The Joint Committee noted the arrangements for the second event for Members scheduled to take place in June in Rotherham Town Hall. The format and content of the second session was to be same as the first session run in Sheffield and, therefore, those Members that attended in February were not expected to attend in June.

At the event in Sheffield on the 14th February, 2012, the new Elected Members Guidance Document was distributed. For those Elected Members who did not attend a letter would be distributed informing them of the June date with the accompanying guidance document.

Resolved:- That the information be noted.

## **27. EMERGENCY OPERATIONS ROOM - RIVERSIDE HOUSE**

The Joint Committee were informed that Rotherham's Borough Emergency Operations Room had formally been relocated into Riverside House from Bailey House. The room was fully equipped and with the use of an adjoining room had the capacity for thirty officers. Neighbourhoods and Adult Services (Rotherham) were identified as one of the primary Directorates to roll this out to..

It was noted that owing to ICT acceptance issues at Sheffield, the pilots planned have been slightly delayed until security clearance had been granted.

The Emergency Planning Shared Service would continue to work with developers to encompass suggestions where practicable into the package to ensure the model delivered to the Councils was fit for purpose.

Resolved:- That the information be noted.

## **29. TRAINING AND EXERCISING**

Ian Smith, Interim Asset Manager, reported that a new training calendar had been put in place with plans for the training and exercising primarily taking place in the new Borough Emergency Operations Room in Riverside House.

#### **31. ONE YEAR ANNIVERSARY**

Claire Hanson, Senior Business Continuity Officer, confirmed that the one year anniversary of the shared service was fast approaching.

It was possible that after the next meeting the arrangements for the Joint Committee could be handed over to Sheffield for Year 2, with Rotherham picking up the administration again in Year 3. Alternatively the administration responsibilities could remain with Rotherham, as the host authority for the shared service.

Discussion ensued on the practicalities of the Committee's administration and whether or not consideration could be given to the administration remaining in Rotherham. It was suggested that this be subject to further discussion.

Resolved:- That the administration arrangements be determined and the Joint Committee be informed accordingly.
