6. Feedback from children and their families working with Evolve.

that the most important person to me is me

X was ok we had a good relationships
X always picked up the phone
whenever I rang and if they didn't X
got back to me straight away

Getting me to talk to

someone about my

with my social battery

because it runs flat really

Thankyou very much thanks for all the help you've given to me too I appreciate it a lot' He did, and still does his best for my family when I've needed to make contact

I felt 100% able to be honest with my worker I was a bit sad when she said she was leaving 'coz' shes lovely. I felt my worker istened to me all the time and I enjoyed the worka lot. If I feel unsafe I definitely know who I can speak to.

Worker went above and beyond for us as a family, she was absolutely amazing and don't know what we wook have done without the help during our bad situation. I am so pleased that Y didn't give up on XX and pushed and pushed at him and didn't take no for an answer, she is the only person that XX has actually everopened up to and I'm sad that its coming to an end as there is still things XX could speak about with her as I know he wongpen up to anybody else, Y was not only there for XX she was always at the end of the phone when I needed help or someone to talk to for advice and then point me in the right direction when needed and also contacting people on my behalf, Y is the best worker XX has ever had and I'm so grateful we was given her

What are they doing that helps
you and your family?
Helped \*\*\*\* to open up more to
us as a family
Helped us to understand how
\*\*\*\*s feeling and shown a light
on issues regarding \*\*\*\*s
sexuality that we would never
have known about this without
X involvement and guidance

XX supported his student in any means to help achieve the plan set out for my child in the past 6 months, he went above his duty to help him when he needed support and guidance and myself too. Very good at keeping in contawith myself even when we are not on his case loadmore, to make sure communication is kept when needed.
