LGA Corporate Peer Challenge

Expectation that councils receive a peer review every five years to provide robust, strategic, and credible challenge, whilst also enhancing capacity and helping to avoid insularity.

Overall outcome: Positive feedback received which stated: "Rotherham Metropolitan Borough Council serves the town well and is today an impressive organisation. Being named the 'Most Improved Council' in the country at the Local Government Chronicle (LGC) Award in 2022 provides ample evidence that it is now in a very good place. It is ambitious and has well-established and robust foundations, along with several notable and commendable practices that other councils can learn from" and seven recommendations made.

Overall progress: Action plan agreed by Cabinet in September 2023 included 20 actions which are being progressed. Progress is overseen by the Strategic Leadership Team and where relevant, actions for 2024-25 have been included in the new Year Ahead Delivery Plan.

Residential Children's Homes - Inspection Outcomes

Residential children's homes are inspected by HMI Ofsted under the Social Care Common Inspection Framework (SCCIF) and focus on evaluating the impact of care and support on the experiences and progress of children.

Following inspection, the children's home will receive an overall judgement based on the experiences and progress of children and young people, of Outstanding, Good, Requires Improvement to be Good, or Inadequate.

Where requirements or recommendations are made, an action plan is developed which is submitted to Ofsted detailing the progress.

The Children Act 1989 Guidance and Regulations stipulates the requirement for monthly oversight visits to Children's Homes. These visits, known as Regulation 44 Visits, are carried out under Regulation 44 of the Children's Homes Regulation 44 of the Children's Homes.

All Ofsted reports are published in the public domain, however the identity (location) of the homes remain confidential and are not disclosed in the reports. Recommendations and progress against recommendations are considered monthly with oversight from the Reg 44 visits and Ofsted. This is more frequent than the Audit Committee schedule and therefore any recommendations and progress against these are not included within this reports as they would be out of date before they were published.

The following table provides the current ratings for our four registered children's homes.
