

Appendix 2

PART A - Initial Equality Screening Assessment

As a public authority we need to ensure that all our strategies, policies, service and functions, both current and proposed have given proper consideration to equality and diversity.

A **screening** process can help judge relevance and provide a record of both the process and decision. Screening should be a short, sharp exercise that determines relevance for all new and revised strategies, policies, services and functions.

Completed at the earliest opportunity it will help to determine:

- the relevance of proposals and decisions to equality and diversity
- whether or not equality and diversity is being/has already been considered, and
- whether or not it is necessary to carry out an Equality Analysis (Part B).

Further information is available in the Equality Screening and Analysis Guidance – see page 9.

The following questions will help you to identify how relevant your proposals are.

When considering these questions think about age, disability, sex, gender reassignment, race, religion or belief, sexual orientation, civil partnerships and marriage, pregnancy and maternity and other socio-economic groups e.g. parents, single parents and guardians, carers, looked after children, unemployed and people on low incomes, ex-offenders, victims of domestic violence, homeless people etc.

4. Considering the impact on equality and diversity

If you have not already done so, the impact on equality and diversity should be considered within your proposals before decisions are made.

Considering equality and diversity will help to eliminate unlawful discrimination, harassment and victimisation and take active steps to create a discrimination free society by meeting a group or individual's needs and encouraging participation.

Please provide specific details for all three areas below using the prompts for guidance and complete an Equality Analysis (Part B).

- **How have you considered equality and diversity?**

The Markets are open to all residents and visitors to the borough and need to be welcoming and accessible to them all to ensure that the impact on the Service and the wider town centre is maximised.

IPSC have highlighted that the Markets need to be as attractive as possible to young people.

- **Key findings**

The redevelopment of the Markets gives the Council the opportunity to improve and widen the Markets' offer and make it more attractive, accessible and relevant to as wide a range of groups and communities as possible

- **Actions**

Addressing existing accessibility issues was identified early in the design process and included as a key component in the design brief prepared and shared with the external design team, this identified a need to not only improve the accessibility of entrances to the complex, but also movement and useability throughout the complex itself.

The Market Service will attempt to attract a range of businesses that will cater to all Rotherham residents.

An Asian Bazaar is held in the Outdoor Covered Market every Thursday, the Council will be considering how to build on this and explore other similar events.
