggested actions will be updated after the conclusion of the external assessment. They will be progressed throughout the year and the results reported back to the committee.

Quality Assurance and Improvement Plan – 2020

Actions from assessment February 2020

Ref	Standard	Assessment	Conformance	Planned Action	Timescale	Person Responsible
1210	<p>Having regard to the answers to the other questions in this section and other matters, does the internal audit activity collectively possess or obtain the skills, knowledge and other competencies required to perform its responsibilities?</p> <p>Where the internal audit activity does not possess the skills, knowledge and other competencies required to perform its responsibilities, does the CAE obtain competent advice and assistance?</p>	<p>Shortfall in IT and the use of CAATs.
