Housing & Neighbourhood Services First Contact Team Riverside House Main Street ROTHERHAM S60 1AE

Dear Sir / Madam

RE: SHAFTESBURY HOUSE - CHANGE TO WASTE COLLECTION

I am writing to express my dismay at learning of the new RMBC policy regarding internal waste disposal collection.

It is unbelievable that the collection service is being withdrawn because of 'health & safety' issues. In my opinion 'health & safety' problems are more likely to occur because of this policy. Has no-one considered the disabilities which are unfortunately suffered by many of the tenants?

As you will be aware, most tenants of Shaftesbury House are elderly and we are doing our best to live our lives independently with little help from the Council.

If any of us experience an accident whilst carrying out our own waste disposal in the manner outlined by your letter then will we be able to claim from the Council's insurance? It is surely only a matter of time before an accident does happen.

In light of my comments above then I do hope RMBC will reconsider their decision.

I look forward to receiving your reply.

Yours faithfully,

m. gott

To whom it may concern

Regarding the waste collection service.

We in Shaftesbury House do not think it fair to take the service away from us, it has not been taken into consideration the elderly who are disabled and are unable to carry rubbish down from upstairs, and how they are going to get in and out of the bin room. The lids have also been removed from the bins and that can cause a health hazard, as you have also said the bin room will not be cleaned, which will cause a smell.

To solve this problem there are places on each corridor were we could leave our rubbish where it can be collected, and will be out of people way.
