

PART A - Initial Equality Screening Assessment

As a public authority we need to ensure that all our strategies, policies, service and functions, both current and proposed have given proper consideration to equality and diversity.

A **screening** process can help judge relevance and provide a record of both the process and decision. Screening should be a short, sharp exercise that determines relevance for all new and revised strategies, policies, services and functions.

Completed at the earliest opportunity it will help to determine:

- the relevance of proposals and decisions to equality and diversity
- whether or not equality and diversity is being/has already been considered, and
- whether or not it is necessary to carry out an Equality Analysis (Part B).

Further information is available in the Equality Screening and Analysis Guidance – see page 9.

3. Relevance to equality and diversity

All the Council's strategies/policies, services/functions affect service users, employees or

the wider community – borough wide or more local. These will also have a greater/lesser relevance to equality and diversity.

The following questions will help you to identify how relevant your proposals are.

When considering these questions think about age, disability, sex, gender reassignment, race, religion or belief, sexual orientation, civil partnerships and marriage, pregnancy and maternity and other socio-economic groups e.g. parents, single parents and guardians, carers, looked after children, unemployed and people on low incomes, ex-offenders,

victims of domestic violence, homeless people etc.

Please provide specific details for all three areas below using the prompts for guidance and complete an Equality Analysis (Part B).
