

## PETITION TO GATE THE BACK ROAD OF ELLIS STREET AND DUNCAN STREET

As a resident of Ellis Street I am extremely saddened by the constant vandalised state of the back road between Ellis St and Duncan St. It is not a safe place for children furthermore it is unpleasant and unsightly.

I would like to propose to Rotherham Council to gate off this back road in a bid to reduce the vandalism and the loitering.

The proposal would be to fit gates at the Duncan Street entrance, Pike Road entrance and also a gate just past number 6 Ellis Street. This would leave the entrance to Whitehill Lane open purely to allow access for the garage/driveway of the residents at number 2 and number 6 Ellis Street.

I am sure you would join me in ensuring a safer community. Please show your support and sign this petition.

Many thanks

We, the undersigned, wish to show support for the proposal as outlined above in an effort to make our community a safer more pleasant place to live.
