Health Select Commission - Work Programme 2025-2026

Chair: Cllr Keenan Vice-Chair: Cllr Yasseen
Governance Advisor: Kerry Grinsill-Clinton Link Officer: Emily Parry-Harries

The following principles were endorsed by OSMB at its meeting of 5 July 2023 as criteria to long/short list each of the commission's respective priorities:

Establish as a starting point:

- · What are the key issues?
 - What is the desired outcome?

Agree principles for longlisting:

- · Can scrutiny add value or influence?
- Is this being looked at elsewhere?
- · Is this a priority for the council or community?

Developing a consistent shortlisting criteria e.g.

- T: Time: is it the tight time, enough resources?
- O: Others: is this duplicating the work of another body?
- P: Performance: can scrutiny make a difference
- I: Interest: what is the interest to the public?
- C: Contribution to the corporate plan

		Annual Man
