

PART B – Equality Analysis Form

As a public authority we need to ensure that all our strategies, policies, service and functions, both current and proposed have given proper consideration to equality and diversity.

This form:

- Can be used to prompt discussions, ensure that due regard has been given and remove or minimise disadvantage for an individual or group with a protected characteristic
- Involves looking at what steps can be taken to advance and maximise equality as well as eliminate discrimination and negative consequences
- Should be completed before decisions are made, this will remove the need for remedial actions.

Note – An Initial Equality Screening Assessment (Part A) should be completed prior to this form.

When completing this form consider the Equality Act 2010 protected characteristics Age, Disability, Sex, Gender Reassignment, Race, Religion or Belief, Sexual Orientation, Civil Partnerships and Marriage, Pregnancy and Maternity and other socio-economic groups e.g. parents, single parents and guardians, carers, looked after children, unemployed and people on low incomes, ex-offenders, victims of domestic violence, homeless people etc. – see page 11 of Equality Screening and Analysis Guidance.

4. The Analysis - of the actual or likely effect of the Policy or Service (Identify by protected characteristics)

How does the Policy/Service meet the needs of different communities and groups? (Protected characteristics of Age, Disability, Sex, Gender Reassignment, Race, Religion or Belief, Sexual Orientation, Civil Partnerships and Marriage, Pregnancy and Maternity) - see glossary on page 14 of the Equality Screening and Analysis Guidance)

Meets RMBC priority to ensure 'Every child able to fulfil their potential' by improving accessibility to school places in areas of need and creating additional mainstream places or specialist provision aligned to mainstream education with dedicated resources to meet the needs of children and young people with SEND where it can be evidenced when seeking S106 developer contributions.

Does your Policy/Service present any problems or barriers to communities or Groups?

No – the proposals aim to further improve the offer for children and Young People in areas where housing developments put pressure on existing education infrastructure.

Does the Service/Policy provide any positive impact/s including improvements or remove barriers?

Yes – the proposals will provide a positive impact by improving accessibility to education and access to specialist educational resources where requests for contributions from developers are sought.

What affect will the Policy/Service have on community relations? (may also need to consider activity which may be perceived as benefiting one group at the expense of another)

The proposals will have a positive impact on accessing the education and support offer for children by improving accessibility and creating specialist provision aligned to mainstream education in areas of need where a shortfall of places can be evidenced.

Please list any **actions and targets** that need to be taken as a consequence of this assessment on the action plan below and ensure that they are added into your service plan for monitoring purposes – see page 12 of the Equality Screening and Analysis Guidance.

5. Summary of findings and Equality Analysis Action Plan

If the analysis is done at the right time, i.e. early before decisions are made, changes should be built in before the policy or change is signed off. This will remove the need for remedial actions. Where this is achieved, the only action required will be to monitor the impact of the policy/service/change on communities or groups according to their protected characteristic – See page 11 of the Equality Screening and Analysis guidance
