~~To~~ To Mr Tom Knight

This is a petition on behalf of the residents of North Anston Council Estate regarding the state of our roads and pavements. As you see we have had a huge response. All of us think it is about time something was done.

The older generation who have lived here for fifty years or more have said the roads and pavements have not been done in that time only patched and dodged up.

Somebody will be hurt badly or worse and then probably something will get done.

P.T.O
