1. Introduction

- 1.1 Rotherham Council is undertaking a Boroughwide Community Governance Review (CGR) which covers all parished and unparished areas of the Borough.
- 1.2 In undertaking the Review, the Council will be guided by:
 - Part 4 of the Local Government and Public Involvement in Health Act 2007
 - The relevant parts of the Local Government Act 1972
 - Guidance on Community Governance Reviews issued in accordance with section 100(4) of the Local Government and Public Involvement in Health Act 2007 by the Department of Communities and Local Government and the Local Government Boundary Commission for England in March 2010
 - The following regulations which guide, in particular, consequential matters arising from the Review: Local Government (Parishes and Parish Councils) (England) Regulations 2008 and Local Government Finance (New Parishes) Regulations 2008.
- 1.3 Section 81 of the Local Government and Public Involvement in Health Act 2007 requires the Council to publish its Terms of Reference in a Review.
- 1.4 These terms of reference set out how the review will be conducted and the matters on which the review is to focus.

2. Why is the Council carrying out this Community Governance Review?

- 2.1 Guidance on CGRs from the Local Government Boundary Commission for England states that it is good practice for a principal council to consider conducting a review every 10-15 years. The last Boroughwide CGR in Rotherham took place in 2008.
- 2.2 It is therefore considered to be an appropriate time to review arrangements for community governance in Rotherham.

3. What is a Community Governance Review?

- 3.1 A CGR is the process that is used to consider parish arrangements. A CGR is carried out by the principal council and is used to look at the whole or part of the district.

4. Scope of the Review

- 4.1 The review will cover both parished and unparished areas of Rotherham, to enable us to consider if any changes are needed to the existing parish arrangements.
- 4.2 The Review will consider whether community governance arrangements across the Borough are:
 - Reflective of the identities and interests of the community in that area; and
 - Effective and convenient to the community in that area.
- 4.3 It will make recommendations with regard to:
 - Creating, abolishing, merging, or altering parishes
 - The naming of parishes and the style of new parishes
 - The electoral arrangements for parishes including the ordinary year of election, the number of councillors to be elected to the council; and parish warding; and
 - Grouping of parishes under a common parish council or de-grouping existing parishes
- 4.4 The review is required to take into account:
 - The impact of community governance arrangements on community cohesion; and
 - The size, population and boundaries of a local community or parish

5. What is meant by the term Community Governance?

- 5.1 The term 'community governance' is used to describe the variety of ways in which local communities are able to take more responsibilities for local issues affecting their area. A key aspect of community governance is community empowerment, and the ability of local people and organisations to see through specific projects to tackle local issues.
- 5.2 In parished areas, both the principal council and the parish council have a formal democratic role in terms of community governance. However, a variety of different structures and organisations can also contribute to community governance at a local level - including, for example, local residents' associations and community or neighbourhood forums, all of which make a distinct contribution to the community.
- 5.3 The review needs to consider all current and any future plans for community governance in making recommendations about parish arrangements.

6. What do Parish Councils do?

- 6.1 Parish Councils represent the most local form of government and can own land and assets, employ staff, and provide services at a local level. They can raise funds to meet the costs of administration and provision of services through setting a precept which forms part of council tax bills levied on council taxpayers in the parish.
- 6.2 Parish councils can take different forms but usually are made up of local people who stand for election as parish councillors to represent their area, with elections taking place every four years. They can be the voice of the local community and work with other tiers of government and external organisations to co-ordinate and deliver services and work to improve the quality of life in the area.

7. Parish governance in our area

- 7.1 At present, there are twenty-eight parish and town councils and three parish meetings in Rotherham.
- 7.2 Eleven of the parish and town councils are divided into parish wards.
- 7.3 Appendix A sets out the details of each parish and town council, with maps in Appendix B.
- 7.4 The Council believes parish councils play a key role in terms of community empowerment at the local level and wants to ensure parish governance in our district continues to be robust and representative. Furthermore, the Council wants to ensure there is clarity and transparency to the area's parish councils represent and that the electoral arrangements of parishes are appropriate, equitable and readily understood by their electorate.

8. Issues considered in the Boroughwide Community Governance Review

8.1 Parish Boundaries

- 8.1.1 Parish boundaries should be easily identifiable and reflect the separation of settlements recognised locally as having their own identity. These boundaries should generally reflect the areas between communities with low populations or physical barriers such as water courses or man-made features such as railways or motorways.
- 8.1.2 A review of parish boundaries is an opportunity to put in place strong boundaries, tied to firm ground detail, and remove anomalous parish boundaries.

8.2 Council size

- 8.2.1 Council size is the term used to describe the number of parish councillors to be elected to the whole parish council. The Local Government Act 1972 (as amended) specifies each parish council must have at least five parish councillors; there is no maximum number. There are no rules relating to the allocation of those councillors between parish wards, but each parish ward must have at least one parish councillor.
- 8.2.2 The National Association of Local Councils (NALC) published guidance in 1988 on the suggested number of parish councillors to be allocated depending on the size of the population being represented. NALC recommended a council of no more than the legal minimum of five members is inconveniently small, and it considers the practical minimum should be seven. It considered local council business does not usually require a large body of councillors, and business convenience makes it appropriate to suggest the practical maximum should be twenty-five.
- 8.2.3 Within those minimum and maximum limits, the following allocations were recommended by NALC:

Electors	Councillors
Up to 900	7
1,400	8
2,000	9
2,700	10
3,500	11
4,400	12
5,400	13
6,500	14
7,700	15
9,000	16
10,400	17
11,900	18
13,500	19
15,200	20
17,000	21
18,900	22
20,900	23
23,000	24
Over 23,000	25

- 8.2.4 In considering the issue of parish council size, each area should be considered on its own merits having regard to its historical picture, population, geography, and the pattern of communities.

