Dear Sir/Madam,

Re: Cook Avenue, Maltby, Rotherham, S66 8QZ

Despite several calls to your office to notify you of the condition of our road, visits by your staff to review the work to be done, the road remains in an extremely poor condition.

Over the last 6 months the condition has worsened and in my opinion the road is now dangerous. There are small children that live on the cul-de-sac, including my own, and it is now unsafe for them to play out on.

My neighbour has had 2 punctures, which she believes was caused by the state of the road, and muck is being trailed in our houses as the road is crumbling away.

I have enclosed a petition signed by all the residents of Cook Avenue who all feel that this has gone on for far too long, along with photo's to show the state of the road.

We are all asking that this be sorted as a matter of urgency before damage is caused to our vehicles or someone ends up falling and injuring themselves.

Yours faithfully

Clare Wake
