

Question	(Draft) Response
<p>1. How can we ensure that the Outcomes Framework enables local partnerships to work together on health and wellbeing priorities, and does not act as a barrier?</p>	
<p>2. Do you feel these are the right criteria to use in determining indicators for public health?</p> <ul style="list-style-type: none"> • Are there evidence-based interventions to support this indicator? • Does this indicator reflect a major cause of premature mortality or avoidable death? • By improving on this indicator, can you help reduce inequalities in health? • Will this indicator be meaningful to the broader public health workforce and wider public? • Is this indicator likely to have a negative/adverse impact on defined groups? • Is it possible to set measures, SMART objectives against the indicator to monitor progress in both the short and medium term? • Are there existing systems to collect the data required to monitor this indicator? 	
<p>3. How can we ensure that the Outcomes Framework and the health premium are designed to ensure they contribute fully to health inequality reduction and advancing equality?</p>	
<p>4. Is this the right approach to alignment across the NHS, Adult Social Care and Public Health frameworks?</p> <ul style="list-style-type: none"> • Diagram on pg 14 showing how 3 frameworks sit together 	
<p>5. Do you agree with the overall framework and domains?</p> <ul style="list-style-type: none"> • <i>Health protection and resilience</i> • <i>Tackling the wider determinants of health</i> • <i>Health improvement</i> • <i>Prevention of ill health</i> 	

<ul style="list-style-type: none"> • <i>Healthy life expectancy and preventable mortality</i> 	
<p>6. Have we missed out any indicators that you think we should include?</p>	
<p>7. We have stated in this document that we need to arrive at a smaller set of indicators than we have had previously. Which would you rank as the most important?</p>	
<p>8. Are there indicators here that you think we should not include?</p>	
<p>9. How can we improve indicators we have proposed here?</p>	
<p>10. Which indicators do you think we should incentivise? (consultation on this will be through the accompanying consultation on public health finance and systems)</p>	
<p>11. What do you think of the proposal to share a specific domain on preventable mortality between the NHS and Public Health Outcomes Frameworks?</p>	
<p>12. How well do the indicators promote a life-course approach to public health?</p>
