Dear Sir / Madam,

Proposed implementation of 20mph speed limit – Various roads Whiston.

I write to inform you that the Council, as Highway Authority, proposes to promote a Traffic Regulation Order (TRO) the effect of which would be the implementation of a 20mph speed limit on all roads, shown on the attached drawing reference number: NSS/SITWELL/2021/02.

The scheme has been developed following a suggestion made by your local Councillors to the Councils Neighbourhood Road Safety Scheme Fund which has been set up in Rotherham to address community concerns. In this case the roads are residential in nature and frequently used by pedestrians. It is recognised that lower vehicle speeds generally assist and encourage walking and cycling, and the lower speed limit will better reflect and indicate to users the speed at which it is safer to travel throughout this area.

The scheme itself will not include any physical traffic calming measures, such as road humps, at this time, as the main intention behind the proposals is to introduce a 20mph speed limit without the need for physical alterations to the road network. However, measures will be introduced at each entry point to the scheme, through changes to the speed limit signage, red coloured carriageway surfacing and speed limit roundels. Along the roads affected 20mph repeater signs will be installed. If you have any queries regarding this scheme, please do not hesitate to contact us by one of the methods available at the top of this letter.

The Traffic Regulation Order for these restrictions will be advertised by Notice in the local press and on site shortly. Formal objections to any aspect of this scheme will be required in writing to Legal Services at the address below (or email: Legal-TRO@rotherham.gov.uk) no later than 11 February 2022. Any objections must specify the grounds on which they are being made.

Bah Nahal
