Dear Councillor Cutts

Council Meeting – 11th November 2020

Thank you for submitting a question for the above Council meeting.

You ask **“Could you advise if RMBC currently financially supports any charities, clubs or organisations”?**

Financial support can be provided in various ways – through payments for contracted or commissioned services, through direct grant payments to support the activity of an organisation, etc.

Without specific information relating to a particular charity, club or organisation I am unable to provide a more detailed response. If you would like to provide further clarity I am happy to work with officers to provide a further detailed response.

I hope above information adequately answers your question.

Yours sincerely

Councillor Saghir Alam
Cabinet Member, Corporate Services and Finance
