Dear Councillor Ball

Council Meeting – 28th February 2024

Thank you for your question at Council on 28th February where you asked me ***“in your cabinet role, do you feel that you’re a councillor that takes on board concerns from residents across the borough?”***

I can advise, that as a councillor, I do feel that I take on board concerns from residents, whether this be as a ward councillor or in my role as Cabinet Member.

I hope you find this information helpful.

Yours sincerely

Councillor Denise Lelliott

Cabinet Member for Jobs and the Local Economy
