

ROTHERHAM BOROUGH COUNCIL – REPORT TO MEMBERS

1.	Meeting:	Self Regulation Select Commission
2.	Date:	25th July 2013
3.	Title:	Corporate Risk Register
4.	Directorate:	Environment & Development Services

5. Summary

Attached to this report is the current Corporate Risk Register summary. The summary shows the risks associated with the Council's most significant priorities and projects, and actions being taken to mitigate these risks.

The Council's key current risks continue to relate to the financial pressures faced by the Council and the implications of the Welfare Reforms. The report summarises the management actions that are being taken to mitigate these and other risks in the register.

The risk score on the priority relating to achieving economic growth has increased in recognition of the on-going weak economic conditions. The financial risk associated with the administration of Municipal Mutual Insurance has been downgraded following more certainty over the Council's financial liability and the availability of funding to meet the liability.

A new risk relating to Family Poverty (0044) has been added to the register in recognition of it being a key priority for the Health and Wellbeing Board.

6. Recommendations

The Self Regulation Select Commission is asked to:

- **note the Corporate Risk Register summary attached at Appendix A**
- **confirm the current assessment of the Council's top corporate risks**
- **indicate any further risks or opportunities that it feels should be added to the risk register.**

7 Proposals and Details

7.1 Format

This report contains the latest position on the Corporate Risk Register. The Corporate Risk Register summary is attached at **Appendix A**. This reflects the current risk assessments for each corporate priority or project in the Corporate Risk Register.

This covering report highlights the top inherent risks.

There are 3 overall categories of risk (RED, AMBER, GREEN) representing varying degrees of exposure. Each category contains a range of risk scores, so there are varying degrees of risk within each category. Appendix A shows the risk category and score for each priority or project included in the register before and after risk mitigation actions.

7.2 Highest inherent risks

The risk register summary shows risks in descending inherent risk order, to emphasize the most significant risks faced by the Authority. The top risks requiring close monitoring are:

- Managing Government budget reductions - unable to maintain key services due to budgetary limits.

Despite very challenging circumstances, the Council has maintained its successful track record of containing spending within available budget. This performance is to the Council's credit. However, there will be further substantial reductions enforced by the Government, making it even harder to manage within available resources.

SLT and Cabinet have radically refreshed its budget principles which will lead to significant changes in how the Council works with communities and its citizens to meet their needs. This is in response to the significance of the financial challenges facing the Council that lie ahead. SLT and Cabinet will continue to monitor very closely the overall financial performance and position of the Council and put in place a strategy to take proportionate and appropriate actions to ensure the Council budget and financial position is sustainable.

- Welfare Reforms

Government welfare reforms implemented from April 2013 are beginning to have substantial implications for residents affected by benefits reductions and there is a knock-on impact on Council services.

Services are tracking implications and informing Members as appropriate, so that appropriate decisions can be made where necessary.

- Delivering effective Children's Services within budget

On-going action is being taken by management to provide services within the budget available. Cabinet is being kept informed of the relevant financial challenges as part of the budget monitoring and budget setting processes and is making decisions accordingly.

- Digital Region

The position on the Digital Region project remains at a crucial point, with the re-procurement for a new operator to manage the future operation of the network nearing a conclusion. The Council is working closely with Central Government (BIS), as the majority shareholder, to determine the most cost effective outcome.

- Economic Growth

The risk associated with achieving Economic Growth has been increased from Amber to Red in recognition of the on-going weak economic conditions.

7.3 Other key developments / changes during the period

An initial assessment of councils' liabilities relating to aged insurance claims has now been made by the Municipal Mutual Insurance Company administrators. This indicates a potential liability for the Council of up to £1.32m and provision has been made to cover this liability in the 2012/13 accounts.

A risk relating to Family Poverty has been added to the register in recognition of it being a key priority for the Health and Wellbeing Board and the 11 most deprived neighbourhoods agenda. A range of support programmes has been established to target areas of need whilst raising awareness of assistance available.

8. Finance

The risks contained in the register require ongoing management action. In some cases additional resources may be necessary to implement the relevant actions or mitigate risks. Any additional costs associated with the risks should be reported to the SLT and Members for consideration on a case by case basis.

9. Risks and Uncertainties

It is important to review corporate risks on an ongoing basis, to ensure risks relating to the Council's key projects and priorities are effectively monitored and managed by the Strategic Leadership Team and Members.

10. Policy and Performance Agenda Implications

Risk Management is part of good corporate governance and is wholly related to the achievement of the objectives in the Council's Corporate Plan.

11. Background Papers and Consultation

This report reflects the latest updates provided by the respective 'lead officers'.
