

## PART A - Initial Equality Screening Assessment

As a public authority we need to ensure that all our strategies, policies, service and functions, both current and proposed have given proper consideration to equality and diversity.

A **screening** process can help judge relevance and provide a record of both the process and decision. Screening should be a short, sharp exercise that determines relevance for all new and revised strategies, policies, services and functions.

Completed at the earliest opportunity it will help to determine:

- the relevance of proposals and decisions to equality and diversity
- whether or not equality and diversity is being/has already been considered, and
- whether or not it is necessary to carry out an Equality Analysis (Part B).

Further information is available in the Equality Screening and Analysis Guidance – see page 9.

2. Please provide a brief description of what you are screening
Rother Valley Country Park lease several football pitches to Killamarsh Dynamos football club. The Football Foundation (the Football Association charity) have a legacy project to name pitches after England Women’s stars of Euro 2022. As Millie Bright played as a youth with Killamarsh Dynamos, they have proposed that one of these pitches be renamed for Millie, who would attend an opening/photo opportunity there on 17 <sup>th</sup> July 2024.

### 3. Relevance to equality and diversity

All the Council's strategies/policies, services/functions affect service users, employees or the wider community – borough wide or more local. These will also have a greater/lesser relevance to equality and diversity.

The following questions will help you to identify how relevant your proposals are.

When considering these questions think about age, disability, sex, gender reassignment, race, religion or belief, sexual orientation, civil partnerships and marriage, pregnancy and maternity and other socio-economic groups e.g. parents, single parents and guardians, carers, looked after children, unemployed and people on low incomes, ex-offenders, victims of domestic violence, homeless people etc.

Questions	Yes	No
Could the proposal have implications regarding the accessibility of services to the whole or wider community?		X
Could the proposal affect service users?		X
Has there been or is there likely to be an impact on an individual or group with protected characteristics?		X
Have there been or likely to be any public concerns regarding the proposal?		X
Could the proposal affect how the Council's services, commissioning or procurement activities are organised, provided, located and by whom?		X
Could the proposal affect the Council's workforce or employment practices?		X

If you have answered no to all the questions above, please explain the reason

The name change is likely to garner additional publicity for the club and for women's and girl's football, encouraging increased uptake of the sport across a wider audience.

If you have answered **no** to **all** the questions above, please complete **sections 5 and 6**.

If you have answered **yes** to any of the above, please complete **section 4**.

### 4. Considering the impact on equality and diversity

If you have not already done so, the impact on equality and diversity should be considered within your proposals before decisions are made.

Considering equality and diversity will help to eliminate unlawful discrimination, harassment and victimisation and take active steps to create a discrimination free society by meeting a group or individual's needs and encouraging participation.

Please provide specific details for all three areas below using the prompts for guidance and complete an Equality Analysis (Part B).
