Dear Sir

Road Safety at Kimberworth Community Primary School

I have been approached by many parents regarding Kimberworth Road as being dangerous to cross when trying to get to school. A petition is enclosed as we feel something needs to be done before a bad incident occurs. We would appreciate if a traffic survey could be done on this busy road so that this can establish that we need some sort of crossing.

We do not have a School Crossing Patrol and we as parents feel we need to do something towards the safety of our children. We promote healthy schools and walking to school but we need to know the route to school is a safe one.

We look forward to hearing from you in the very near future.

Yours faithfully

H Durden

Helen Durden (Mrs)
