

## PART A - Initial Equality Screening Assessment

As a public authority we need to ensure that all our strategies, policies, service and functions, both current and proposed have given proper consideration to equality and diversity.

A **screening** process can help judge relevance and provide a record of both the process and decision. Screening should be a short, sharp exercise that determines relevance for all new and revised strategies, policies, services and functions.

Completed at the earliest opportunity it will help to determine:

- the relevance of proposals and decisions to equality and diversity
- whether or not equality and diversity is being/has already been considered, and
- whether or not it is necessary to carry out an Equality Analysis (Part B).

Further information is available in the Equality Screening and Analysis Guidance – see page 9.

### 3. Relevance to equality and diversity

All the Council's strategies/policies, services/functions affect service users, employees or the wider community – borough wide or more local. These will also have a greater/lesser relevance to equality and diversity.

The following questions will help you to identify how relevant your proposals are.

When considering these questions think about age, disability, sex, gender reassignment, race, religion or belief, sexual orientation, civil partnerships and marriage, pregnancy and maternity and other socio-economic groups e.g. parents, single parents and guardians, carers, looked after children, unemployed and people on low incomes, ex-offenders, victims of domestic violence, homeless people etc.

Questions	Yes	No
Could the proposal have implications regarding the accessibility of services to the whole or wider community? <i>(Be mindful that this is not just about numbers. A potential to affect a small number of people in a significant way is as important)</i>		X
Could the proposal affect service users? <i>(Be mindful that this is not just about numbers. A potential to affect a small number of people in a significant way is as important)</i>		X
Has there been or is there likely to be an impact on an individual or group with protected characteristics? <i>(Consider potential discrimination, harassment or victimisation of individuals with protected characteristics)</i>		X
Have there been or likely to be any public concerns regarding the proposal? <i>(It is important that the Council is transparent and consultation is carried out with members of the public to help mitigate future challenge)</i>		X
Could the proposal affect how the Council's services, commissioning or procurement activities are organised, provided, located and by whom? <i>(If the answer is yes you may wish to seek advice from commissioning or procurement)</i>		X
Could the proposal affect the Council's workforce or employment practices? <i>(If the answer is yes you may wish to seek advice from your HR business partner)</i>		X

If you have answered no to all the questions above, please explain the reason

The Fleet Transport Policy has only minor updates that refer to systems used, people

mentioned and changes in law, there have been no major changes to the policy.

If you have answered **no** to all the questions above please complete **sections 5 and 6**.

If you have answered **yes** to any of the above please complete **section 4**.

#### 4. Considering the impact on equality and diversity

If you have not already done so, the impact on equality and diversity should be considered within your proposals before decisions are made.

Considering equality and diversity will help to eliminate unlawful discrimination, harassment and victimisation and take active steps to create a discrimination free society by meeting a group or individual's needs and encouraging participation.

Please provide specific details for all three areas below using the prompts for guidance and complete an Equality Analysis (Part B).

- **How have you considered equality and diversity?**

*(think about the scope of the proposal, who is likely to be affected, equality related information, gaps in information and plans to address, consultation and engagement activities (taken place or planned) with those likely to be affected)*

- **Key findings**

*(think about any potential positive and negative impact on different equality characteristics, potential to promote strong and positive relationships between groups, potential to bring groups/communities into increased contact with each other, perception that the proposal could benefit one group at the expense of another)*

- **Actions**

*(think about how you will promote positive impact and remove/reduce negative impact)*
