

PART A - Initial Equality Screening Assessment

As a public authority we need to ensure that all our strategies, policies, service and functions, both current and proposed have given proper consideration to equality and diversity.

A **screening** process can help judge relevance and provide a record of both the process and decision. Screening should be a short, sharp exercise that determines relevance for all new and revised strategies, policies, services and functions.

Completed at the earliest opportunity it will help to determine:

- the relevance of proposals and decisions to equality and diversity
- whether or not equality and diversity is being/has already been considered, and
- whether or not it is necessary to carry out an Equality Analysis (Part B).

Further information is available in the Equality Screening and Analysis Guidance – see page 9.

3. Relevance to equality and diversity
--

All the Council's strategies/policies, services/functions affect service users, employees or the wider community – borough wide or more local. These will also have a greater/lesser relevance to equality and diversity.

When considering these questions think about age, disability, sex, gender reassignment, race, religion or belief, sexual orientation, civil partnerships and marriage, pregnancy and maternity and other socio-economic groups e.g. parents, single parents and guardians, carers, looked after children, unemployed and people on low incomes, ex-offenders, victims of domestic violence, homeless people etc.

If you have answered no to all the questions above, please explain the reason

The Climate Emergency Annual Report is a summary of progress to date, against strategic objectives (NZ30, NZ40) and an action plan (Climate Emergency Action Plan 2021/22). These objectives and actions were subject to Equality Screening Assessment and Equality Analysis before they were adopted by Cabinet, 23rd March 2020 and 22nd March 2021, respectively.

The Annual Report does not propose any changes to the Council's services, commissioning or procurement practices, or to the Council's workforce or employment practices. There will be a separate Equality Screening Assessment and Analysis for the new Climate Emergency Action Plan, to be developed in 2022.

If you have answered **no** to all the questions above please complete **sections 5 and 6**.

If you have answered **yes** to any of the above please complete **section 4**.
