

Appendix 7

Will the decision/proposal impact...	Impact	If an impact or potential impacts are identified			
		Describe impacts or potential impacts on emissions from the Council and its contractors.	Describe impact or potential impacts on emissions across Rotherham as a whole.	Describe any measures to mitigate emission impacts	Outline any monitoring of emission impacts that will be carried out
Emissions from non-domestic buildings?	None				
Emissions from transport?	Very Low	Some vehicle emissions from patrols however, to monitor and enforce the order, officers will need to be on foot, so this impact is minimal.	Some small increase in SYP vehicles to specifically apply the Order.	As described- officers tasked with foot patrols.	Emissions from vehicles will be monitored through the Council's NZ30 greenhouse gas emissions accounting.
Emissions from waste, or the quantity of waste itself?	None				
Emissions from housing and domestic buildings?	None				
Emissions from construction and/or development?	None				

Appendix 7

Carbon capture (e.g. through trees)?					
Identify any emission impacts associated with this decision that have not been covered by the above fields:					

Please provide a summary of all impacts and mitigation/monitoring measures:

Minor impacts on emissions from transport have been identified, however this is expected to be minimal as most enforcement activity will take place on foot. Emissions in council vehicles are monitored through the council's greenhouse gas reporting.

Supporting information:	
Completed by: (Name, title, and service area/directorate).	Craig Cornwall Community Protection & Environmental Health Manager, Regulation & Enforcement, Regeneration & Environment
Please outline any research, data, or information used to complete this [form].	None
If quantities of emissions are relevant to and have been used in this form please identify which conversion factors have been used to quantify impacts.	None
Tracking [to be completed by Policy Support / Climate Champions]	Tracking Reference: CIA361 Katie Rockett, Climate Change Officer
