M Describe the steps you intend to take to promote the four licensing objectives:

a) General – all four licensing objectives (b, c, d and e) (please read guidance note 10)

We will do our absolute best to ensure all four of the licensing objectives are met and adhered to. We believe the licence will allow a great addition to the area, the area is very diverse in demographic and the service we offer will be of great interest to the community. We will adhere to any guidance/advice given by official agencies and also be open to suggestion of improvements by any official agencies. We will operate within the rules and regulations set by the official agencies. We would be happy to comply with and follow any suggestions if it is felt that we have missed any areas in the steps below.

b) The prevention of crime and disorder

The area where the premises will be located will be well lit, we will install CCTV & alarm systems covering the premises and land. The land the premises will be situated on already has lockable gates and a security perimeter fence. The premises will have a roller shutter and secure entry door. There will be no glass on any openings of the premises. Given the nature of our premises serving only Hot drinks and snack we don't foresee any related disorder. However, having longer opening hours on weekends where we expect to be busier will allow us to ensure the concentration of customers is reduced therefore reducing risks of any disorder. We will liaise with South Yorkshire Police to ensure we are following correct guidance to prevent any crime or disorder. Customers will not be able to enter the premises as there will be no provision for this it will only be used to serve food from for takeaway only. All staff will be given any training that may be required or suggested by SYP or any other official agencies.

c) Public safety

The necessary insurance and indemnities will be in place to ensure safety of the public. We will ensure safe construction and installation of premises/equipment and other related items to ensure safety for the public. We will ensure repair/maintenance of equipment and premises is upkept. Fire safety equipment will also be available at the premises. Adequate levels of staff will also be present. The site will also be accessible for any disabled customers. We will liaise with Fire authority to ensure safety of premises by utilising the free business safety visits provided by the Fire service to ensure fire safety requirements are always met.

d) The prevention of public nuisance

There will be no music or amplified sounds played at the premises within the licensable times. There will be adequate parking on the land to ensure there isn't any improper/illegal parking on the streets. The land is large enough to accommodate expected customers. Solely staff will be present within the premises therefore any situations that may cause nuisance will be controlled. Multiple waste disposal bins will be provided to eliminate littering and to deal with increase of waste disposal. Premises and surrounding area will be regularly cleaned any litter/rubbish will be picked up to maintain a clean environment. The majority of cooking prep will be done off site, the main food preparation will be heating food. The equipment mainly used will be fryer, microwave and a stove all of which will have noise limited by ensuring side personnel door is kept shut to reduce escaping noise. These will only be used periodically and will not be in constant use again allowing us to limit noise. Once served the customer will be encouraged to leave the premises and surrounding area. Any queuing by customers will occur on the private land so will not affect any other businesses or public areas. We will operate a one way IN and one way OUT system for vehicles entering onto the land to use the premises to ensure easy, systematic and disturbance free flow of customers coming in and out land and

premises. Any lighting will be just to illuminate the immediate area of the premises for the safety of customers and care will be taken to ensure the light isn't causing any disruption to neighbouring residents or business. The light will only be shone onto the private land.

e) The protection of children from harm

We will be happy to operate in any voluntary schemes designed to protect children and will happily comply with recommendations and requirements from official agencies. Every attempt will be made to ensure staff are made aware of the basic principles of child protection to be able to identify any potential risks to children on or around the premises.
