

RE Awards

Positives

- Students loved it and responded well
- Certificates and recognition was a plus and the tour of the town hall
- They appreciated the mayor being there
- Town Hall staff were great and the refreshments provided
- The afternoon was lovely
- Niall was a great help – Thank you

Areas for development

- Preparation before was time consuming
- Too much “red tape” – e.g filling in the mayors visit form
- Misunderstandings – the town hall thought we were hosting
- Certificates need to be checked beforehand – some still missing

The Future

- There needs to be a more structured approach
- Funding needs to be agreed – we didn't know this beforehand for refreshments etc
- Invite parents
- If there are multiple schools, how might this be managed as it was tricky with just one school – is the Town Hall suitable (how did it work before)
- SACRE to sort certificates or award
