Internal Audit Progress Report for the period 1st September 2022 to 31st October 2022

1. Background

- 1.1 CIPFA guidance for Audit Committees in Local Authorities gives the Audit Committee a clear role in supporting the effectiveness of the internal audit process. This role is reflected in the Terms of Reference of the committee. To fulfil this role the committee receives updates on the work of internal audit including key findings, issues of concern and action in hand as a result of internal audit work. In addition, it receives information on performance relative to the audit plan.
- 1.2 Public Sector Internal Audit Standards require that the Head of Internal Audit reports periodically to the Audit Committee. This is reflected in the Audit Charter which provides for Progress Reports to be presented to the Audit Committee regarding the audit plan and progress against it; resource requirements; the results of audit activities; the tracking of audit recommendations; and the performance of the audit team.
- 1.3 This report includes the position up to the end of October on the completion of the annual plan for 2022/23, the reports finalised in September and October, and performance indicators for the team.

2. Key Issues

2.1 Department Developments

One of the Principal Auditors has taken flexible retirement from 1st October 2022, reducing his hours from full time to 2 days a week. Recruitment has been completed for an additional full time Senior Auditor, with a successful internal candidate. Recruitment for a replacement Auditor will take place. This will enhance capacity in the medium term and aid business continuity and succession planning. In the short-term there will be a shortfall in resource. The plan will be monitored to ensure that sufficient coverage is maintained.

The department has purchased Data Analytics software and the training has been completed. This can be applied to databases to identify unusual or anomalous transactions for examination, which will increase the efficiency and effectiveness of audit work in the future, but again will have a short-term effect as it starts to be used.

2.2 Internal Audit Annual Plan

Internal Audit produced a risk based Annual Audit Plan for 2022/23 and presented it to the Audit Committee at its meeting on 15th March 2022. Meetings have taken place with all DLT's to review the plan at the half-year and ensure it remains relevant and up to date, resulting in some revisions. The current position with regards to the revised plan is given in **Appendix A**. The changes to the plan resulting from these meetings are summarised in **Appendix B**. In the year to date the department has delivered 563 days of productive work, showing it is on target for the year as a whole.

2.3 Audit Work Undertaken During the Period

Internal Audit provides an opinion on the control environment for all systems or services which are subject to audit review. These are taken into consideration when forming our overall annual opinion on the Council's control environment. There are four possible levels of assurance for any area under examination, these being "Substantial Assurance", "Reasonable Assurance" "Partial Assurance" and "No Assurance". Audit opinions and a brief summary of all audit work concluded since the last Audit Committee are set out in **Appendix C**. Six audits have been finalised since the last Audit Committee, including one with Partial Assurance – Building Security.

2.4 In addition to the planned audit assurance work, Internal Audit also carries out unplanned responsive work and investigations into any allegations of fraud, corruption or other irregularity. There have been no investigation reports issued since the last committee meeting.

2.5 Internal Audit Performance Indicators

Internal Audit's performance against a number of indicators is summarised in **Appendix D**. Targets were met apart from the issuing reports in the planned time, which was affected by annual leave.

2.5 Management Response to Audit Reports

Following the completion of audit work, draft reports are sent to or discussed with the responsible managers to obtain their agreement to the report and commitment to the implementation of recommendations. This results in the production of agreed action plans, containing details of implementation dates and the officers responsible for delivery. Draft reports are copied to the relevant Head of Service and Assistant Director and final reports are also sent to the Strategic Director.

Confirmation of implementation of audit recommendations is sought from service managers when the implementation date is reached. This is automated, with alerts being sent out a week before the due date to the Responsible Manager and Head of Service, and overdue alerts sent out weekly, copied into the Assistant and Strategic Director. Managers should enter the system and provide an update on the action – either implemented or deferred.

Summary reports of outstanding actions are produced monthly and distributed to Strategic Directors. At the present time there are only four actions that have been deferred from their original due dates, and one of these is due to be cleared by the end of November. The position will be monitored and any issues reported.

3. Options considered and recommended proposal

3.1 This report is presented to enable the Audit Committee to fulfil its responsibility for overseeing the work of Internal Audit. It provides a summary of Internal Audit work completed and the key issues arising from it for the period from 1st September to 31st October 2022 and information about the performance of the Internal Audit function during this period.

4. Consultation on proposal

4.1 The Internal Audit plan was produced after consultation with management teams. All Internal Audit reports referred to in this report have been discussed and agreed with management in the respective service areas.

5. Timetable and Accountability for Implementing this Decision

5.1 The Audit Committee is asked to receive this report at its 29th November 2022 meeting.

6. Financial and Procurement Advice and Implications

6.1 There are no direct financial or procurement implications arising from this report. The budget for the Internal Audit function is contained within the budget for the Finance and Customer Services Directorate.

7. Legal Advice and Implications

7.1 The provision of Internal Audit is a statutory requirement for all local authorities that is set out in the Accounts and Audit (England) Regulations 2015. These state:

“A relevant authority must undertake an effective internal audit to evaluate the effectiveness of its risk management, control and governance processes, taking into account public sector internal auditing standards or guidance.”

7.2 Internal Audit also has a role in helping the Council to fulfil its responsibilities under s.151 of the Local Government Act 1972, which are:

“each local authority shall make arrangements for the proper administration of their financial affairs and shall secure that one of their officers has responsibility for the administration of those affairs”

8. Human Resources Advice and Implications

8.1 There are no direct Human Resources implications arising from this report.

9. Implications for Children and Young People and Vulnerable Adults

9.1 This document includes a report of progress against delivery of the Internal Audit Plan. A significant proportion of the Plan is devoted to the examination of risks facing Children and Young People’s Services and Adult Social Care.

10. Equalities and Human Rights Advice and Implications

10.1 There are no direct Equalities and Human Rights Implications arising from this report.

11. Implications for CO2 Emissions and Climate Change

11.1 There are no direct CO2 and Climate Change implications arising from the report.

12. Implications for Partners

12.1 Internal Audit is an integral part of the Council's Governance Framework, which is wholly related to the achievement of the Council's objectives, including those set out in the Council Plan.

13. Risks and Mitigation

13.1 An effective Internal Audit Department helps to minimise the Council's exposure to risk.

14. Accountable Officer

David Webster, Head of Internal Audit.

Definitions

Rating	Definition
Substantial Assurance	<p>Substantial assurance that the system of internal control is designed to achieve the service's objectives and this minimises risk.</p> <p>The controls tested are being consistently and effectively applied. Recommendations, if any, are of an advisory nature (1 star) to further strengthen control arrangements.</p>
Reasonable Assurance	<p>Reasonable assurance that the system of internal control is designed to achieve the service's objectives and minimise risk. However, some weaknesses in the design or inconsistent application of controls put the achievement of some objectives at risk.</p> <p>There are some areas where controls are not consistently and effectively applied and / or are not sufficiently developed. Recommendations are no greater than medium (2 star) priority.</p>
Partial Assurance	<p>Partial assurance where weaknesses in the design or application of controls put the achievement of the service's objectives at risk in a significant proportion of the areas reviewed.</p> <p>There are significant numbers of areas where controls are not consistently and effectively applied and / or are not sufficiently developed. Recommendations may include high priority (3 star) and medium priority (2 star) matters.</p>
No Assurance	<p>Fundamental weaknesses have been identified in the system of internal control resulting in the control environment being unacceptably weak and this exposes service objectives to an unacceptable level of risk.</p> <p>There is significant non-compliance with basic controls which leaves the system open to error and / or abuse. Recommendations will include high priority (3 star) matters and may also include medium priority (2 star) matters.</p>
