**RESP Update for Improving Lives**  
**11<sup>th</sup> June 2019**

**SEND**

<b>Key Priority</b>	<b>Action Point</b>	<b>Update</b>
In 5 years the high needs block funding for out of authority placements have doubled in cost. This is unsustainable by the authority. Out of authority place funding is 64% of the whole special school budget for Rotherham schools.	<ul style="list-style-type: none"> <li>• Map out the out of authority placements in terms of location, potential return, cost and care needs.</li> <li>• Enhance the QA procedures for out of authority placements.</li> <li>• Identify team to support QA of PCRs / EHCP review for out of authority students.</li> </ul>	<p>All special school heads signed up to SEND review training.</p> <p>All committed to supporting commissioners on QA of out of authority places.</p> <p>Map of where out of authority placements are and reasons why they are there is currently being worked on by commissioning. This data will allow commissioners to assess where placements could be better supported within the LA rather than expensive out of authority.</p>
2. SEND sufficiency review to be re-evaluated and areas sustainable growth to be identified from 0-25 years.	<ul style="list-style-type: none"> <li>• Review LA SEND provision with discussions for potential growth areas matched to need.</li> <li>• Clear report on what we have and what we are missing to be devised working backwards from ideal to positive and possible.</li> <li>• Schools to commit to what they can offer, timescales</li> </ul>	<p>Up to date figures by data team show key growth for MLD, ASD, SEMH.</p> <p>Schools committed to original expansion plans but this won't be enough to meet growth and return children back from out of authority places.</p> <p>No more special schools to open to work has to be on moving services to support inclusion in mainstream.</p> <p>Special school Heads interested in developing opportunities for services to be delivered and based within the special schools therefore allowing the level of expertise to be shared within mainstream.</p>

	and what target pupils will be.	
3. Dual funded places to have clarity in their procedure and policy.	<ul style="list-style-type: none"> <li>• Evaluate how many dual funded places are currently in place and where best practice is.</li> <li>• Working party to write procedures and policy in relation to safeguarding, attendance, funding of dual placements.</li> <li>• Dual placement growth to be included within key priority 2.</li> </ul>	<p>Guidance sought from Dean Fenton and Kathryn Wiltshaw.</p> <p>For PRU – element 3 funding stays in the host school too long or not shared equally following the child.</p> <p>Clarity now needed for responsibility of host school to give a child sense of belonging to their community. Involvement for some is just at CIN meetings which isn't conducive to dual placement.</p> <p>Work with Mary Jarrett / Kathryn Wiltshire for clarity on dual registered provision.</p>
