Dear Sir / Madam,

Proposed implementation of 20mph speed limit & road humps

I write to inform you that the Council, as Highway Authority, proposes to promote a traffic regulation order the effect of which would be the implementation of a 20mph speed limit on the full length of Boston Castle Grove & Terrace. Additionally, three bolt-down style rubber road humps (which would be 75mm high with tapered sides and 3 metres in length) along Boston Castle Grove are also proposed.

Details of this scheme are shown on drawing number NSS/BOSTONCASTLE/2021/03 which is attached.

The scheme has been developed following a suggestion made by your local Councillors to the Councils Neighbourhood Road Safety Scheme Fund which has been set up in Rotherham to address community concerns. In this case the roads are frequently used by pedestrians attending both the College and Boston Castle in addition to residents use. It will also better reflect and indicate to users the speed at which it is safer to travel throughout this residential area. The Traffic Regulation Order for the restrictions will be advertised by Notice in the local press and on site shortly.

If you have any general enquiries regarding this scheme, please do not hesitate to contact us by one of the methods available at the top of this letter.

For formal objections to **any** aspect of this scheme, these will be required in writing and must specify the grounds on which they are being made. Any objections that you may wish to make should be made no later than 11th February 2022 and addressed to:
