## 5. Summary

The report provides an overview and update on the "Rotherham One Town One Community Small Grants" initiative and seeks approval for awards for the financial year 2012/2013.

## 6. Recommendations

- 6.1 To note the report.
- 6.2 To agree awards for small voluntary and community sector organisations as detailed in the report at paragraph 7.3.

#### 7. Proposals and Details

## 7.1 Rotherham One Town One Community (OTOC) Small Grants Programme

Rotherham's One Town One Community initiative demonstrates that people from diverse backgrounds and of all ages in Rotherham get on well together and share the same values and aspirations.

It promotes and celebrates the values that unite people in Rotherham: the values of fairness, understanding, mutual respect and a desire to achieve the best for Rotherham and the local communities in which we live.

A number of strands and themes were developed to support the OTOC programme including a small grants initiative which was looking to promote local grass roots community activity that would support the Rotherham OTOC principles: cohesion, integration, shared values, challenging discrimination, and bringing people from different backgrounds together.

In the past, initiatives have included: Interfaith activity (bringing people together of different faiths and no faith); intergenerational work (bringing together younger and older people to tackle local issues); and intercultural engagement (bringing young people together from different cultures). It has also been used to support activity and materials that challenge prejudice & discrimination through myth busting & public education.

Under the current programme a maximum grant of £1k was made available.

The small grants programme aims to support small, independent community groups who do not have any major source of income or employ any paid workers. Thus groups managed by statutory bodies or other large organisations were not be funded. Similarly there were a range of exclusions such funding was not made available for: party political purposes; purely religious purposes; individual applicants; a party, equipment or related costs; staffing costs.

Due diligence enquiries were made on applicants and audit trail of spend was a condition of grant.

Under phase one of the programme applications were received in November 2011 and January 2012 and grants awarded by a Panel chaired by the Cabinet for Communities & Cohesion and advised by a representative from the voluntary and community sector and Rotherham Partnership.