8.3 Parish warding

- 8.3.1 Parish warding is the division of a parish into wards for the purpose of electing parish councillors, including the number and boundaries of any wards, the number of councillors to be elected for any ward and the names of wards.
- 8.3.2 In considering whether or not a parish should be divided into wards, the legislation requires that consideration be given to whether:
 - a) The number, or distribution of the local government electors for the parish would make a single election of parish councillors impracticable or inconvenient; and
 - b) It is desirable that any area or areas of the parish should be separately represented.
- 8.3.3 There is a need to consider not only the size of the electorate in the area but also the distribution of communities within in it.
- 8.3.4 When contemplating parish ward boundaries there is a need to ensure that consideration is given as to the desirability of fixing of boundaries which are, and will remain, easily identifiable, as well as taking into account any local ties which will be broken by the fixing of any particular boundaries.

8.4 Names of Parish wards

- 8.4.1 In considering the names of parish wards, thought should be given to existing local or historic places so that, where appropriate, these are reflected.
- 8.5 The number of parish councillors to be elected for parish wards.
 - 8.5.1 If it is proposed that a parish should be warded, consideration should be given to the levels of representation between each ward i.e. the number of parish councillors to be elected for each ward and the number of electors they represent.
 - 8.5.2 It is not in the interests of effective and convenient local government, either for voters or parish councillors, to have significant differences in levels of representation between different parish wards.

8.6 Ordinary year of election

- 8.6.1 Ordinary parish elections are held once every four years with all parish councillors being elected at the same time.
- 8.6.2 The first elections under any new electoral arrangements will take place in the regular cycle of Parish Council elections after the conclusion of the Review, currently scheduled to be held on 4 May 2028, alongside Borough and South Yorkshire Mayoral elections.

8.7 Parish names and alternative styles for parishes

- 8.7.1 Prior to the 2007 Act, a parish could be given the status of a town under the Local Government Act 1972. “Town” status continues to be available to a parish. In addition, the 2007 Act offers a further choice of alternative styles for a parish: community, neighbourhood, and village. However, for as long as the parish has an alternative style, it will not also be able to have the status of a town and vice versa.
- 8.7.2 The ‘name’ of a parish refers to the geographical name of the area concerned, whereas its status or ‘style’ allows for that area to be known as a town, community, neighbourhood, or village, rather than as a parish. The status or style of the parish will be reflected in the name of any council of the parish, the parish meeting, and the chair or vice-chair of the parish meeting or of any parish council. For example, the council of a parish which uses the style ‘village’ will be known as the ‘village council’ and its councillors as the ‘village councillors’.
- 8.7.3 As far as existing parishes under review are concerned, the review must make recommendations as to whether the geographical name of the parish should be changed, but it may not make any recommendations for the parish about alternative style. It will be for the parish council or parish meeting to resolve whether the parish should have one of the alternative styles.

8.8 Grouping of parishes

- 8.8.1 Under Section 91 of the 2007 Act a CGR can recommend the grouping or de-grouping of parishes. In some instances, it may be appropriate to group parishes to allow a common parish council to be formed.
- 8.8.2 De-grouping may also offer the reverse possibility where local communities have expanded. Any grouping or de-grouping needs to be compatible with the retention of community interests, and it would be inappropriate to use it to build artificially large units under single parish councils. However, it could offer a possibility for parishes with less than 150 electors to be grouped with other parishes under an elected parish council despite being unable to form a parish council in their own right.

9. Who will undertake the review?

- 9.1 As the relevant principal authority, Rotherham Council is responsible for conducting any CGR within its electoral area.
- 9.2 On 14 April 2026, Cabinet agreed to undertake a Community Governance Review in accordance with the relevant legal framework and Government guidance.
- 9.3 While there is a delegation in place to the Chief Executive it is proposed that both the initiation and the outcomes will be considered by Cabinet, and recommendations made to Council who will determine the outcome.
- 9.4 A comprehensive consultation process will form part of the Review to take account of the views of those living and working within the borough.
- 9.5 Formal decisions on the final recommendations arising from the review will be made by Council in accordance with the Council's Constitution.

10. The Consultation process

- 10.1 In coming to its recommendations in the Review, the Council will need to take account of the views of local people. The Council must:
 - Consult the local government electors for the area under review and any other person or body who appears to have an interest in the Review; and
 - Take the representations that are received into account by judging them against the criteria in the Local Government and Public Involvement in Health Act 2007.
- 10.2 This will consist of two phases of consultation. The first will seek the initial views and desires of local residents, groups, and stakeholders, and will form the basis of the draft recommendations. The second phase will seek views upon those draft recommendations, to allow final recommendations to be formed.
- 10.3 The Council will:

that persons who may be interested in the Community Governance Review are informed of the recommendations and the reasons behind them.

- 10.5 The Council will notify any persons or bodies who have made written representations of the outcome of the Review.
- 10.6 The Council will treat any petitions received during this review as a consultation response and the lead petitioner will be recorded as the point of contact.
