Carbon Impact Assessment, HRS Progress Report

Will the decision/proposal impact...	Impact	If an impact or potential impacts are identified			
		Describe impacts or potential impacts on emissions from the Council and its contractors.	Describe impact or potential impacts on emissions across Rotherham as a whole.	Describe any measures to mitigate emission impacts	Outline any monitoring of emission impacts that will be carried out
Emissions from non-domestic buildings?	<i>No impact on emissions</i>				
Emissions from transport?	<i>No impact on emissions</i>				
Emissions from waste, or the quantity of waste itself?	<i>No impact on emissions</i>				
Emissions from housing and domestic buildings?	<i>No impact on emissions</i>				
Emissions from construction and/or development?	<i>No impact on emissions</i>				
Carbon capture (e.g. through trees)?	<i>No impact on emissions</i>				

Identify any emission impacts associated with this decision that have not been covered by the above fields:

Please provide a summary of all impacts and mitigation/monitoring measures:

This is a progress report for Cabinet, there are no assessed implications for Carbon Impact. A previous Carbon Impact Assessment was completed as an appendix to the Cabinet Report – October 2022. This predicted there may be an impact if there were to be an increase in levels of floating support, however as floating support has moved to one contract to avoid duplication, there have been no increases to emissions.

Whilst there are no direct impacts from these services to report, it is noted that there is a disproportionate impact of climate change on homeless people. This will continue to be monitored on a local level throughout the lifetime of the FPS and HRS Contracts.
