

Rotherham's Joint Health and Wellbeing Strategy

Long Term Conditions Workstream

Dominic Blaydon,
Head of Urgent Care and Long Term Conditions
May 2013

Priority 5 – Long Term Conditions

Rotherham people and families will increasingly identify their own needs and choose solutions which are best suited to their personal circumstances

Six Strategic Outcomes

1.Prevention and early intervention

2.Expectations and aspirations

3.Dependence to independence

4.Healthy lifestyles

5.Long-term conditions

6.Poverty

Overview

- Overseen by Urgent Care Management Committee
- Assuming members have read document
- Highlight key issues
- Next steps
- 3 ways you can support the programme

Long Term Conditions Programme

Programme incorporates 4 key workstreams

- Risk profiling
- Integrated neighbourhood teams
- Self management
- Alternative levels of care

Areas for consideration moving forward

- Does risk management tool identify high intensity social care users
- Explore development of personal health and social care budgets
- Patient and practitioner skills programme for health and social care
- Specialised psychological support services for people with LTCs
- A local network to promote self management
- Integrated person held record, including self management plan
- Effective use of alternative levels of care

4 ways you can support the programme

1. Workforce development programmes on self management
2. Identification of high-intensity health and social care users
3. Development of a person held health and social care record
4. Strong leadership to break down barriers on joint working
