

## Appendix 3

### PART B – Equality Analysis Form

As a public authority we need to ensure that all our strategies, policies, service and functions, both current and proposed have given proper consideration to equality and diversity.

This form:

- Can be used to prompt discussions, ensure that due regard has been given and remove or minimise disadvantage for an individual or group with a protected characteristic.
- Involves looking at what steps can be taken to advance and maximise equality as well as eliminate discrimination and negative consequences.
- Should be completed before decisions are made, this will remove the need for remedial actions.

Note – An Initial Equality Screening Assessment (Part A) should be completed prior to this form.

When completing this form consider the Equality Act 2010 protected characteristics Age, Disability, Sex, Gender Reassignment, Race, Religion or Belief, Sexual Orientation, Civil Partnerships and Marriage, Pregnancy and Maternity and other socio-economic groups e.g. parents, single parents and guardians, carers, looked after children, unemployed and people on low incomes, ex-offenders, victims of domestic violence, homeless people etc. – see page 11 of Equality Screening and Analysis Guidance.

Monica Green	RMBC	Assistant Director Children's Services
Kim Wilson	RMBC	Service Manager Children in Care and Leaving Care

**3. What is already known? - see page 10 of Equality Screening and Analysis Guidance**

**Aim/Scope (who the Policy/Service affects and intended outcomes if known)**

This may include a group/s identified by a protected characteristic, others groups or stakeholder/s e.g. service users, employees, partners, members, suppliers etc.)

This report screens the activity undertaken to progress the Rotherham Leaving Care Strategy 2024-2027. It is important to note that the strategy specifically relates to care leavers and as such excludes children not in this category. This strategy incorporates all care leavers and does not exclude any child or young person within that range.

**What equality information is available? (Include any engagement undertaken)**

Equality information is captured as part of our existing service delivery and identified priorities. This includes data for all children in care and care leavers, including, though not limited to age, gender, ethnicity and disability status.

Data was used to inform the strategy in respect of identifying gaps in provision and services.

Equality information is available through existing delivery in the following ways:

- Regular monitoring and oversight through the Corporate Parenting Panel
- Children in Care Council
- Care Leavers Forum
- Performance Practice and Learning
- CYPS performance reporting – Scorecards and Dashboards
- Audit and QA activity
- DfE
- Department for Health & Social Care
- Ofsted
- Staff and SW Health Check

A service plan and Covenant will sit alongside the strategy, which will include diversity and equality information. This will also incorporate the views of children in care and care leavers, which will be used to review and monitor progress of the plan.

**Are there any gaps in the information that you are aware of?**

None identified.

**What monitoring arrangements have you made to monitor the impact of the policy or service on communities/groups according to their protected characteristics?**

The Rotherham Leaving Care Strategy will be reviewed annually or when there is a change in support or service to care leavers. This will have the oversight of the Corporate Parenting Partnership Board. This will consider oversight and implementation of the strategy.

Performance and quality monitoring will measure the progress and impact of the strategy.

Existing data and established methodology across the children's workforce will continue to be used to monitor impact on those groups with protected characteristics.

As part of current practice, the voice of children and families is sought through audit activity, and a variety of voice groups. The Care Leavers Forum will contribute to the service planning and progress of this strategy

**Engagement undertaken with customers. (date and group(s) consulted and key findings)**

There has been ongoing engagement with partner agencies regarding the creation of the Rotherham Leaving Care Strategy.

Previous consultation with children in care and care leavers has informed this strategy.

**Engagement undertaken with staff (date and group(s) consulted and key findings)**

Managers and front-line staff have been involved in the preparation of the Rotherham Leaving Care Strategy and service planning. Where appropriate this has also included involvement from wider directorates, including HR, Finance and Legal.

**4. The Analysis - of the actual or likely effect of the Policy or Service (Identify by protected characteristics)**

**How does the Policy/Service meet the needs of different communities and groups? (Protected characteristics of Age, Disability, Sex, Gender Reassignment, Race, Religion or Belief, Sexual Orientation, Civil Partnerships and Marriage, Pregnancy and Maternity) - see glossary on page 14 of the Equality Screening and Analysis Guidance)**

Service delivery is regulated by a range of Legislation and Guidance, as well as oversight from the regulatory body, Ofsted.

Service delivery is utilising a restorative, inclusive approach. While this strategy is specific to care leavers, the proposals do not exclude any group within this category. There is also a focus on meeting the individual needs of children and young people.

The strategy intends to outline the key priorities for Care Leavers as well as the corporate parenting responsibility for RMBC as well as all partner agencies to enable agencies to focus on the individual needs of care leavers.

Children and young people with disabilities and additional needs may be signposted to other support and services or supported to access relevant benefits if required.

**Does your Policy/Service present any problems or barriers to communities or Groups?**

No, the Rotherham Leaving Care Strategy intends to equip the workforce and wider partner agencies to meet the needs of care leavers and gain a better understanding of their corporate parenting responsibilities.

**Does the Service/Policy provide any positive impact/s including improvements or remove barriers?**

Yes, the Rotherham Leaving Care Strategy proposes support and services which will improve the lives of care leavers, enable them to participate better in society and achieve their potential, transitioning successfully to adulthood.

This Rotherham Leaving Care Strategy will support services and partner to remove barriers for children in care and care leavers and to support them to overcome adversity.

**What affect will the Policy/Service have on community relations? (may also need to consider activity which may be perceived as benefiting one group at the expense of another)**

The Rotherham Leaving Care Strategy is deliberately focussed on care leavers and as such does not include children outside of this group. This is because we know young people with experience of care are more disadvantaged than young people who have not. This also sets out the corporate parenting responsibilities for the workforce and wider partner agencies.

It is expected that this Rotherham Leaving Care Strategy will have a positive impact upon community relations, including increasing the opportunities for care leavers.

Please list any **actions and targets** that need to be taken as a consequence of this assessment on the action plan below and ensure that they are added into your service plan for monitoring purposes – see page 12 of the Equality Screening and Analysis Guidance.

## 5. Summary of findings and Equality Analysis Action Plan

If the analysis is done at the right time, i.e. early before decisions are made, changes should be built in before the policy or change is signed off. This will remove the need for remedial actions. Where this is achieved, the only action required will be to monitor the impact of the policy/service/change on communities or groups according to their protected characteristic - See page 11 of the Equality Screening and Analysis guidance
