Governance

The Health Select Commission is the health scrutiny function and the Health and Wellbeing Board provides updates on progress to Health Select where required. The minutes of the Health and Wellbeing Board are also received at every meeting of the Health Select Commission to ensure that Health Select can scrutinise items from the Health and Wellbeing Board if they so wish.

Critically, the Health and Wellbeing Board will also be an integral part of Rotherham Together Partnership's structures. The Chair will be a member of the Rotherham Together Partnership and will be required to regularly report on progress.

The relationship to the South Yorkshire Integrated Care Board is to be determined as changes are finalised.

The board is also signed up to the Rotherham Safeguarding Partnership Protocol which is an agreement between several partnership boards to ensure that strategic priorities in relation to safeguarding are translated effectively into action plans. The Chair and the Health and Wellbeing Board support officer will be responsible for ensuring that the requirements of this protocol are met.

The Health and Wellbeing Board will also be responsible for setting the strategic direction for the Integrated Care Partnership Place Board, as the Place Plan is the delivery mechanism of the aspects of the Health and Wellbeing Strategy relating to integrating health and social care. Regular updates on the delivery of the Place Plan will be received by the Health and Wellbeing Board to ensure appropriate oversight. The Chair and the Health and Wellbeing Board support officer will also attend Place Board meetings as observers.

Further to this, the Health Inequalities and Prevention Enabling Group established by the Place Plan will report directly into the Health and Wellbeing Board.

A diagram is included within appendix one which outlines the governance arrangements.

Quorum

A quorum of the board will be at least one third of members (i.e. five), including at least one representative from RMBC and the Integrated Care Board.

Meeting arrangements

The board will meet every two months, with additional special meetings arranged as required to discuss specific or urgent issues. The schedule of meetings will be reviewed and agreed annually by the board. Meetings are currently held at the Rotherham Town Hall (RMBC). The venue is to be reviewed and agreed by board members. Alternative or virtual meeting venues may be considered according to the discretion of the Chair and the requirements of the meeting.

Board meetings will be conducted in public, though the board will retain the ability to exclude representatives of the press and other members of the public from a defined section of the meeting having regard to the confidential nature of the business to be transacted (in accordance with the Public Bodies Act 1960).

Papers for the board will be distributed at least one week in advance of the meeting. Additional items may be tabled at the meeting in exceptional circumstances at the discretion of the chair. Minutes of the board will be circulated in advance of the next meeting and approved at the meeting.

All agenda items brought to the board need to clearly demonstrate their contribution to delivering the board's priorities.

Engaging with the public and providers

The public and providers may wish to attend meetings to observe or submit questions to the Health and Wellbeing Board. Any questions should be submitted to the Health and Wellbeing Board support officer (contact details included in the key contacts section above) one working day before the date of the meeting. Ordinarily, this will mean that any questions will need to be submitted by 9am on the Tuesday preceding a Health and Wellbeing Board meeting on the following Wednesday.

In responding to queries, the board may wish to provide a written response and will commit to providing this response within a month of the board meeting.

The board is inclusive of commissioners and providers and it is intended that all members will take part in and support the development of strategic priorities and direction. However, members who have a provider role should declare any conflict of interest whenever appropriate.
