

Forthcoming LGA events 2007

January

31 Local Delivery Framework – success at the examination

The conference will look at the examination of development plan documents, experiences to date and lessons learned.

Councils are concerned to ensure they are on the right track and this conference will draw from experiences of councils which have been through the process and – by January – from the experience of councils with Development Plan Documents that have been judged sound, so delegates can learn from experiences to date and the lessons learned.

Local Government House

February

**5-6 LGA Urban Conference and exhibition:
thriving economies, cohesive communities**

The LGA's 2007 Urban Conference and Exhibition *thriving economies, cohesive communities* is hosted by the LGA Urban Commission, which represents more than 280 urban councils.

The conference is expected to attract around 200 councillors, chief executives and senior officers, together with representatives from partner organisations and the business community. It will give those responsible for promoting the economic, social and environmental well being of our towns, cities and suburbs an opportunity to debate the issues facing urban areas. It will also provide delegates with an unrivalled opportunity to network with colleagues.
