

Overview and Scrutiny Management Board – Work Programme 2026-27

Chair: Councillor Brian Steele
Governance Manager: Barbel Gale

Vice-Chair: Cllr Joshua Bacon
Link Officer: Phillip Horsfield

The following principles were endorsed by OSMB at its meeting of 5 July 2023 as criteria to long/short list each of the commission's respective priorities:

Establish as a starting point:

- What are the key issues?
- What is the outcome that we want?

Agree principles for longlisting:

- Can scrutiny add value or influence?
- Is it being looked at elsewhere?
- Is it a priority – council or community?

Developing a consistent shortlisting criteria e.g.

- T: Time: is it the right time, enough resources?
- O: Others: is this duplicating the work of another body?
- P: Performance: can scrutiny make a difference
- I: Interest – what is the interest to the public?
- C: Contribution to the corporate plan

Substantive Items for Scheduling		
Nov-26	Andrew Bramidge / Simon Moss / Fiona Fletcher	Progress update on the implementation of the Pathways to Work Economic Inactivity Trailblazer programme - The programme will be a good way through year 2, therefore members will receive an update on both year 1 outcomes, year 2 developments and target forecasts.
Jul-29	Andrew Bramidge / Polly Hamilton	At it's meeting on 10 December 2025 during its consideration of the Library Strategy as part of it's pre-decision work OSMB agreed to receive a mid-point progress update on the implementation of the Library Strategy 2027–2032.
December 2026 / April 2027	Mike Thomas	It was agreed that the final Community Governance Review report would be presented to OSMB as part of its pre-decision scrutiny work ahead of its consideration by Cabinet
TBC		Notice of Motion relating to Stop Polluting Our Rivers and Hiking Our Bills - Considered and agreed by Council on 15 July 2026. 2. Invite the Chief Executives of Yorkshire Water and Severn Trent to a special meeting of [delete] Full Council [insert] Scrutiny with all Members to answer questions from councillors and members of the public and to establish urgent commitments and timescales to improve their infrastructure and reduce sewage discharges in Rotherham.
Reviews for Scheduling		
Completed	Sam Barstow	Lighting Columns - Cut unnecessary red tape
TBC		Consultation Process - Following consideration using the scrutiny prioritisation tool this review was prioritised as a topic for review. This has been added to the work programme report for further discussion at the meeting on 8 September 2026
Following the prioritisation meeting OSMB members agreed that this would be removed from the work programme		Council's expenditure on Taxi and Private Hire Services - To go through the scrutiny prioritisation tool. Following consideration using the scrutiny prioritisation tool this review was not prioritised as a topic for review. This item be removed from the work programme.
Within 6 Months		Notice of Motion: relating to Protecting Children, Supporting Honest Businesses and Cracking Down on Illicit Vapes, Tobacco and Underage Sales - Considered and agreed by Council on 15 July 2026. 4. Request that the Overview and Scrutiny Management Board (OSMB) considers this issue within six months and, where appropriate, refers elements to the relevant Select Commission(s). OSMB should receive a further progress report within 12 months. Following consideration using the scrutiny prioritisation tool this review was prioritised as a topic for review. This has been added to the work programme report for further discussion at the meeting on 8 September 2026
Following the prioritisation meeting OSMB members agreed that the interim approach would be to refer the matter to JHOSC in the first instance.		Notice of Motion relating to Protecting Rotherham Residents' NHS and Council Data - Rejecting Reliance on Palantir - Considered and agreed by Council on 15 July 2026. 23. Request the Overview and Scrutiny Management Board to consider adding to its work programme a referral to the Health Select Commission to examine: a. ☐ •the present and proposed use of Palantir technology by local NHS organisations; •which patient and non-patient datasets are being processed; •the effect on patient confidence, data objections and the National Data Opt-out; •the equality implications, particularly for minority communities and groups. •alternative systems and the potential costs and risks of withdrawal; •and how Rotherham residents will be consulted before any significant expansion of its use. Given the timeframe of the current review being undertaken by government, which is expected to conclude in Autumn 2026, as this may result in the enactment of the early 2027 break clause it may be a premature/ineffective use of resources to progress detailed work prior to this time. As such, OSMB members agreed that the interim approach would be to refer the matter to JHOSC in the first instance, to ask them consider progressing the issue at regional level if the government's decision is not to enact the early 2027 break clause. If the break clause is not enacted and JHOSC elect not to address the issue this through its formal work programme, OSMB members agreed that at this stage, the matter would be referred into HSC to scope and address accordingly. Resultantly, full scoping and scoring was not progressed at this time, as this would be for HSC to undertake at the relevant stage.
Items to be Considered by Other Means (e.g. off-agenda briefing, workshop etc)		

Nov-26	Andrew Bramidge	An update on progress following the implementation of Waste Service Route Optimisation programme be brought back to OSMB within twelve months via an off-agenda briefing.
November / December 2026	Andrew Bramidge	An update on the progress following the implementation of the Street Safe Team programme be brought back to OSMB within twelve months via an off-agenda briefing.
TBC	Luke Sayers	IT Systems: Workshop to be arranged for members of OSMB to understand what IT systems the Council is using, what the purpose of those systems is, are those systems as up to date as possible, how updates to those systems are managed, how the Council is using artificial intelligence (AI), is the Council using outdated technology, and was the Council spending too much or too little in this area.
TBC	Lynsey Linton	Recruitment: Initially information has been requested to understand how recruitment is carried out across the Council, indicating if the same processes were used across all directorates, detailing if recruitment was centralised, was there a reliance on agency staff to cover staff vacancies. After consideration of the off-agenda briefing Members of OSMB will then consider if a workshop needs to be held to discuss this in more detail.
TBC	Fiona Fletcher	Pathways to Work Economic Inactivity Trailblazer programme: Agreed that a briefing be provided to share the details of the commissioned VCSE organisations and their geographic reach with members of OSMB.
TBC		Smaller Road Schemes - Briefing note - Briefing Note to be shared with Members re. Highway and Transportation Schemes Remit/Funding
Items for Future Consideration
