Carbon capture (e.g. through trees)?	N/A	Not planned.			
Identify any emission impacts associated with this decision that have not been covered by the above fields: N/A					

Please provide a summary of all impacts and mitigation/monitoring measures:

The Family Hubs Cabinet paper describes the local authority's responsibility to deliver on the national Family Hubs Programme to transform inter agency working to enable better access to services for children and families and provision of a comprehensive digital offer, again to improve accessibility to support. This is likely to impact positively on carbon impact with more worker collocated and ultimately less buildings required long term

Working Together to Safeguard Children, (2018) provides the legislative framework for Early Help and describes how local organisations and agencies should have in place effective ways to identify emerging problems and potential unmet needs of individual children and families.

The Multi-agency Early Help Steering Group will oversee the implementation of the delivery plan reporting to the Rotherham Safeguarding Children Partnership.
